GRAIN COMMISSION'S SITTING IN LIVERPOOL

Special Correspondence to Winnipeg Free Press Reports Few ested in the comparison as the commissioners themselves. A formal missioners themselves. Superintendents At Seaports

nadian shipments generally no fault was found. When Mr. Millar, chairman of the commission, suggested that some of the product that some of the producers thought that the grain reached Liverpool carrying more dirt that would be tolerrying more dirt that would be tolerated in corresponding grades in the West, President H. W. Patrick smiled winningly and said: "Oh, you know, we are used to very dirty wheat here, especially from India," and his tone seemed to indicate that the dirt in Canadian grain was hardly worth mentioning. The only improvements suggested were that Canathe superintendent who supervised ness, we hope that the Canadian the loading, saying that it was part Government will exercise some superpanying such broken lots. It was also suggested that the railways should be compelled to supply more cars.

After a thorough examination of

members of the commission were entertained at luncheon by the directors of the association. The luncheon was quite informal and no speaked and the object of their visit to England and figures?"

The Mediterranean command is the luncheon was quite informal and no speaked and the object of their visit to England and figures?"

We shall read this report ply. It has been said by Lord with the greatest interest. It is a Strathcona, a man honored and rethe greatest satisfaction spected by us all, who has taken the to us that the wheat trade with our greatest interest in this commission, principal colony has increased so and in everything that pertains to Calargely and we trust that in the fu- nadian matters, and is at all times ture we may look for a further de- ready and willing to give his aid, that ment and increase of our trade whereas in summing up the nine-teenth century, the United States in advancement and prosperity, led the way, when the time came to sum up

Grading at Winnipeg. So far the grading of wheat at Win- the twentieth century it would be nipeg has been very satisfactory to found that Canada's progress had far the trade at large and complaints exceded that of the United States in bias, but the objection was not susfrom receivers on this side have been the nineteenth century. England has tained. few and far between. As I underbeen honored by a visit from your stand the system of grading is as folpremier, Sir Wilfrid Laurier. The ness examined. He said he went to lows: The wheat on passing through Winnipeg is graded in the Winnipeg is graded in the Winnipeg ing to their many engagements, to yard and then passes on to Fort Will-pay Liverpool a visit, but we watched by Bell. He arrested Bell for interiam and Port Arthur for storage, where the different grades are kept liberations. Although around this special constable. In the struggle William to Montreal or Buffale there are some colonial preference as the case may be the wheat is again traders, yet we one and all wish inspected for the last time. There is, in our opinion, a slight chance that the certificates may be tampered with during the time the wheat is in transported to the English-speaking races."

In reply to Mr. Lougheed he said to act as a prospected to act as a larger than the conference can do great good in furthering the interest of the English-speaking races."

Mr. Miller in reply to Mr. Lougheed he said to act as a larger than the had been requested to act as a larger than the said to act as a larger than the had been requested to act sit to the seaboard and we would Mr. Millar, in responding, sketchthat an inspector be ap ed the history of the wheat from sowpointed at Montreal and Buffalo, ing to grinding, to the evident inunder the supervision of the chief in terest of the grain men who were spector at Winnipeg, Mr. Horn, in whom we have perfect confidence, to see that the actual wheat appertain which he dwelt. Mr. McNair also ing to each certificate goes on board answered a number of questions in steamers or cars, as the case may be. In this way we think you would obviate the chance of mistakes being made. We want to have, as much ing made. We want to have, as much briefly.

answered a number of questions in reference to smutty wheat and the greater immunity of cultivated land from frost, and Mr. Goldie spoke briefly.

Dean's order.

In answer to Mr. Cumins he said he did not change his mind regarding the arrest of Mr. Niblock on account of the interference of Bell. as possible, the identity of the wheat prserved after it leaves Fort William and we trust that you gentlemen will Liverpool, June 12.—The grain each other should at all times exist. has a deep interest in their mission,

Liverpool, June 10.—The Canadian Without this trade is impossible. We separation of new-crop and old-crop In reply to Liverpool, June 10.—The Canadian grain commission arrived in Liverpool on Friday night, after a fairly good voyage on the Empress of Britain. Before going to London to arrange their itinerary with Lord Strathcona they examined the facilitate for handling grain at this portices for handling grain at this serious complaints. We trust that this day will never come with the mutual configuration of new-crop and old-crop wheat, saying, that old-crop hand wheat is, as a rule, more valuable than new crop, that a premium is paid for it and yet grain comes for ward as old crop, which contains a ties for handling grain at this portices for handling grain at this day will never come with the trade here might have to make. The complaints were of the to make. The complaints were of the wheat, and that the mutual confimiddent and the suggestions of the dence of both countries will be mainsimplest: In half an hour their entained and strengthened, and that we timated that they had had this subtimated that they had had this subtimated that they had had this subsimplest: In half an hour their entire case was presented, and nothing remained to be done but to compare samples brought by the commissioners with Liverpool arrivals. There were no complaints; in fact, the only as regards maize or Indian corn, and shipments complained of were two old friends of the commission, the Philadelphian and the Tampecan Philadelphian and the Tampecan cargoes, which in some way that has not yet been discovered arrived here maize has been shipped via Montreal, satisfactory. Montreal had offended under wrong certificates. With Ca-but we trust if this business does rein the past, particularly in regard
