The entrance examiners are busily engaged in completing their work upon the county papers and the reports from the various centres in the county will be published in The Planet within a few days. John Doyle, of Mitchell's Bay, brother of M. J. Doyle, of this city, made a remarkable record in wheeling yesterday, covering the whole of the distance from Mitchell's Bay to Chatham in about 40 minutes. The band concert excursion via L. E. & D. R. R., to Rondeau last evening was largely patronized and a delightful evening's enjoyment provided. The City Band, under the direction of Conductor H. C. Philp, furnished excellent music during the evening. Foreman LeBar has a force of corporation laborers loosening the cobble stones on King street. They began work this morning. The stones will be purchased and used by Fielder & Bright on the Colborne St. tar macadam. Bishop McEvoy, of London, who is attending the retreat of the priests of the Windsor diocese at L'Assumption College, Sandwich, said yesterday that he had not changed his mind in regard to establishing separate schools in Windsor. He says that when the time comes there will be no disputes or trouble of any kind. The Sunday school of the U. A. M. E. church, gave a concert and social last evening, which was largely attended. Bishop Wilmore was assisted by Master of Ceremonies John Payne, superintendent of the Sunday school. A most enjoyable time was spent and quite a nice sum realized. That drawn, squinting expression, seen on the faces of many older people, is often erroneously attributed to age, or "a life of care" or "missing a large family." Such alleged reasons may occasionally be valid ones, but the fact still remains that these unnatural facial conditions are often due to defective eyes and the need of right glasses to remove muscular and nervous strain. Save your nervous energy. Let good glasses do the work now imposed on over-taxed muscular and nerve force. Glasses to fit any eye. E. J. MacIntyre, leading optician, opposite Grand Opera House. MAY NOT CELEBRATE. The Sons of Scotland, at their meeting last evening, decided to give up holding their games here this year owing to the council fixing the civic holiday four days before the date they had decided on. They were given to understand when they began their work that the civic holiday would be fixed about the 20th. The holiday has now been appointed for the 25th. The Scotchmen, think, too close to their date.

The funeral of the young lad, Mervin Erly, who was killed by lightning, took place yesterday and was largely attended. Rev. Dr. McLaren was in Chatham yesterday attending a business meeting of the Presbytery. The Sunday schools of the English and Methodist churches held their excursions yesterday, the former to the Eau and the latter to the Eau Point. Both were largely attended. A most enjoyable ice cream social was held last evening at the residence of Dr. C. B. Langford, under the auspices of the Ladies Aid Society of the Presbyterian Church. The Citizens' Band was in attendance and a most pleasant time was spent. Wm. McGuigan, the successful horseman, with his wife and daughter, are home from Arkansas on route to the Paris Exposition. Mr. McGuigan is settling upon his portion of the McGuigan estate, which it is understood he generously turned over to his sister in Michigan.
