## Philadelphia Won

### From Pittsburg

Pittsburg, Sept. 15.—The Pittsburgs were again beaten by Philadelphia yesterday by four to three. Adams was hit hard and Cravath had sent one of his offerings over the left field fence he gave way to Hill in the third, who stopped the scoring. Chalmers was effective after the first inning. Score: R. H. E. Philadelphia . . . 4 11 0 Pittsburg . . . 3 8 0 Batteries: Chalmers and Burns; Adams, Hill and Gibson.

At St. Louis—Eight hits, including a double and triple, drove Marquard from the box in the sixth inning, and St. Louis took the last game of the series from Brooklyn yesterday by 6 to 2. Pitcher Cheney retired in the sixth with a split finger which he re-stitched while holding a drive from Rescher's bat. Score: R. H. E. Brooklyn . . . 2 5 1 St. Louis . . . 6 11 0 Batteries: Marquard, Cheney, Bell and McCarty; Boardman and Snyder.

At Chicago—Boston defeated Chicago yesterday by 7 to 1. Dick Rudolph pitched in fine form, and held the runs which won the game in the fourth inning with a home run. Two men were out and Connolly tripled. Egan singled and Connolly scored. Gowdy singled and followed with a homer to left which cleared the bases. Score: R. H. E. Boston . . . 7 11 2 Chicago . . . 1 8 0 Batteries: Rudolph and Gowdy; Lavender, Standridge and Bresnahan. At Cincinnati—By winning yesterday by 9 to 2, Cincinnati took four games out of five of the present series with New York. The visitors took the lead, scoring two runs in the first inning, but after that Lear held them safe, allowing only a few scattered hits. Score: R. H. E. New York . . . 2 8 3 Cincinnati . . . 9 11 1 Batteries: Schauer, Mathewson, Ritter and Doin; Wendell; Lear and Wingo.

## Collins' Errors

### Lost the Game

Boston, Sept. 15.—The Red Sox again yesterday defeated their white-hot opponent, winning the fourth straight game of the series with Chicago, two runs to one. It was John Collins' error that won for Boston. With two men out in the 7th he allowed Blackburn's throw to pass him, Wagner going to second base on what should have been a easy out. On another toss from Pitcher Banz to retire Henriksen, a pinch hitter, Collins again fumbled, Janvrin, who was running for Wagner, racing home with the ticking run. Ruth then doubled to left, sending Wood another substitute runner in, with what proved to be the winning run. Score: R. H. E. Boston . . . 2 3 2 Chicago . . . 1 2 2 Batteries: Banz, Russell and Schzik; Ruth, Thomas and Carrigan. At New York—New York lost its seventh straight game yesterday, Detroit winning by 3 to 2. Fumby and Bush let in both of New York's runs, and kept New York in front until the

Providence . . . 00001040—5 13 1  
Buffalo . . . 00000001—1 7 2  
**Two Games for Rochester.**

Rochester, Sept. 15.—Rochester defeated Jersey City yesterday in two loosely played games, six to four and seven to six. Errors were mainly responsible for both the Jersey City's defeats, although hard hitting tended to run the score up in both games. Scores: First game: R.H.E. Jersey City . . . 01002100—4 11 4 Rochester . . . 00000105—6 10 2 Second game: R.H.E. Jersey City . . . 10302000—6 9 2 Rochester . . . 02002031—7 14 2

### Divided Double-Header.

Montreal, Sept. 15.—Harrisburg and Montreal broke even in yesterday's double header, the Royals taking the first game five to three, and the visitors the second 13 to 6. Montreal won the first game by hard hitting in the third and sixth innings. Harrisburg fell on Dowd hard in the second game, batting in twelve runs in the first three innings. The game was called in the seventh by agreement. Scores: First game: R.H.E. Harrisburg . . . 01000001—3 10 2 Montreal . . . 00302000—5 11 1 Second game: R.H.E. Harrisburg . . . 4710010—13 17 0 Montreal . . . 1020211—6 7 2

### Baseball Flies.

If the International League season were two weeks longer the Toronto Leafs would about win the pennant. It was fifty-fifty between the Grays and Leafs at Buffalo yesterday. That three out of four that the Leafs took from Buffalo in Toronto still has a sour taste over in Buffalo. Williams, when he hit the second ball pitched in the first game at Toronto yesterday, rapped out the longest and hardest home run of the season.

Trainer Tullith of the Detroit club, says that in his long connection with athletes, in boxing, rugby and baseball, Sam Crawford, of the Tigers, requires the least attention of any athlete he has had anything to do with.

