EDMONTON AGAIN WINS.

young Lord Edmonton notched up more wins while their opponents were barely able to secure one. The game was undoubtedly the toughest, as the referees were not lenient with the penalties were handed out. Even if it was the judge of play was harsh, severe enough, and several players' sentences were allowed to go unpunished because of the nature of the game that was being played. The referee was not lenient, and even though the players indulged in the game which failed on numerous occasions to receive merited punishment. The excitement was intense and the players finish the rink resoundingly with shouts of "Hurray!"

With the first of the two contests the winners of the first contest from Edmonton had just returned from a victory at Battleford in the early part of the week, and with their triumph on the ice were determined to add another to their series of victories.

Strathcona, on the other hand, has been greatly strengthened since the New Year's game, and on their line were several men with reputations in the east who had recently been selected to represent the southern clubs in the series. Bellamy, who, in the

part the season, played with abandon and was later on the line of the Maple Leafs of Winnipeg. It is known to have a place on the team, having reached Strathcona several days previously; and Milner, formerly on the Winnipeg, was another addition. With a reorganized team, the doubt as to the winners of last night's game was yesterday expressed very generally by the supporters of the Edmonton players. The game itself last night was very even one, as the summary would undoubtedly in point of results on the opponents' goal. Edmonton held the lead for most of the

The Edmonton team had the same make-up as at Battleford on Monday and Tuesday nights. In the forward line Whitcroft was the mainstay of the team, and despite the fact that he was suffering from a sore shoulder received by a heavy check from Re-

played a heavy check from the very early in the game, he played the game all through, and repeatedly through the opposing forward line, and defence, his shots only being stopped by Parr. Deaton and Miller played excellently, the latter especially showing much improvement. Campbell was a trifle off, and did not grow up as well as usual. Crowder did Herculean work at cover, and did his great weight very effectively in hard checking. Banford was first in form; and Wilson stopped some shots.

lamy, and his playing, especially in the first half, was one of the best exhibitions of hockey seen here. He has a remarkable control of himself on the ice, is a very heavy checker, and does his work with much greater firmness than is usually seen in Edmonton players. Several of his dashes down the ice were hair-raising, while a collision with Crowley near the end of the first half was like the meeting of stone.

Strathcona goal is pressed hard, but the defence relieves time and time again. The Strathcona's carry the puck up and begin an aggressive campaign. Graban is hit by the puck in the mouth and a delay ensues. Graban on resuming, makes a long run out Wilson blocks. Bellamy takes the

FIRST RING SIDE.

The first round of last year's Cornell eight reported for the practice call for crew candidates. The signers for the rowing team were: Unholz, the candidates for the freshmen team. The varsity men who reported were: Cox, Gavett, Bromley, Bayer, and Grace. The members of the year's four-oared crew—Coulton, Hohl, Welsh and Unholz—were on hand, and a few members of last year's crew were present. Some fifty first-year men reported.

Followers of the mat game are in doubt about Gustafson's ability to hold out against Cast. Moth for an-hour. Moth played a heavyweight last year, and threw Gustafson, middleweight champion of Manitoba and Illinois, three times in an hour. Gustafson has been known to throw a man an hour without a fall, but Moth is considered a more experienced wrestler.

C. E. Tittm, the wellknown American wrestler, was in the city. Tittm's wrestling was the most prominent feature of the season's rowing, unhesitatingly credited to him. He was a great force in finishing the most noteworthy feat of the team. There were two big things in rowing last year. The 2000 ft. race was considered as an event, and the other an 'achievement.' The event was the opening of Lake, at Princeton, which marked the revival of rowing at one of the greatest universities in the country, and at the same time the debut of one of America's greatest millionaires as a patron of one of the cleanest sports in the world.

The 2000 ft. race was won by the Argonaut eight, the Canadian crew, which in less than two weeks' time won the championship of America. This is the first time in the history of rowing that a Canadian crew has won the championship before the National Regatta, which was held on August 9 and 10, the Argonauts were the first crew to win the regatta, in the Canadian All-Healey Regatta. The same day they won the international rowing regatta, which was held at the same time and won the senior championship.

SUFFRAGETTES IN COURT.

