Pan-German Congress Concerned Abou Slavonic Wave Advancing From Bast.

BERLINN, May 12 .- At the Pan-Ger man congress a few days ago great alarm was expressed at the rapid in-crease of the Polish population, not only in the Eastern provinces, but in the industrial regions of the West as well. One speaker after another spoke of this as the Empire's chief danger and the government was adjured to put into effect the expropriation law passed against the Poles three years ago, which enables the State to pur chase large Polish estates compulsorily and divide them out among German

Poles, as a rule, have larger families than Germans and marry vounger. Their surplus is sent west ward, and in Westphalia and Rhenish Prussia there are already hundreds of annum thousands of this race, all organized in to flourishing communities.

It is not only this increase of their own Poles which troubles the Pan-Ger mans. In 1909 no fewer than 393,000 Poles from abroad settled in this country, of whom 260,000 settled in rural that five second-class cruisers of the are welcomed, or at least allowed to construction, just received, for the conand the remainder in urban districts. Many persons have lost who do not actually speculate. These include people in society, actors, and actresses, as everyone thought if a good opportunity to invest in the shares when the Dreadnoughts were

AGAINST ENLISTMENT

Mysterious Circulars Distributed Around Military Headquarters in

DENVER, May 12.-Mysterious circulars are being spread in Denver with the object of discouraging enlistment into the federal army and the state militia as well. The printed circulars, which have been pushed under the doors of the military authorities and scattered at Fort Logan, convey such assertions as "Keep the boys out of the army; it is hell. No man can fall lower than a soldier. It is a depth beneath which we cannot go. A good soldier is a blind, heartless, soulless murderous machine.'

Appended is a pledge which says, in part: "I refuse to kill your father. I refuse to slay your mother's son. I re fuse to wet the earth with blood and blind eyes with tears."

As soon as it was learned that one batch of these circulars had been destroyed the headquarters of the soldiers and officers were supplied with another. Government officials are investigating and if the senders of the circulars help "boost" the team's batting aver-
