

SNAP-SHOTS AT VARIOUS SPORTS

Seems a terrible thing to say, but wasn't the English champion Miles ahead of Gould?

Favorite called Featherbed won big English race. Pretty soft, oh, what?

Tecumseh are talking about what they will do in their initial match with Shamrocks, but if the game be at all close the Indians will just fade away, same as a lot of other well-intentioned teams have done.—Telegram.

Umpire Hurst, the pugilistic American League official, is built like a mattress, and he makes a noise like one. Hurst has been "boosted" so much by the newspapers that he considers that he can do no wrong, and it is as much as a player's life is worth almost to look at him. At Detroit on the opening day he made a pass to Manager Jones, of Chicago, because he objected to a decision. The other day he assaulted Griffiths, of New York, in an argument. If these players had punched him they would have been blacklisted. It's a funny rule that don't work both ways.—Exchange.

The price paid for the colt Demond, \$45,000, is the second highest ever paid in America for a colt of that age. When the late William C. Whitney purchased Nasturtium from A. L. Aste, the sum of \$50,000 was named as the sum paid, and this the largest ever given for a 2-year-old horse.

When the sun is brightly shining,
And the skies above are blue;
And arbutus vines are blooming,
With their blossoms hid from view,
Shores that seem to wind and wander,
As the streams rush in and out;
Then it is I go up yonder
To the place where dwells the trout.

In the little streams that hurry
Round about in wondrous maze;
Where the speckled beauties hurry
And the rainbow gayly plays;
Where the tamarack and pine trees
Teem to summon with a shout,
Swaying briskly in the north breeze,
Then it is I go for trout.

Then it is you'll find me wading
Down the streams that hurry by;
To the spots the trees are shading,
Where I gently cast a fly;
And the thrill that fills my being
Tells to me without a doubt,
That the battle's well worth seeing,
For I hooked a rainbow trout.

Cold and hunger pass unheeded,
There's a sparkle in the eyes;
At this moment food's not needed,
Nor I've got another rise.
Kindly nature seems to strengthen
And to make a weakening stout;
And when evening shadows lengthen
I've a creel well filled with trout.

Sweet the rest that comes at nightfall,
When the beauties of the day
And the pleasures that delight all
Into darkness take their way;
Then I slumber on till morning
In a sleep that know no rout;
Till another day is dawning,
Then again I go for trout.

The Tecumseh are figuring out what they will do with the Shamrocks when they meet. Hot weather, however, will not cure the Indians' cold feet.

There said a young man of Toronto,
The Woodbine I'll now get on to.
Of money, a stack,
He put on a hack,
He does not know now where to run to.

The Toronto ball team won again, but to prevent it becoming chronic, they lost again next day.

The eastern papers are complaining that the Toronto lacrosse outfits are too cheery for most anything since they got into company. Think what they will have to put up with when they know them as well as the rest of us.

Mr. Mingay, of Bridge of Weir, has invented a golf ball with a liquid core which is about to be put on the market.

While a cyclist was riding along the road near Crewkerne (Somerset), recently, a pigeon flew into his face, and the bird died from the shock.—London (England) Mail.

"Cy" Young has lost five out of six games. The Grand Old man is pitching just as well as ever, though.

IN LAST FURLONG

Couldn't Continue Fast Pace
and Metropolitan Went
to Grapple.

New York, May 10.—Twenty-two horses of medium class went to the post today in the fifteenth Metropolitan handicap, and after a mile journey over the main course at Belmont Park in 1:39, John A. Drake's four-year-old gelding Grapple flashed under the wire a winner by three-quarters of a length.

Second was Dandelion, a head in front of Oxford, who was the surprise of the race.

Israel, second choice in the betting, was fourth, and Roseben, the public favorite, was fifth.

Roseben led into the stretch, but died away in the last furlong.

Neither Miller nor Radtke, the two star riders of the Jamaica meeting, managed to catch the judge's eye first.

The winners of the suburban are:

1891—Tristan, 1½ miles, 1:57½.
1892—Pessara, 1½ miles, 1:54.

MORTLAKE LOOKS
LIKE CONTENDER

English Horse Does Good
Work at Woodbine—Hill-
hurst's Work Falls Off.

