Methodist Conference.

YESTERDAY'S SESSIONS.

Conference opened at 9.40 a.m. with the President in the chair. After the functional exercises were conducted a journal of the proceedings of previous sessions was read and adopted. The Order of the Day was then taken up and Conference passed the following resolution of appreciation of the kindness of His Excellency the Governor in inviting the Conference to a reception at the Government House.

RESOLVED, that the Conference place on record its high appreciation of the kindness of His Excellency Sir Charles Alexander Harris, K.C.M.G., C.V.O., in inviting its members and lady friends to a reception at the Government House, and extending to them his generous hospitality and delightful entertainment.

A resolution expressing the thanks of the Conference was passed to President Rev. J. R. Saint, D.D., for his faithful service as President of the Conference. A vote of thanks was also passed to Rev. C. A. Whitmarsh as Secretary of the Conference. The assistant secretaries were also cordially thanked for their faithful work. Further miscellaneous resolutions from districts were read by Secretary of Conference and ordered to be sent to their respective committees.

AFTERNOON SESSION.

Session opened at 2.40; the President presiding, Hymn No. 91 was sung and Revs. Elliott and Blount led in prayer.

The first business of the session was to appoint a committee to make arrangements for a memorial service for the soldiers and sailors who have fallen during the year. After discussion the following resolution was unanimously carried:

RESOLVED, that the Conference forthwith take steps to select and appoint an ordained minister from its ranks to assume at the earliest possible moment the office and duties of Methodist chaplain to the troops in St. John's.

Report of Conference special committee was read and certain recommendations were adopted by Church Property Committee.

EVENING SESSION.

At 6.30 the members of the Conference with their lady friends repaired to the school room of Conference Church where a splendid report had been provided by the good ladies of Lower Street Church congregation. Rev. N. M. Guy, who is about to leave for Bermuda, moved a vote of thanks to the ladies for their kindness of the ladies in providing the banquet.

Dr. Fenwick, Superintendent of Missions, then presented his report. This was the banner year of the Conference in regard to missions. Last year the objective was placed at \$21,000, the total raised was \$24,332, an increase of \$4,332 on last year, and \$12,332 above the objective set. Of this amount St. John's district gave \$9,825, an increase of \$1,264 or 15 p.c. Cochrane Street Church had the largest share, \$2,750, while Red Bay, the smallest mission in the district, had the largest per cent. increase. Carbonear district raised \$2,647, an increase of \$63 or 27 p.c. Bonaville had the largest increase, \$78, while Catalina had the largest per cent. increase, 33 1/2 p.c. Twillingate district contributed \$4,676, an increase of \$618 or 16 1/2 p.c. Twillingate had the largest increase, \$273. Burin district contributed \$3,783, an increase of \$922 or 32 p.c. Grand Bank had the greatest

increase, \$210. Fortune the largest per cent, 13.5 p.c.

Eight years ago we were drawing \$11,000 more from the Mission Board than we were contributing to-day. We are paying our men larger salaries and sending back to the Mission Board after meeting all expenses over \$4,000. A splendid showing for eight years work.

The objective of the Methodist Church in Canada and Newfoundland for 1918 is \$1,000,000 for missions. If Methodists gave one cent per week there would be 40 p.c. increase. We can do it, we ought to do it and we will, is our slogan. What shall be the share of this \$1,000,000 which our Conference will raise? At this juncture of the meeting owing to the increasing numbers entering the room, it was found necessary for the Conference to remove to the main body of the Church. After the Conference had reassembled and come to order with Dr. Moore, Prof. Shaw, Drs. Smyth and Deland on the platform, a Mewa, C. M. G., Secretary of the Missionary Committee, presented the Missionary Report, a copy of which will be found in another column of this paper. The report was debated item by item and most interesting were the discussions that followed.

Section 2 of the report was moved by Mr. A. Soper. Mr. Soper in moving the adoption of this section counted himself happy to do so, as this was the day of missions, and we must seize our opportunity ere it passes. The spiritual note must be struck, and we must carry forth the work to a successful completion.

Rev. J. T. Newman seconded the motion and in doing so emphasized the idea of striking the Evangelistic note, for if the spirit is right the giving will follow. Carried unanimously.

Dr. Reed moved the adoption of the second clause. He considered himself the youngest member of the Conference although he had had much experience in the work of the Church. He had visited mission fields from Labrador to the highlands of Tibet, and became absolutely convinced that the greatest thing in the world is the Gospel, and the greatest task to give that Gospel to the world. He considered the aim to raise \$115,000,000. We must catch that spirit.

