Hamilton Herald: The speaker at First Fall Session Presided Over by

Justice Middleton The first fall session of the weekly

high court was held this morning and was presided over by Justice Middleton, two cases being on the list at the court house. The first was that in the matter of

the estate of the late John Henry Hamilton, an application for payment of money by the London and Western Trusts Company, administrators of the estate. Mr. Hamilton died in this city, and all his relatives reside in England. The relatives will have to apply and show their right upon payment to them. Mr. C. W. M. Flock acted for the order.

The other case was that of the administration of the estate of John W. Burgess, in the action of Burgess vs. Burgess. It appears that the acting administrator has not been able to make the sale of certain lands, although endeavoring to do so. The motion was again enlarged to Nov. 26. G. N. Weekes for application, P.
