ACCIDENTS.

Albert Pearson Rather Severoly Injured While at Work.

Albert Pearson, an employee of the International Harvester Company, met with a painful accident while at work yesterday. A fly wheel broke, and a piece of it, striking Pearson on the head, rendered him unconscious. He was taken to the City Hospital, and the authorities report that he is doing very nicely this mornine.

James Crawford, 69 Wellington street north, had his finger crushed yesterday afternoon by getting it caught under a press at the Ontario Lantern Company's factory. The mutilated member had to be amputated. He was resting easily at the City Hospital this morning.

The large copper cornice is to be raised up ten feet and a handsome frieze of brown stone inserted, filed with win-dows, on the James and King street wides of the large building, and rooms divided off on the ninth floor. The plans show a very pleasing result in the alteration scheme, and will greatly im-prove Hamilton's finest office building and will be right in keeping with a greater Hamilton. The work is to proceed at once, as soon as tenders are received. The funeral of David Earl, infant son of Mr. and Mrs. D. S. Atkins, took place yosterday attornoon from the parents' residence, 370 Mary street. A service was conducted at St. Luke's Church by Rev. E. N. Burns, who also officiated at the grave. The pall-bearers were Gordon Worral, Walter Worral, E. Tre-bilcock and J. Munn. A number of floral tributes were received from sympathiz-ing friends, consisting of Anchor, par-ents; sprays, uncles Gordon, Walter and Willie Worral, Grandma Frid and Aunt-ies, Grandma Corser, Mr. and Mrs. Doug-las, Mr. and Mrs. Ed Trebilcock, Bertha and Mrs. Doran, Mr. and Mrs. B. A strong point made by the Mayor in his statement to the public is that although a majority of the aldermen were favorable to Niagara power and opposed to the Cataract contract last year, when the new contract came before the council, there was absolutely no criticism, although it was invited, and no suggestion of an amendment. The aldermen are practically a unit in the opinion that under the Cataract contract the city can forge ahead industrially, outstripping any boom experienced in the city's history. "I think it has never been disputed that the Cataract Power Company pro-duces power at very much lower cost than it is possible for any Niagara Falls company to do, on account of the na-ture of its development, besides being 12 miles nearer Hamilton. This argument was perhaps the strongest used by the company. My answer and the answer of those who were working with me was: We admit it; then why not give us the benefit of it? The fact that it was pro-duced cheaper was of nof/value to us unless we had the benefit of that cheap-er production. "It is not necessary to go into all the details. Many of us believed we would not get those benefits without competi-tion, knowing at the same time that one plant can be operated more economically than two, but we were bound to get the advantages due to our ideal location, as every important line must pass through or mar Hamilton.