Mr. R. Horwood seconded the motion. The Methodist Church he said, should not be held down by small enterprises, as big undertakings bring inspiration. The command of Christ to preach the Gospel was stimulating and inspiring. The motion was put and carried.

Section 4 was moved by Mr. A. Mewa, C. M. G. In moving that \$30,000 be the objective of the Conference for 1918 he declared that we can do it. He pointed out the wonderful progress of the past eight years which certainly gave encouragement for 1918. We ought to do it. Methodism is able to do it. She has competent leaders in her ministers, many of whom would command a large salary in other work; she has loyalty for the cause of the work of Christ. We will do it. We can depend upon the loyalty of our ministers and our people. Methodist people are always ready to take the stand on any moral issue and can be depended upon to carry out any work to look to the extension of the kingdom of God.

Section 5 was moved by Mr. T. B. Darby seconded the motion although he considered the objective too low and not commensurate with the prosperity of the people. He thought the objective should be much higher. In order to measure up to our needs we must attempt big tasks and get a wide vision. The motion was carried unanimously.

Section 6 was moved by Rev. W. H. Browning. In making this motion he declared we must not wait until Sept. 22nd, but begin now, by asking blessing of God and beginning to organize. Mr. C. Puddister seconded the motion. He thought the objective should have been higher. Organization was needed. He cited the instance of his own church which in 1910 raised \$365 for missions and in 1917 \$1,100. Comparisons were made with the amounts contributed by the people to missions and those spent on such trivial things as gum, candies, etc., showing how small a percentage was given missions in comparison with these. The motion was carried unanimously.

A. Vatcher, J.P., seconded the motion, and in doing so emphasized the need of organization and mobilization. The motion was then put and carried unanimously. After singing the National Anthem and pronouncing of Benediction by Professor Shaw of Pine Hill University, the most interesting and enthusiastic session of the Conference was brought to a close.

THE NOON ADDRESS.

Professor Shaw, of Pine Hill College, Halifax, delivered the first of his address, the Methodist Church Conference this morning. An already announced his subject was "The War and its Demand upon the Church."

CONFERENCE PROGRAMME.

To-Day's Messages.

10. A. M.

MORE MEN NEEDED.

LONDON, To-day. Intervening in the debate on the new military service, and speaking of the urgency of obtaining men for the defence, the Premier said to-day, it was true the Americans were coming and being brigaded with the Allies, but that when our men were obtained they should replace the Americans and enable the latter to form their own divisions.

KERENSKY'S HOT AIR.

LONDON, To-day. I bear witness that the Russian people never will recognize the Brest-Litovsk Treaty, which hurled Russia into the abyss of annihilation, said Alex. Kerensky, former Premier of Russia, in an address at the Labor Conference to-day. He said Russia had been taken from the supply of food and clothing, and that the people were bleeding at every pore, but still opposed the enemy invasion.

REED'S BLACK PESSIMISM.

WASHINGTON, To-day. Speaking on the \$12,000,000 army appropriation bill, Senator Reed said in the Senate to-day, that although Germany was not yet defeated, it will be accomplished only after the Allies suffered tremendous losses. He said the Central Powers hold the advantage in heavy guns on every front. He asserted that America has no big guns except those that have been taken from the supply of the Navy Dept., and that it will require nearly two years to get a sufficient supply. The United States will have to extend the draft age limits, he declared. The Central Powers have a greater population than the Entente countries and are better prepared for war. Italy, he said, was totally unprepared in arms and material when she entered the war, and declared that the military cabinet of the Minister of War, Brigadier General Maxime Weyand, former member of the inter-Ally supreme council and now assistant to General Foch, the supreme commander, and Brigadier General Pasig. They are made Major Generals.

ARTILLERY FIGHTING.

PARIS, To-day. (Official)—There is no change in the situation. Lively enemy activity has been displayed north of the Somme, west of the Somme, west of the Somme, and northwest of Rheims. The enemy's observers have been seen again over Rheims Cathedral. During the night the artillery activity increased again along the front, and the Marne, in connection with infantry reconnoitring. On the left bank of the Meuse we carried out successful reconnoitring. North of St. Mihiel a strong enemy attack was repulsed. Five airplanes were shot down on the evening of the 26th, which during the last two days has been the result of a fortunate pursuit. The industrial region of Lorraine. Yesterday our bombing squadrons attacked Paris and the enemy railway stations and airdromes on the way there.

