# MINISTER AL AND LAY COMMISSIONERS ARE NAMED AT PRESBYTERY

### Will Go To General Assembly Meeting-Liquor Traffic Opposed By Ministers.

The London Presbytery yesterday appointed the following ministerial and lay commissioners to the General Assembly: Ministers—Rev. A. N. Campbell, Appin; Dr. Munro, London; Rev. S. H. Eastman, Port Stanley; Rev. N. McGillivray, St. Thomas; Rev. A. R. McRae, Kintyre; Rev. W. A. ner, St. Thomas; Rev. J. P. Falconer, Rodney. Laymen-Alex. Grant, Bryanston; J. J. McMillan, Dunwich; J. McDougall, Glencoe; J. L. Bloye, St. Thomas; James Douglas, Glencoe. Three other lay commissioners are still to be appointed, but have not yet been nominated by their sessions. The charges from which nominations have not yet been received are Knox Church, Dutton, Melville Church Lobo, and the congregations of Vanneck and

Ilderton. Rev. N. H. McGillivray, of St. Thomas, was appointed to represent the presbytery on the General Assembly business committee, and A. S. Macgregor, of St. Andrew's Church, London, was the choice for the lay representative on the synod con Oppose Liquor Traffic.

John Hosie, Pottersburg, presented an interesting report as chairman of the committee on social serministers to whom a series of questions were sent out. The replies indicated that opposition to the liquor traffic was growing steadily, that the committee. running of Sunday cars resulted in a greater non-observance of the Sabbath, and that social vice was almost bath, and that social vice was almost tent in the city, where houses of assignation, houses of prostitution and street solicitors were the cause of eration.

Princess Shakhovsky, who recently went to the front as a military aviator, has sent back to the editor of the Bourse Gazette an account of her first flight over the enemy's positions. She had made three flights, the shortest an hour in length and the longest two hours, when the letter was written.

"As I found myself over the German lines I began to observe beneath me the small clouds which indicated that the enemy had opened fire on my machine. Somehow I did not feel afraid, even when the bullets came quite close to me. Some of them even pierced the wings, but fortunately did not touch any vital part of the machine. After half an hour of flight, one grows quite accustomed to the situation. Later I flew in such severe celd that my petrol began to work badly. Luckily this lasted only a few seconds, which rather resembled hours."
