Farm Buildings Book Appreciated

Over 1500 copies of The Guide's Farm Buildings book have been mailed free to those of our readers who have requested it and forwarded us a coupon similar to the one which is given below. The reception of the book in the farm homes of Western Canada has been very gratifying to the publishers; it appears to fill a distinct need. The following is a sample of the many letters of appreciation we have received:

Vancouver, May 25, 1916
The Grain Growers' Guide

Dear Sirs—I think this book will be a great benefit to me, and for that matter, to most Western farmers, as all have got to build in the near future to a great extent.

E. B. WALKER.

A limited number of the books remain. If you have not received your copy sign out the coupon printed below and mail to The Grain Growers' Guide, Winnipeg, when you will receive the book postpaid by return mail. It is possible that a few books have gone astray in the mails. If you have sent in a coupon and have not received the book, send another one. The book is designed to give definite, practical and clear information on such building problems as the Western Canadian farmer is up against. In this it differs from most works on building construction which are either too indefinite or so technical that the average man cannot follow them.

The house plan section of the book shows complete floor plans for each house drawn to scale and with measurements shown. Accompanying each plan is a full architect's description giving dimensions, general utility of layout, descriptions of materials to be used and cost estimates. The barn plan follows along the same lines.

YOU can save real dollars every day you use the tractor, by burning kerosene as a fuel in the place of gasoline.

If kerosene has not given you perfect success in the past, write to your tractor manufacturer for suggestions—and be sure you get the clean-burning, powerful, uniform SILVER STAR KEROSENE or ROYALITE GOAL OIL, the standard tractor fuels of many years.