The drafting season opens to-day in Cincinnati. It is likely that the drafts will this year, like last, be kept secret until the players are signed up. Connie Mack has signed another ball player. This time it is shortstop "Buck" Danner of the Runford Falls (Maine) team. He reports immediately.

Pitcher Smallwood, of Harrisburg, had two home runs at Montreal yesterday. Outfielder Almeida of the Royals, replaced Dowd in the second game, and allowed two runs and four hits. President McCaffery and Manager Clymer will represent the Toronto Club at the International League meeting to-morrow in Buffalo.

## BASEBALL RECORD

### INTERNATIONAL LEAGUE.

### RANELAGH

[From Our Own Correspondent]

Next Sunday is harvest home services at Little Lake, Rev. Mr. Davidson of Burgessville will preach morning and evening. All are invited.

Mr. and Mrs. Zimmerman of Kelvin, were calling on some of the members of Little Lake on Thursday.

Mr. and Mrs. Thomas Wood took a day's outing with Mr. Mrs. James E. Hoggard on Sunday.

Mr. and Mrs. Fred Penny of the Gore, were the guests of Mr. and Mrs. S. Cooper on Sunday.

Mr. and Mrs. Walker and Mr. and Mrs. Thomas Wood called on Sunday afternoon to see Mrs. James Hoggard and found her very poorly.

### NEWPORT

Rev. A. Pyley took charge of the Sunday evening service and delivered a fine sermon, taking his text from Luke 14 chap. 26 verse.

Miss Hislop spent over the weekend in the city.

The Misses Carrie and Edna Emmett spent a few days at the Toronto fair, and were the guests of Miss E. Hamilton.

Miss M. Howard, Toronto, spent over the week-end with Mr. and Mrs. M. W. Smith.

The young people are very busy getting ready for their rally day service on next Sabbath.

Mr. and Mrs. The Misses Wheeler of the River Road spent Labor Day at the Toronto Exhibition.

Mrs. M. W. Smith spent Tuesday at Galt.

Mr. and Mrs. Leo Klinkhammer had little son, Paul, spent over Sunday with Mr. and Mrs. P. Mellican.

Charles Tomlinson, Ellis Smith and Lloyd Phillippe are attending the Collegiate.

In the borough of Mont Alto, Pa., there were no deaths between February and August.

### COOK'S Cotton Root Compound

A safe, reliable, regulating medicine. Sold in three sizes. Size of strength—No. 1, \$1.00; No. 2, \$0.50; No. 3, \$0.25. Sold by all druggists. No need of a prescription. Address: THE COOK MEDICINE CO. 1286-175 GALT.—Toronto, Ontario.

## PALESTINE, ONE VAST MILITARY TRAINING CAMP

### Soldiers Manoeuvring on the Mount of Olives—Airs-hips Over Bethlehem.

London, Sept. 15.—A despatch from Jerusalem says: Armed airships and aeroplanes are continually flying over the birthplace of the Prince of Peace, at Bethlehem, according to the Bote aus Zion (The Messenger from Zion) a newspaper published in Palestine by a Swiss missionary. Nearly the entire Holy Land has been transformed into a military camp. Soldiers are manoeuvring every day on the Mount of Olives, at Gethsemane and Jerusalem. The English, French and Russian consents have been turned into barracks and between Judea and Jericho where transportation was made by mule pack in the days when Christ came to bring "peace on earth," a road is being made for armored motor cars. Long columns of buffaloes driven by Arab peasants, are hauling carts loaded with powder, projectiles and other supplies for the Turkish army along the favorite routes of pilgrims in Palestine. Past dromedaries of the Camel Corps maintain communication between the camps in Palestine and the Turkish headquarters. It is supposed that the concentration of the young recruits in the Holy Land is with a view to another attack upon Egypt.

### BELL TELEPHONE MUST GIVE IN TO LOCAL SYSTEMS

#### Railway Commission Judgment Grants Pleas for Long Distance.

Ottawa, Sept. 15.—In an important judgment just rendered by the railway commission, the point dealt with is the form of a draft order granting compulsory connection between independent companies' lines with the Bell Telephone Company's lines for long distance messages.

Assistant Chief Commissioner Scott and Commissioners McLean, Goodwin and Hantel find one way, while Sir Henry Drayton dissents. The majority judgment sets forth that the question of compulsory connection between the Bell and independent companies is not one of concern to the board. If the companies are unable to agree, now threaten no large encircling movement, but only a series of small movements.

