Running Seven Furlongs in 1.26 4-5, Winning the All-Aged Event From Simcoe.

BLUE BONNETS, Montreal, Sept. 11.—Disagreeable weather... running at Blue Bonnets. Prior to race time a light drizzle began, which culminated in a heavy downpour after the second race and continued for the remainder of the afternoon.

The selling race was inaugurated by H. G. Bedwell, when he bid up Martin Doyle on Tuesday last, still continues, and two of the afternoon's winners were raised over their original selling price.

The Kenwood Stable furnished two of the afternoon's beaten favorites in Carthage and Golconda. The first named ran a bad race and was never a serious factor.

The race for the province held horses attracted considerable local interest, as all the starters were owned by persons residing in Montreal.

The famous fist fight that was pulled off at Britannia Park a couple of years ago had nothing on the alleged game of baseball perpetrated on an unsuspecting and long suffering public at the same place yesterday afternoon.

This was not a ball game, brothers.—It was a gay burlesque, and it was only a matter of time before the crowd (about five minutes to discover his real sex. The final score was 6 to 5, favor the All Stars, and ten innings had to be played to settle the game.

PITCHER BRINGS RECORD PRICE AFTER PITCHING POOREST GAME.

his boss to purchase the said pitcher you would be astonished. Now, wouldn't you? Well, that's the case of Dick Carroll, just purchased for \$2,500 by the New York American League team from Akron, of the O. and P., upon recommendation of Duke Farrell.

DICK CARROLL. Farrell saw Carroll get the worst lacing of his career, and then voiced his opinion that the boy would do.

Baseball is a rare old game. It develops stars every season, but many a lemon is picked and sorted for every pipin discovered.

Naturally you would suppose that a big league scout sent out to get a line upon a pitcher, would report unfavorably after seeing the pitcher hit for 15 safeties, including a triple and two doubles, wouldn't you?

And when you heard that immediately after this performance the scout wired upon a pitcher, would report unfavorably after seeing the pitcher hit for 15 safeties, including a triple and two doubles, wouldn't you?

BETTING ON A SURE THING.

How Western Shoppers Beat Official Reports of Races and Cleaned Up.

Vancouver, Sept. 8.—Racing men of various Northwest cities, including Seattle, Everett, Spokane, Walla Walla, Portland and Butte, it is alleged, have been victimized by a shrewd gang of race track manipulators who have operated for two weeks from Minora Park with great success by beating the regular wire racing report with a code.

On Saturday Captain Welsh, who is in charge of the detectives at Minora Park, and Mr. Hugh Springer, a club director, discovered the scheme, and as the result of the capture of two men the extensive operation has been stopped, though not before the "wise ones" have, it is said, cleaned up several thousand dollars on their advance information.

Neither of the two men who it is alleged were the conspirators at this end have been arrested. On Saturday night they complained to the police that following their detection at the track they were roughly treated, and one in verification of his statements showed a badly battered head.

The regular racing report at present is sent out from the Western Union office and is obtained from the track by long-distance telephone.

The result of this would mean that while betting was still going on in other cities, and before the regular wire advice were received, certain people in each city received the results in time to place bets on the winners.

An extensive investigation is said to be now going on in an endeavor to round up the rest of the men who it is claimed were working the other ends of the scheme with the information received from Minora.

The two men who claimed they were physically beaten at the track have not laid an information charging assault which they were first inclined to do when they visited police headquarters and complained of their treatment.

So far as has been learned the alleged conspiracy was conducted so carefully that there seems to be no legal way in which to punish the alleged perpetrators.

A Kingston despatch says: From the present outlook Queen's seems to be as strong as any intercollegiate Rugby team this season. This does not mean they will be as strong as last year, because they have suffered severely in the loss of Elliott, Macdonnell, Murphy, Broeze, Brewster, Gibson and others.

They say that Pete Flett is already toying with a football in the backwoods of Quebec, where he is on an engineering job. Pete will be with the T. A. C. again.

"Chump" O'Neill is mentioned as the probable captain of the Ottawa College Rugby team.

Efforts are being made to get "Doc" Sherriff to play football with the Ottawa team once more.

"Oh! for de wings of a dove," exclaimed Rolland-Nomos. "Yes, or de drumstick of a roast chicken," added Hungry Hawkins.

Saphedde—"That chorus girl said I was nice enough to eat. Wigwad! In other words, I suppose she called you a lobster."

GRIDIRON GOSSIP

JACK JOHNSON—Kaufman is a tough fellow and is a hard man for any one to beat, but I would like to fight him over a longer distance. I am going to do any too much training for this match, but he didn't bother me. I thought I had him a couple of times, but he always came back fresh.
