In his budget speech, Hon. Mr White, Canada's Finance Minister made the statement that the ing Public Works for the presen continue work on those already inaugurated; but not to star others except where absolutely necessary. The continuing of works already arranged for would provide employment for many people at a time when business, in many lines is much hampered in \$100,000,000 annually. consequence of the war rendering money scarce. This would seem members of the House of Comwith this way of doing business entertained that some political capital can be made against the Government by blaming them for the hard times and the privations endured by workingmen. No member of the opposition seems to have gone further in this direc-