The experts are of the opinion that the enemy is giving up hope of surrounding or destroying the Russian armies, and now is merely seeking positions which will allow him to dig in and turn his attention to the western front. The Russians cannot stop exactly where they are and send forces westward without exposing the armies that remain to extreme danger. They must either retire a considerable distance, an operation so hazardous that it is very unlikely, or obtain a firm hold on the Dvinsk-Vilna-Lida-Rovno railway. They also must secure this line from being outflanked in the south, and must seize and hold the River Dvina and the railway on the eastern side of it running from Dvinsk to Riga.

### MIDDLEPORT

Harvest Home services will be held in St. Paul's church Middleport on Sunday, Sept. 27th. There will be service at 3 o'clock in the afternoon and at 7:30 in the evening, the Rev. Mr. Mills taking charge of both services. All are welcome. The Middleport Women's Institute held their September meeting on Wednesday last at the home of Mrs. Robert Book. A good programme was given and a social hour spent. A subscription is being taken up among the members of the Institute and any one wishing to assist in the work will be thankfully received. The funds are to be spent in purchasing goods for sheets, pillow cases and shirts for the soldiers in the hospitals and at the front. A canvas has been made for jans and jellies furnished for the same cause. Anyone wishing to help with this work will be furnished with jars by Miss Fearman or Mrs. John Douglas.

Mrs. Hancock and Evelyn are visiting at Mrs. Frank Morrell's. Miss Edna Watson of Alfio Junction, is visiting Mrs. Graham Vanderlip.

Quite a number of people from this district attended Toronto Exhibition last week.

Quite a number of farmers are busy sewing their fall wheat. Mrs. Bell Axon is visiting at the home of Mr. Preiss.

Mrs. James Clark visited Mrs. W. A. Douglas on Monday.

### CHILDREN Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Wright and has been made under his personal supervision since his infancy. Allowed one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its base is guaranteed. It destroys Worms and allays Febriculis. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

In Use For Over 30 Years  
The Kind You Have Always Bought  
THE CENTAUR COMPANY, NEW YORK CITY.

Italy, Sept. 15.—An Italian engineer, Louis Rota, has solved the problem of holding a body motionless in space, according to the Paris-elles' correspondent of The Petit Parisien. Rota is credited with having constructed an apparatus which, by the action of electric currents can be elevated to a height of from 200 to 300 feet and kept motionless or propelled in any direction at a speed of more than 100 miles an hour. Rota's apparatus is spindle-shaped, 12 feet long and two feet in diameter, and can carry a weight of 90 pounds. It is said to remain motionless in a wind of considerable velocity, but if the wind becomes very strong it rises automatically until it reaches a calmer region of the air. The invention is based upon reactions obtained from the electro-magnet forces of the atmosphere.

### GERMAN AIRSHIP HAD TO DESCEND

Damaged by Russian Gun-fire at Koenigsberg.

A German official statement issued September 10, stated that a naval airship dropped several bombs on a Russian naval base at a Baltic port and returned undamaged, although it was fired upon.

### CHILDREN Cry for Fletcher's CASTORIA

## FOOTBALL OUTLOOK AT COLLEGIATE IS BRIGHT THIS SEASON

The prospects for a good football season at the Collegiate never looked brighter than they do this year. Never in the three preceding years it was possible to get out enough players for a second team. This year, however, there will be two good teams at least. They will practice together, and the first team may be strengthened, if necessary, by playing on the second team. Every Friday night, until the league schedule opens, these two squads will play a regular game. The advantage of this may very easily be seen, every one will be taught to play his position in the first three games. If he is in the line he will learn how to hold back his opponents, stop bucks, how to tackle, and how to plunge through the opponent's line. It will be realistic and everyone will have to play as hard as if fighting against Galt, Guelph or any other opponent.

In former years the first team had no second team to practice with. The players, after the first three games, or imagine they were bucking up against real players.

Besides this second team, the B. C. I. team will play against a squad of "old boys," gathered together by Art Livingston, former captain of the regulars. Although these ex-school players will be somewhat out of condition, they will have the advantage in the possession of superior skill, and the school crew will have to work hard to come off victorious. The game will be played a week from the coming Saturday.

Then, too, in yesterday's Athletic committee meeting, the secretary was instructed to challenge the Paris team to play in a week or two. This is only the second year the Paris team has been in existence, and the locals ought to have no difficulty in playing with the Paris team.

Connie Mack has signed another ball player. This time it is shortstop "Buck" Danner of the Runford Falls (Maine) team. He reports immediately.

