DEMAND BAN ON **OLEO PRODUCTS** FROM DOMINION

Also Urge System of Cream Grading.

A. C. For the Year 1921.

Ontario. The question of cream grad-ing having been one of the prominent features of deliberations throughout The next speaker was Commissioner the whole length of the sessions, the Riddell. one problem, possibly on which there was a general unanimity of all the speakers, the resolution's passing was but a general, practical expression of duction and of the dairy business that

facture in the Dominion.

manufacture of oleo, were: that though there was a duty on Canadian butter entering the United States, no duty

Reviews Eurpean Field. was charged on oleomargarine coming into Canada; that "the sale and use of oleomargarine often without the New Zealand, United States and Canknowledge of the purchaser, is unfair ada, and said finally of the industry and injurious to the manufacture of butter in Canada." It was also given "If I may summarize the situation as an argument that the present low as it appears to me, I would do so as price of butter warranted such action follows: In order that Canadian industry might

Allen Chosen President.

Officers for the year as approved by the new directorate, who appointed them at its first meeting, are as fol-lows: J. N. Allen, Dunnville, presi-dent; R. Johnston, Bright, first vicepresident; H. Mannell, Woodstock, sec-ond vice-president; F. A. Keyes, El-mira, third vice-president.

The directorate selected by the does not exercise sol nominating committee, and approved trol over its exports. by the convention, includes: T. Ballantyne, Stratford; G. Bain, Lakeside; F. A. Thompson, Embro; J. Newbigging, Listowel; G. M. Carry, Petrolea, and Harry Yorke Harrietsville.

on the board this year.

Of those coming in the scoring contest held during the convention the following placings were announced by Secretary Herns: In the cheese-judg-ing, Roy Cramm. R. R. No. 4, Wiar-ton; Ronald Johnston, Princeton; W. R. Murphy, Thorndale; H. J. Neeb, Tavistock. Competitors in the butter-scoring contest were placed as follows: O. H. Bush, Brigden; F. A. Keyes, Elmira; J. I. Way, London; H.

R. Skinner, St. Marys. Dean Outlines Activity. Professor H. H. Dean of Guelph Agricultural College Thursday afternoon spoke to the convention on "Dairy In-vestigations made in 1921." The address was a general outline of the work done under the heading of "Dairy

Investigations" at the O. A. C., Another member of the staff of the Guelph College, also spoke, in the person of A. L. Gibson of the chemistry who addressed the

George Barr, Chief of the dairy division of the Dominion Department of Agriculture, Ottawa, told of the educational butter-scoring contest, and its results. He declared that he hoped it would be continued, and explained the western ontario Dairymen's Association, and also the chief dairy inspector, gave his efforts under way at the present time

Special Prize Winners.

Among the special prize winners !n the dairy exhibit were the following: the season, therefore, only a brief sum-Newman, Cambrdge; Canadian Mill Products, Hickson; Ontario Creameries, London; H. E. Donnelly, London; C. J. Donnelly, London; B. Avery, Kinburn; B. F. Howes, West Monkton; Sanitary Dairy, St. Cathar-ines; Wesley Krotz, Gowanstown; F. Eastman, Arkona; Jos. Skelton, store; W. Jamieson, Lambeth; J. T. Donnelly, St. Thomas; F. J. Goldsmith,

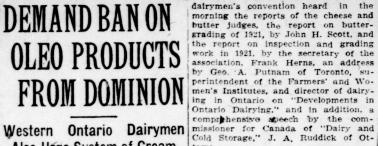

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and pre-pares the way for more serious trouble. How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The "During the past year there has been dry, harsh cough keeps you awake, and a marked improvement in creamery when you get up in the morning you feel as if you had had no rest at all

DR. WOOD'S NORWAY PINE SYRUP

is just the remedy you require to stop that irritating, tickling cough on ac-

pectorant properties. Mrs. P. Johnson, Port Alberni, B. C., writes: "I have suffered for years, off and on, with a tickling cough. I could settled." not sleep nights and had to sit up in bed to get relief, in fact, I coughed so I used to vomit. I tried different doctors' pre-scriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the

tawa.

