**Navigation
About Over**

The extended period of navigation is almost at an end. Some thirty boats will load for winter storage in the next thirty-five to forty days. That means there will be a fairly good demand for spot grain. Especially since it is now announced that the C.P.R. will endeavour to move 20,000,000 bushels east, all rail, as they did last year. Prices are low, we know too well, and every farmer should do his best to put his grain ahead to terminals where it can be sold under competition.

We have recently sold much spot grain, catching these good premiums before the close of navigation. Till then farmers who wish to hold their grain at terminals until Spring can save two to three cents per bushel by selling out their grain which is actually unloaded and buying same grain at a lower price which is just inspected. We have saved several farmers recently $2\frac{1}{2}$ to $3\frac{1}{2}$ cents per bushel by this means.

We aim to make you the most possible money for your grain. Let us have a trial shipment from you and you will see the service we can give you. On barley especially get in touch with us before loading, as for special shipments we can get you considerable premium. Highest bids wired on request.

IF you would buy a watch to be proud of, remember, it is the name on the movement—not the gold in the case, that should have first consideration. First of all, a watch should be reliable and reliability depends on the movement.

SHIP YOUR GRAIN TO US!

We never sacrifice grain that farmers ship to us. Our twenty-eight years' experience in handling Western Canada grain is at the farmers' disposal at all times. Our motto is: "Good Returns to Farmers."

The different Canadian Railroads are now taking grain for storing in Duluth and Superior in bond, and our facilities for handling grain on commission shipped to these points are equally as good as if shipped to Port William or Port Arthur.

If your railroad will not take grain for either Port William or Port Arthur, then bill it to Duluth or Superior in bond, send the shipping bill to us with selling or holding instructions, and we will attend to the balance of the business for you.