Pitcher Smallwood, of Harrisburg, had two home runs at Montreal yesterday. Outfielder Almeida of the Royals, replaced Dowd in the second game, and allowed two runs and four hits. President McCaffery and Manager Clymer will represent the Toronto Club at the International League meeting to-morrow in Buffalo.

### ITALIAN INVENTOR MAKES DISCOVERY

Apparatus to Control Bodies in the Air is Perfected.

By Special Wire to the Courier.

Paris, Sept. 15.—An Italian engineer, Louis Rota, has solved the problem of holding a body motionless in space, according to the Paris-elles' correspondent of The Petit Parisien. Rota is credited with having constructed an apparatus which, by the action of electric currents can be elevated to a height of from 200 to 300 feet and kept motionless or propelled in any direction at a speed of more than 100 miles an hour. Rota's apparatus is spindle-shaped, 12 feet long and two feet in diameter, and can carry a weight of 90 pounds. It is said to remain motionless in a wind of considerable velocity, but if the wind becomes very strong it rises automatically until it reaches a calmer region of the air. The invention is based upon reactions obtained from the electro-magnet forces of the atmosphere.

### TEUTONS Have Now Commenced to Dig Themselves In.

By Frederick Renner.

Petrograd, Sept. 15.—Hitherto the German advance has been made by a monotonous employment of a single method, the continued and repeated threat of one gigantic encircling movement after another, compelling the retirement of the Russian centre. The belief that the Germans are near an immediate objective is strengthened by the fact that they now threaten no large encircling movements, but only a series of small movements.

### BANS EXTRA TOLLS

On the request of the applicants, the Bell Company agreeing thereto, it is agreed that no surcharge or other charge, save the ordinary long distance toll shall be made by the Bell Company to a municipality, corporation, independent company or system which is non-competing.

Each of the applicants so concerned shall pay the Bell Company the following annual charges, payable half yearly in advance, from the date of the connection hereunder, namely:—

(a)—The sum of \$100 so long as such company has not more than 250 subscribers.

(b)—The sum of \$200 so long as such company has over 250, but not more than 600 subscribers.

(c)—The sum of \$300 so long as such company has more than 600 subscribers.

### MEANS BUSINESS LOSS

The best evidence of that fact he says, is that the independents ardently desire it and urgently press their claims. The compensation which the board deems just and expedient is not for actual connection or communication for actual facility supplied and its subsequent use, and cannot be constructed as to include compensation for loss in business, which the Bell Telephone may experience as a result of independent companies having the long distance connection. The losses to the Bell Company, Sir Henry says, are not in connection with the long distance business, but resulting from loss of local subscribers and their annual rentals. Telephone duplication makes for public inconvenience, and experience has shown that in one Ontario municipality at least as well as the Bell Company, has left the field as the result of popular sympathy for a local institution, the rates were immediately put up by the local concern.

### SWISS TREAT Spies Hard.

By Special Wire to the Courier.

Geneva, via Paris, Sept. 15.—Since the beginning of the war 84 persons have been arrested by the Swiss authorities on the charge of being spies. The arrests have in various towns, were mostly of Austrians and Germans. At Lausanne yesterday, three spies, their leader a German, were sentenced to a year's imprisonment and to pay heavy fines.

Film men of the United States have formed a board of trade to fight hostile censorship.

## RUSSIAN REAR GUARD ACTIONS SHAKING ENEMY

The Germans at Orany, on the line from Bielystok to Vilna, are slowly approaching Mosty, the junction of the lines to Grodno, Wolkowysk and Lida, southwest of Mosty. They are gradually forcing their way to Slonim-Baronowitchy, the junction of the lines from Vilna to Avonno, and from Brest to Foscow. The attempt on Dvinsk will be even more expensive.

North and south the Germans command the railway, but not near the Russian communications. To the east the Russians at points southwest and west of Dvinsk have fortified themselves between and behind the lakes which makes outflanking impossible across the ground swept by the Russian guns. Nowhere else the whole front are the Germans making a step unpaid for.

In a single day an altogether insignificant rear-guard action at Skidel cost the Russians several thousands, from which fact the gigantic daily cost of the increasingly slow advance may be judged.

### Intervenes for Armenians.

By Special Wire to the Courier.

Rome, via Paris, Sept. 15.—When Pope Benedict received reports that there had been a massacre of Armenians by the Turks, says The Idea Nazionale, he instructed Monsignor Dolai, the apostolic delegate to Constantinople, to intervene with the Porte to put a stop to the ill-treatment of Armenians.

George Jones, murderer, freed after being educated in jail, will enter the ministry in Kentucky.
