## MONOTONY.

The thing that makes the average sea voyage monotonous is the long period of time between land and land. How different then is the West India trip of the "ROYAL MAIL" where the longest time at sea is only four days, and where the average of calls throughout the Islands is one new place every day.

## ANNOUNCEMENT.

### "OVERLAND" SERVICE FOR 1917.

We are pleased to announce that the "OVERLAND" SERVICE STATION will again be managed by Mr. J. Cocker, of the Anglo-American Garage, AND THAT WE HOPE TO GIVE OUR MANY FRIENDS EVEN BETTER SERVICE THAN IN THE PAST.

A large stock of SPARE PARTS arrived by the last "Florizel" and we now have a pretty full line on hand and further lots on the way.

Mr. Cocker left a few days ago for Toledo, where he will have an opportunity of going through the Overland Factory, the largest single automobile factory in the world, where the output is 1,000 cars a day. Mr. Cocker will have a splendid chance to become conversant with the new models and thus enable us to render more valuable service to all "Overland" owners in Newfoundland.

Yours for service,