Received in Various Ways By London, Jan. 10.—Yesterday the suffragettes again invaded the London police courts to protest against women being tried by non-male judges. They were met by the police and taken to the available Magistrates. The Lord Mayor, when interrupted ordered 'sharply' to be removed. The Magistrate, when Magistrate was equally brusque, saying to a pretty girl, "Hold your tongue, you are here to limit the law as it stood. She admitted this, and said it was her duty to protest in this way, until women received civil rights,

mark that he fought against the physician's advice, and that he had talked of, and Uholz will demand 133 pounds ring side.

Some members of last year's Cornell crew, who were reported for the practice the call for crew candidates. The signal for work brought about 100 men, including the entire crew and the freshmen mat. The varsity men who reported were Cox, Cox, Gavett, Bromley, Bayer, and Gray. The members of last year's rowed crew—Coulson, Holt, Welsh and Seymour—were also on hand, and the Cornell crew of 1904 was formed in a few minutes. Some fifty first-year men reported for work.

Some of the men of the same age are in doubt about Gustafson's ability to hold out against Chas. Moth for an hour. Moth being a heavy-weight undertakes to throw the smaller man. The rowing was done in Manitoba and Illinois, three times in an hour. Gustafson held Henry Dwyal off for an hour without any rest. He is considered a more experienced wrestler.

C. E. Titus, the wellknown American rowing champion, who took what in his opinion was the most prominent feature of the season's rowing, unhesitatingly credited the victory to Gustafson as a fisherman the most noteworthy feat of the row. There were two big things in rowing. One was the rowing of the "Canadian" as an event, and the other an "achievement." The event was the opening of Lake, at Princeton, which marked the revival of rowing on one of the greatest universities in the country, and at the same time the debut of one of the greatest rowers in the world. The achievement was that of rowing a mile in the "Canadian" style, which is less than two weeks' time from a junior crew to the senior crew. It is the first time in the history of rowing that such a thing has been done. About a month ago the "Canadian" was held on August 9 and 19, the Argonauts won their junior race at St. Catharines, and the "Canadian" was held at St. Catharines. The same day they won the intermediate race. Then they came to our annual and won the senior championship.

mark that he fought against the physician's advice. A return match is talked of for the fall. He commands 135 pounds sterling.

Five members of last year's Cornell crew, who were defeated by the Princeton crew in the call for long candidates, were invited for work brought about 100 men, including the old crew, to the freshmen regatta. The varsity men were the rowers, Cox, Gavett, Bromley, Bayer, and the crew. The numbers of last year's crew were Cox-Coulson, Holt, Welsh and Seymour—were also on hand, and the freshmen crew was the first year's freshman crew. Some fifty five crew men reported for work.

Followers of the mat game are in doubt as to Gustafson's ability to hold out against Chas. Moth for an hour. Moth being a heavyweight undertakes to throw the smaller, middleweight challenger, or Manitoba and Illinois, three times in an hour. Gustafson held Hime Duxal off for one hour and a half, and was considered a more experienced wrestler.

C. S. Titus, the wellknown American champion, when asked what in his opinion was the most prominent feature of the season's rowing, unhesitatingly credited the Argos' great big with accomplishing the feat. He said that the crew of the Argos' were two things in rowing in the year 1906," said Titus. "One was the crew, and the other an 'admiral' in the boat. The event was the opening of Carnegie Lake, at Princeton, which drew the royal of rowing at one of the greatest universities in the country, and at the same time the debut of one of the most powerful crews in the world. The achievement was that the Argos' crew, which was a new crew, which in less than two weeks' time from a junior crew to the senior crew, had won the championship. SUFFRAGETTES IN COURT.
The Received in Various Ways by London Magistrates.
London, Jan. 10.—Yesterday the suffragettes were taken to the London police court to protest against the new law tried by man-made laws. They were charged in various ways by the choleric magistrate. The women were taken to court when "introduced" sharply, from the woman out. The Bow Street Magistrate naturally said to the suffragette to a pretty girl, "Hold your tongue or else go outside." She left the court without a word. The Magistrate having heard a protest, reminded the fact that he was obliged to administer justice as it was the law. This, he said, it was her duty to protest in the courts until women received civil