In his address on the developments of dairying Mr. Putnam urged the raising of the quality of dairy products in the Dominion, particularly if aid ALLEN CHOSEN PRESIDENT was to be had from the ministry of agriculture. In the past, he said, that the work of the agricultural colleges Dean Outlines Activities of O. and dairy schools had not brought suf-

Lauds Dairy Industry. He commented on the extent of the dairy industry in Canada, the many farms and the 8,000,000, cows, all of Two important resolutions passed the Western Ontario Dairymen's Conlected during the war being rebuilt, the Western Ontario Dairymen's Convention in its closing session Thursday afternoon in the Masonic Temple, London, without the slightest objection on the part of any of the delegates.

The first was one supporting any enactment or legislation, which would enforce a system of cream grading in Ontario. The question of cream grading the war being rebuilt, the greater interest of the farmers in the care of their herds, and how the influence of the instruction of the department of agriculture was reaching out even "to the back concessions" where the farmers were realizing the good done. Mr. Putnam also lauded the deiry standards act as a means of resising the quality of dary pro-

the general sentiment of the dairy- we have, to some extent at least, neglected the marketing end. It may be that there is some justification for barring of oleomargarine from Canada, the statement. Anyhow I think it can and the discontinuation of its manu- be shown that producers in this country have not taken much interest in the disposal f their products, and have on for the stoppage of the entry and paid less attention to market prob-

The

"Canadian dairy producers have not nterested themselves as much as producers in other countries have in marketing problems connected with the disposal of their products.

"The present is a critical time in the history of the dairy industry, owing to conditions arising out of the

war.
"Canada is the only important dairying country in the world that does not exercise some form of con-

"Competition in the world's mar-kets will be much keener in the future than it has been in the past. "Dairymen's organizations cannot control prices, but they can do much

Mr. Yorke will be the only new face in securing the fullest possible return to the board this year. permit. "Producers should study world con-ditions in order to adjust their busi-

ness to changing circumstances. "Canadian dairymen have depended too much on government action instead of taking the initiative themselves, and thus increasing their own power and self reliance."

Tenders Butter Report.

In tenderng the report on butter-grading in Ontario in 1921, Mr. Scott said: "Butter-grading in Ontario has not received the same support from the trade, nor from creameries, as it has in some provinces. There are no doubt many reasons for this. First of all we have a home market for practically all the butter manufactured in

the province. After speaking of the grading of butter in Ontario, Mr. Scott said finally: "In conclusion let me say that I tering on "Matters of Present Day Interest to Ontario Creamerymen."

Mr. Gibson dealt largely with the wision of bigger and better things in the future and who can be the state of chemistry in the future and who can be the state of chemistry in the future and who can be the state of the sta use of chemistry in the production the possibilities of men united in purpose and co-operating for improve-

> Reports Dairy Inspection Frank Herns, who is secretary of

structor and dairy inspector, gave his report on dairy inspection in 1921. "It is impossible," he said, "to discuss at length, the many dairy prob-lems that have to be dealt with during

mary is attempted in this report."
"Many factors enter into the field of progress, and it becomes a more dif-ficult problem each year to meet the many technical requirements in maintaining the general standard of quality

of our dairy products." Mr. Herns spoke of the issuance of dairy circulars, the dairy show in Lon-don, England, where Ontario had stood As mapped out on their program, the high, visits to the 114 factories producing dairy products, the milk supply and other matters of a kindred na-

> Mr. Herns also presented the creamery instruction report, the most out-standing feature of which was the part concerning cream grading, one of, if not the most important topic throughout the whole convention. Of this Mr. Herns said:

Lauds Cream Grading.

"Plans have for several years been leading up to this forward step. Con-ditions in the butter trade are ap-parently favorable for a movement that will bring about in this connection a co-operative arrangement between producers, creamerymen and dealers. From an economic standpoint

methods and equipment and further improvements along this line may be looked for, but the chief factor that may now be expected to insure uni-form quality is the payment for cream

on a quality basis.
"This important problem should be count of its soothing, healing and ex- given careful consideration during the present year, and some concerted ac-tion taken to the effect that this vital
