MARSHALL BROS.

The Truce Nearly Over.

Special to Evening Telegram.
LONDON, May 31.—The political truce, which followed the death of King Edward, has nearly run its course. The dogs of political war are again straining eagerly at their leashes, and although battle is not yet actually joined, they are snarling and barking mutual defiance. The former declarations of the impossibility of yielding an inch are being repeated by the extremists of both parties, and their respective journals, and occasionally from the rostrum. In more moderate quarters there is still talk of a compromise, and a suggestion of conference between the leaders of the two parties finds considerable favour among those who do not want to fight to a finish.

"Killing No Murder."

Special to Evening Telegram.
LONDON, May 31.—Cocoon shell bombs, filled with poisonous needles are the latest weapons used by the seditious Bengalis against the English. A copy of what is described as "the most outrageous incitement" to murdering Europeans yet published in the Indian press, has just reached London. It is held fully to justify the recent rigorous application of the Press Law in India. This production, which originated at Delhi and is being circulated in various parts of India is headed: "Killing no murder," and passages from it read: "Your life is not worth even a dust of a straw if you don't soil your hands with the blood of our oppressor the Feriaghil"; "foreigners, more especially the English, you must kill as many of these white sheep as you lay hands on whether men women or children. This sort of killing we call no murder but a sacred duty that devolves on the shoulders of every Indian."

Roosevelt's Latest 'Splurge.'

Special to Evening Telegram.
LONDON, May 31.—Theodore Roosevelt was to-day presented with the Freedom of the City of London, and he accepted the honor with a liberality that led him to a frankness of speech that created a sensation in the old Guild Hall. As the former President of a country he paid tribute to Great Britain and gave the Motherland some bold advice as to her duty toward her most recent dependency in Africa. Mr. Roosevelt eulogised British rule in Uganda and the Sudan. He also declared that Great Britain had given Egypt the best Government that the country had in 2,000 years. But in certain vital points it had erred, he said. "Timidity and sentimentality, he said, might cause more harm than violence and injustice. Sentimentality, he added, is the most broken reed upon which righteousness can lean. Mr. Roosevelt denounced the Nationalist Party of Egypt as neither desirous nor capable of guaranteeing justice. It was trying to bring murderous chaos upon the land. Either it was or was not right for Great Britain to be in Egypt and establish order throughout that country. If it was not right to further this purpose than the British should get out. Some nation, said the ex-President, must govern Egypt. He hoped and believed that the English would decide that the duty was theirs. As a whole the speech constituted the most forcible expression on Foreign topics that the distinguished visitor has made during his European tour.

Special to Evening Telegram.
LONDON, May 31.—Quite unexpectedly to-day Theodore Roosevelt delivered what is considered by Englishmen as a severe arraignment of the Nation in its attitude towards Egypt. Something picturesque was looked for from the ex-President of the United States, but in view of his utterances in Egypt in which he gave praise in full measure to the British Government, for the developments that followed it there, it was not anticipated that he would revert to that subject, and especially for the purpose of taking England to task.

BELL ISLAND FOOTBALL.—A meeting of the Bell Island Football League was held last Monday in the office of the N. S. S. Co. when arrangements were discussed for the coming season's matches. Magistrate O'Donnell was elected President. There are now three clubs—the D.S., N.S. and Wabana. A meeting will be held on the 16th to arrange the fixtures.

Deprecate the Pigtail.

Special to Evening Telegram.
SAN FRANCISCO, Cal., May 31.—Deprecating the wearing of the queue certain Chinese of the Pacific Coast are asking the Emperor to be allowed to discard the trailing appendage. They would also like to discard the flowing robes of the Flowery Kingdom and conform their dress exclusively to their adopted land. To secure the Royal permission, a memorial has been entrusted Prince Tsai Tao, Chinese Minister of War, and uncle of the Emperor for presentation to the Throne.