Toronto, May 10.—The cold weather this morning made it uncomfortable for the railbirds at the track, but despite this there was a larger crowd there than any day this week.

Most of the platers were only sent short distances. Wicklight and Court-martial worked out a mile, while Hill-hurst was sent a mile and a quarter.

The first work of the morning was done by the Seagram lot. Slaughter was sent a half mile with Half-Seas-Over, in 51½ seconds, showing that the plater can spring some. Haruko was sent a mile and a quarter with Sir Ralph in 2:24. Inferno worked out a half in good style in 49 seconds.

The first quarter was done in 23 1-3 seconds. Merry England, Cloten and Scotch Plums were sent three-quarters in 1:18½, the mile being done in 1:51.

Court-martial was worked a mile with Will King, and again beat him off. The time for the mile was 1:47½, the first six furlongs being covered in 1:19.

The fractional times were: 13½, 25½, 38½, 51½, 1:05, 1:19, 1:47½. The work was done well in hand all the way.

The plater Wicklight was worked a mile alone. He went the journey in 1:46½, with something left at the end. The fractional times were: 15½, 35½, 57½, 1:04, 1:18½, 1:46½, 2:03.

Wicklight is improving each day and when he gets his final preparation, should hang up a mark.

The plater Hillhurst does not now look to be as dangerous a contender as early in the week. Today he was sent a mile and a quarter in 2:19, with little or nothing left at the end. Hill-hurst was sent out to do the work and ran out at the first turn. He was sent back to the head of the stretch and again started off, doing the work with blinkers on. The fractional times were: 25, 52, 1:19½, 1:49½, 2:04, 2:19½.

The English horse, Mortlake, owned by the Kirkfield stable, went the fastest mile of the day. He worked alone and covered the mile in 1:44½. He has a nice way of going and looks like a possible contender in many of the events to be run here. His six furlongs were done in 1:18. Lord Rosington and Kamsack went a mile in 1:51. The first three furlongs was done in 38 seconds.

The 2-year-old Ingratitudo was sent three furlongs in 36 seconds. Armo went the same distance in 38 seconds. Dr. Koch and Lucy Carr went six furlongs in 1:22. The first half was done in 51 seconds and the quarter in 25½ seconds.

The 2-year-olds Kirkfield Bell and Judge Nelson worked a half in 50 seconds. Frank Somers was sent six furlongs in 1:22.

The mare Cataline was worked out a mile and a quarter in 2:25. She did the work quite handsly.

The following horses have been declared out of the plate race: Teston, Penrith, Kinleydale and Fort Hunter were given a stiff gallop. Many of the platers will get their final trials on Saturday morning.

FOOTBALL TO BE PLAYED
AT HARVARD NEXT FALL

Boston, Mass., May 10.—Football will be played at Harvard this fall. There will be a university eleven which will play inter-collegiate games under the rules as adopted by the American football rules committee, during the past winter.

This fact was settled this morning at the meeting of the board of overseers of Harvard University which was held at the corporation offices on State street. The overseers accepted the report of the Harvard athletic committee to the effect that the new rules were worthy of a trial under the conditions rising in inter-collegiate contests.

There was a large gathering at the overseers' meeting, and the discussion was a long one. The vote was 15 to 9 for the game. This action of the overseers is a great relief to the football men at Harvard, who have been working hard all winter to have the rules of football so changed that they will be acceptable to the authorities.

CLUBS NAMED TO PLAY BRITISH
BOWLERS ON THEIR WESTERN TRIP

W. O. B. A. Committee Draws
Up Programme and Decides
to Ask for Grant.

A committee of the Western Ontario Bowling Association, composed of Messrs. Ed Weld (chairman), J. D. Tyler (secretary), and J. S. McDougall, London; S. A. Hodge and T. S. Ford, Mitchell; C. E. Nasmith, Stratford; W. C. Newman, Ridgeway, and W. K. Pearce, St. Thomas, met here last night and arranged the programme for the eight clubs of British bowlers from Aug. 17, when they come into the territory of the W. O. B. A., until they leave it on Aug. 27.

The W. O. B. A. take charge of the visitors at Berlin. On Aug. 17, the Chatham, Stratford and play three rinks from Stratford, and two from Owen Sound, the other three rinks of visitors going to Mitchell for the day.

