THE "TIMES" Colchester Advertiser.

NOVA SCOTIA FARMER. TRURO, JAN. 17, 1879.

THE DIGNITY OF A FARMER'S LIFE.

There is a higher dignity than that of poetry or painting that attaches to the farmer's profession...

Dear Stanley's References to the Princess Alice.

Dear Stanley, - I am writing to you, because I have seen in the American press, that alluded to the death of Princess Alice...

And now they say there is no money in the Local Treasury.

INTOLERANCE.

The world of politics, science, religion and letters, is filled with intolerance. The progress of nations towards power, influence, happiness and prosperity is hindered by the bigotry that grows hand in hand with the progress of civilization.

It is interesting to note that the Dominion Government will reduce the duty on salt.

PORT WILLIAM, Kings Co., on one boat of a grange of the Patrons of Husbandry.

WORK on the N. S. Niagara and Atlantic railway recommenced on Wednesday last.

YESTERDAY was the 70th anniversary of the battle of Coronado, and the 4th of Sir John Moore.

We call the attention of our readers to the sale of stock, etc., by Mr. George Heather, near the Salmon River Bridge, on the 7th inst.

It is understood the office of General Superintendent of Railways will be abolished during the session, and a Department of Railways, of which Mr. Tupper will be Minister, created.

HENRY MORREY formerly a grain merchant in Halifax, died on Monday last, aged 94. He was on board the Victoria at the battle of Trafalgar, saw Nelson fall, and had his leg broken in an engagement.

SEVERAL very ancient sepulchral mounds containing human skulls and other relics have been discovered in Manitoba by Dr. Schultz, M. P.

WE are informed by our friend James, the indubitable Secretary of the claimants of the Hyde estate, that matters are progressing satisfactorily.

A GENTLEMAN from Sweden left Halifax for Ottawa Tuesday last, to negotiate with the Government for and. If the negotiations are successful he will return home and bring out 10,000 Swedish emigrants to this country.

CONTENTS OF OUTSIDE SHEET. Special to Agriculturists. It is to be done a good Farmer's sheet, under the name of "The Word to Win."

ANTICIPATED a few years of prosperity, we have endeavored to give the working man a change by offering the large assortment of Goods held in store at our prices.

PERSONAL. - To the editor of the "Times" - I have the honor to acknowledge the very kind reception we received from you, as well as from several of the leading citizens of your beautiful town.

Local Matters, &c.

Subscribers pay up. It is expected that the Dominion Government will reduce the duty on salt.

At a recent meeting of the Ontario Land and Agricultural Association, an animated discussion took place as to the desirability or non-desirability of increasing the present duty on hops and produce.

MISS MARGARET JOHNSON, of Truro, is sole agent for the County of Colchester and Matilda, for the following books and periodicals: One Thousand Facts for the People.

THE NEW TARIFF. - The time has probably come when all sorts of rumors about the new tariff will be in order. Nothing can possibly be known about the ultimate intentions of the Government, as the various delegations hold, towards the Government, merely a consultative position.

THE many friends of Captain John Alexander, a noble and brave man, will learn with pleasure that he is now on a visit to Truro for the purpose of giving information to the various officers of the Longueville post in Montreal.

NEWSPAPER DECISIONS. 1. If a person who takes a paper regularly from his neighbor, or who has subscribed or not, is responsible for payment.

Local Matters etc.

Owing to the sudden and severe illness of our friend, the publication of the Times was considerably delayed.

MAJ. J. C. MORRIS of the town in a fair way of recovery.

THE REV. W. F. CHEELEY did not die of starvation as reported.

A REPORT of the adjourned agricultural meeting last evening, as given by the Manufacturers' and Merchants' Association in our last issue.

CAPTAIN GRANT telegraphed from Bordeaux France, to the owners of the barque Guibilla, that the Nova Scotians on board the wrecked vessel were saved.

THE PENINSULAR RAILROAD is the great through mail route of the United States from the Atlantic States to all the Western States.

IN spite of the very exacting requirements of our officers in the street, only two levels of work, nevertheless, they turned to dispatch.

THEOBALD. - Your communication received. You have written under great excitement. We consider your attack on the Post-Office, as well as the Post-Office, as a very serious one.

THE OBOLGONES. - The Circuit Court opened at Red Bank on Tuesday afternoon, Judge Duff presiding.

THE COURT OF COUNTY Sessions for Colchester met on Tuesday last at the Court House, Truro.

WE regret to say that two or three of our friends, who were present at the Irrepressible Government, their indignations must have been very keen.

THE inquest on the body of Wm. Ross, the unfortunate man who was killed on Wednesday last on Prince Street, was held on Thursday.

Correspondence

[We are not responsible for the opinions of correspondents.] The Normal School.

To the Editor of the Times: Sir, - I need not inform you that very important discussion has been going on for some months in the Provincial press respecting the Normal School.

A striking peculiarity of the discussion is that all the writers, with one or two exceptions, have held the same views, and maintained the same ground on the principal points.

The Nourishing Phosphate which enters into the composition of Phillips' Phospho Nutrine are the most efficient agents employed by medical men to impart vigor to the system.

An extraordinary explosive called tonite or cotton-powder, the product of gun-cotton and nitric acid, was recently used in the province.

The Department of State is in receipt of a dispatch from our consular agent at St. Louis, in the number of emigrants seeking homes in the United States, through that port.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and a host of means for enjoyment.

DEAR EDITOR, - Perhaps some of your readers would like to hear something about "Sunny Kansas."

THE Indians passed over the North West corner of Kansas a few months ago and destroyed everything before them - both man and beast; but it is very seldom they make an outbreak.

THE emigration has been great this last six months, and we expect still greater in the future.

THE Texas "Cow Boys" come occasionally, and give us a little excitement, but sometimes they work us up in the morning and find the way to be the "Cow Boys."

General News.

President MacMahon has pardoned 1,800 Communists. The definitive Russo-Turkish treaty was signed a day or two ago.

A case is reported of death from inhalation of sulphur as a remedy for diphtheria. Arbitration in the north of England under trade judges chosen to accept 5 per cent reduction.

A Russian General and several Russian officers and 200 men were drawn out last week by a train falling through a bridge over the river Arda.

The Left demand that the Defiance Cabinet publish a list of intended members of Government functionaries, under pain of being deemed unworthy of the confidence of the country.