After the age of 50 people find that their strength is not what it used to be, and they frequently suffer from sudden exhaustion, and weak heart action. To all such we recommend the invigorating tonic Ferronin, composed of fresh beef, Citrate of Iron and pure Old Spanish Sherry Wine. Nothing could be more beneficial in such cases. \$1.00 a bottle.

Hague Tribunal. War Expenditure Big Increase by Germany.

Special to Evening Telegram.
THE HAGUE, May 31.—The Arbitration Tribunal before which will be tried the issue between Great Britain and the United States, growing out of conflicting interpretations of the Newfoundland Treaty of 1818 will hold its opening session at 4 o'clock to-morrow afternoon.

Abscess Healing

Special to Evening Telegram.
POTSDAM, May 31.—The abscess of the right wrist of Emperor William is healing and His Majesty's doctors appear to be satisfied with results of their treatment. The Emperor remains at the new Palace, where King Albert of Belgium, who arrived yesterday, is staying. For the first time in his reign the Emperor failed to-day to attend the annual review of the garrison of Potsdam. Crown Prince Frederick William took the place of His Majesty, and the Crown Prince was accompanied by Empress Auguste Victoria, King Albert and Queen Elizabeth of Belgium, Prince Tsai Tao, brother of the Prince Regent of China, and Marguise San Guiliano, the Italian Foreign Minister.

THE MINT

Makes Money Without Advertising. Shop-Keepers Cannot!

In saying this we do not mean to assert that nothing can be done by people who do not advertise in the papers. On the contrary, we believe that a small amount of patronage will drift to the man who does not advertise, but compared with that of the man who uses newspaper space, will be very small indeed.

The man who advertises gets the lion's share, so to speak; and if his goods are up to the standard set forth in the ad, no one will dispute his right to the biggest slice of public patronage.

A man's word, however, should always be as good as his bond; his ad. should always be as good as his word; and his goods should always be as good as the ad. says they are—and a trifle better. That is one way in making good in advertising.

The best way of getting good results is to place your ad. in the **EVENING TELEGRAM**—the paper that goes into the home and is read by thirty thousand people every day of the week.

McMurdo's Store News Stricken With Paralysis

WEDNESDAY, June 1st, '10.

We have this season introduced several new features in connection with the Soda Fountain. To begin with, we are putting in a semi-automatic carbonator. This will ensure fresh, sharp soda water at a moment's notice. No matter how great a rush on soda water, the supply cannot be exhausted. Next, we purpose making all our syrups ourselves, by means of percolation. This will give the utmost freshness, purity and cleanliness in making and handling. And we are venturing on a new kind of drink, Orangeade. In this drink the full mellow flavor of ripe oranges can be tasted to perfection. We expect a large demand for Orangeade as it becomes known.—adv.

MATCH POSTPONED.—Owing to the wet weather last evening the cricket match between the St. Bonaventure and Bishop Field College teams did not take place.

Mr. Jas. Walsh, who for several years past has been nightwatchman in the Custom House, was stricken with paralysis this morning and his condition is such that death is deemed to be inevitable. Mr. Walsh was on duty last night as usual, and after returning to his home and while partaking of breakfast he was stricken. Rev. Fr. O'Callaghan was called and also a doctor. The many friends of Mr. Walsh will be sorry to hear of his illness.

Cattle Destroy Garden.

A couple of days ago several horned cattle entered the demesne of Mr. H. W. LeMessurier, Assistant Collector of Customs, situated on King's Bridge Road, and destroyed plants, flowers, fruit trees and shrubs before they could be chased out of the place. Over \$50 worth of damage was done and a beautiful garden destroyed. It is a great hardship on people who go to the expense and trouble to beautify their grounds and have them thus ruthlessly damaged. Mr. LeMessurier knows the owners of the animals and will bring them to book for their carelessness in allowing them to thus roam at large.

FELL THROUGH WINDOW.—A young man named Duggan fell through Mr. T. McCarthy's shop window, Water Street, last evening and broke a pane of glass. He was arrested by Constable Nugent and taken to the lockup as he was under the influence of liquor. Mr. McCarthy appeared against him this morning and made him pay for the glass, \$1.80.
