Mr. John A. Spoor. President International Live Stock Exposition, Chicago.

We all recognize and appreciate the work done by our agricultural colleges in advancing the cause of agricultural education in this country through the character and extent of their exhibits of live stock and field products at the International Show

With a view of stimulating their efforts to give an increased evidence to our farmers of the great value of their work, I hereby offer to you the sum of five thousand dollars to be distributed annually at the International Exposition in twenty agricultural scholarships to be competed for by the State Agricultural Colleges at your exposition.

The competition for the scholarships to be based upon animal and grain exhibits from the several colleges and such other forms of agricultural student competition as may be recognized or established by the International Live Stock Exposition. The details governing the competition to be determined by the management of the said exposition and to be known as the "J. Ogden" Armour Scholarships.

It is my desire that the recipients of the scholarships should be limited to boys whose parents are unable to give them the advantage of an agricultural Yours truly, education. J. OGDEN ARMOUR."

DAIRY BLOOD NOT IN FAVOR IN STOCKER CIRCLES.

"There is what we are up against." remarked a feeder buyer, displaying an order to get a few loads of well-bred stock cattle at $2\frac{1}{2}$ @ 3 cents. "Of ourse they must have them well-bred," he said. "Where do they suppose the breeder is to get off at? Such cattle would cost around \$3.75 right now. If I loaded out a drove of these duncolored Wisconsin stuff, the only kind that can be bought cheap, I would hear a long-drawn-out roar from my customer when he saw the stuff. Every-body wants well-bred stockers, but few