NOT VERY JULIANT.

BERLIN, To-day. (Official)—There is no change in the situation. Lively enemy activity has been displayed north of the Somme, west of the Somme, west of the Somme, and northwest of Rheims. The enemy's observers have been seen again over Rheims Cathedral. During the night the artillery activity increased again along the front, and the Marne, in connection with infantry reconnoitring. Yesterday our bombing squadrons attacked Paris and the enemy railway stations and airdromes on the way there.

GOT HIM GOING.

LONDON, To-day. According to the Central News, the German Emperor has sent the Imperial Chancellor, Count Von Hertling, a furious telegram about Dr. Von Kuehlmann's speech.

HARD TO KILL.

LONDON, To-day. Dr. Von Kuehlmann, replying to critics during the course of yesterday's debate in the Reichstag, said, "I am sure the legends have arisen that I am difficult to destroy, but I must declare, with a view of counteracting the growth of a legend, that there can be no question of my having bound myself to the idea of a long war. The foregoing was evoked by a Deputy who had referred to Dr. Von Kuehlmann's expectation of a war of very long duration."

OFFICIAL AIR REPORT.

LONDON, To-day. A communication, issued by the air ministry on the work of the air squadrons says: On the night of June 26-27, our airships attacked the chemical works at Ludwigshafen, a factory and railway sidings at Saarbrücken, and the airdrome at Bolchen. Several bombs fell on an active furnace at Saarbrücken and a large oil tank at Bolchen. Two hangars were set afire and also one machine which was on the airdrome. All our machines returned safely. One of our machines which yesterday was reported as missing, seen returned. The enemy bombed one of our airdromes.

12 Noon—Devotional exercises; address by Prof. Shaw.
2.30 p.m.—Conference session; address by Rev. Dr. Moore. Rev. Dr. Smyth and Dr. Deland.
3.30 p.m.—Conference adjourns for committees to meet.

PERSHING'S MEN ACTIVE.

WASHINGTON, To-day. The capture of 240 prisoners, including 100 Germans by the American forces operating in the Chateau Thierry region Tuesday, and the successful bombing of the railway yards and stations at Compiègne by American aviators Tuesday night, are recounted in General Pershing's communique for yesterday, received to-day by the war department. The statement says: Late yesterday in the Chateau Thierry region our infantry, effectively supported by our artillery, attacked enemy positions south of Torcy and advanced our line. Two hundred and forty prisoners, of whom five were officers, and 19 machine guns, many automatic rifles and a quantity of other materials were captured during the operations. Successive counter attacks broke down with losses. Last night our aviators were again successful in bombing the railway station and yards at Compiègne.

FROSTS IN GERMANY.

LONDON, To-day. Snow has fallen from one to three inches in many parts of Germany, according to despatch from Amsterdam to the Exchange Telegraph Co., and have been taken from the fruit trees by frost. The cold wave, the message adds, is considered to be an economic catastrophe. Berlin and Hamburg have been experiencing four days of uninterrupted rain.

AUSTRIA'S NEW PREMIER.

AMSTERDAM, To-day. Vienna despatches say that Count Silva Tarouca, at present Minister of Agriculture, and an intimate friend of Emperor Charles, probably will be the next Premier in Austria in succession of Baron Von Seydler.

FRENCH STAFF CHANGES.

PARIS, To-day. The transfer to the reserve, of General Serrail who was recalled last December as Commander-in-Chief of the Entente Allied operations in the Balkans, was announced in an official list of staff changes issued to-night. Eight other Major Generals and ten Brigadier Generals also are placed in reserve. Among the officers promoted are Brig. General Moriac, head of the military cabinet of the Minister of War; Brigadier General Maxime Weyand, former member of the inter-Ally supreme council and now assistant to General Foch, the supreme commander, and Brigadier General Pasig. They are made Major Generals.

THE NECESSITY FOR BUYING YOUR SUMMER CLOTHES EARLY.

Reports from manufacturers show an inclination to shorten the period of manufacture. Present-day conditions demand this. They have been compelled to adapt themselves to war-time. We were told that if we did not place our orders well in advance, it was at our own risk. It was simply a matter of conducting business on a high plane and that women would learn to buy their Summer needs right at the beginning of June when they had need for them. Yet while we shall strive to maintain the completeness of our stocks during all Summer months, we repeat that buying your Summer clothes early will bring wonderful satisfaction and full 100 per cent. service.