On Aug. 18 three rinks will play Goderich at Goderich, and one rink will play Kincardine at Goderich, four rinks going to Clinton—two to play the home club, one to play Seaford, and one to play Wingham.

Monday, Aug. 20, will be spent here with the London Rowing Club (five rinks), Thistles (two rinks), and Asylum (one rink), and Tuesday will be given over to outside clubs, including St. Thomas, Aymer and Petrolia (two rinks each), and St. Marys and Stratford (one rink each).

On Wednesday the Britshers go from London to Ridgeway, where they will play three rinks of the home club, two from Blenheim, and one each from Chatham, Thamesville and Bothwell.

Thursday, Aug. 23, at Chatham, they will play four rinks of the home club, and one rink each from Leamington, Ridgeway, Dresden and Copleston.

From Chatham, the British bowlers go by boat to Walkerville, where they will be the guests of Hiram Walker & Sons, and the Walkerville bowlers, and it is expected games will be played with Windsor, Detroit and Walkerville.

The visitors will remain in Walkerville until Monday, the 27th, when they will go to Woodstock, and play three Woodstock rinks, and one from each

of the following places—Listowel, Brussels, Mount Forest, Harrison and Tillsonburg. The same evening they will go to Toronto, and the entertainment of them by the Western Association will be at an end.

The committee decided to ask the Ontario Government for a grant (similar to that given Toronto), for the entertainment of the visitors in the west.

THE STRATFORD ARRANGEMENTS.

Stratford, May 10.—When the old country bowlers visit here in August, there will be three Stratford teams in competition. Teams from Owen Sound, Brussels, and Mitchell will also come to the city to play the visitors. Listowel will play at Woodstock when the visitors are in that town, and Clinton and Seaford will play at Goderich. The local committee having in charge the arrangements for the visit of the old country bowlers have outlined a form of entertainment for the visitors, but as yet there is nothing for publication.

The Stars will be the same, probably, and the team that beats them will know they have been in a game.

The Seventh Regiment will have Delaney on third, and Jimmy Bell in the outfield. This will strengthen them considerably. Smith or Phillips will pitch.

The lineup will be:
First game—2:30 p.m.—
Champions—T. Steele, catcher; W. Gibson, pitcher; Beaton, first base; Jackson, second base; C. Gibson, third base; Ball, shortstop; Eccleston, left field; Wagner, center field; Leckbridge or Pook, right field.

Rockets—Mines or Reynolds, catcher; McNeerney, Murray or Wilson, pitcher; G. Arthur, first base; Hoste, second base; W. Arthur, third base; Macle, shortstop; Devan, left field; Rose, center field; Gatecliff, right field.

Second game—4 p.m.—
Seventh Regiment—Gillett or Brennan, catcher; Smith or Phillips, pitcher; Wanless, first base; Perkins, second base; Delaney, third base; Gregory, shortstop; Cochren, left field; Bell, center field; Penwarden, right field.

Stars—B. Jeffries, catcher; W. Clark or Gibson, pitcher; Tierney, first base; O'Rourke, second base; Ward, third base; Fleming, shortstop; Graham, left field; C. Jeffries, center field; B. Clark, right field.

Detroit, May 9.—Few changes in the State Trotting Association schedule were made at a meeting for that purpose at the Hotel Cadillac. The change in the Windsor date from Aug. 28-31 to July 30-Aug. 3, was probably the most important part of the revision.

Cairo takes Windsor's place in the August schedule. Windsor's earlier date was Cadillac's. The latter town under the new schedule will now hold races July 24-27. Bay City will open a week earlier than was intended. July 17-20, the dates that were originally allotted to Cairo.

WINNERS TO HOOK UP
TOGETHER TOMORROW

The City League games tomorrow promise to be of more than usual interest. The winners of last Saturday's games hook up together, and the losers will also play for cellar position. All the teams will be stronger than last Saturday, and will furnish splendid contests.

The Rockets will present nearly their same lineup, but McNamara, Wilson or Murray doing the pitching. The McClarys will have their infield of last fall in shape, and ought to be stronger than last week.

The Stars will be the same, probably, and the team that beats them will know they have been in a game.

The Seventh Regiment will have Delaney on third, and Jimmy Bell in the outfield. This will strengthen them considerably. Smith or Phillips will pitch.
