You can afford an Edison Phonograph

The price places it within reach of all. No family is too poor to have an Edison Phonograph. No family is too rich to enjoy it. Nothing that money can buy will furnish a greater range of amusement for every dollar invested.

Mr. Edison intended that his Phonograph should be found only in the Edison Phonograph, because no other sound-reproducing machine is so perfect and so faultless. None other is made by the inventor of the Phonograph idea as the Edison Phonograph is.

Do not forget these things. Remember that they are found only in the Edison Phonograph, because no other sound-reproducing machine is so perfect and so faultless. None other is made by the inventor of the Phonograph idea as the Edison Phonograph is.

CHRISTMAS STAMP CAMPAIGN

THE 1909 BATTLE AGAINST THE DREAD WHITE PLAGUE.

Available Beds in the Muskoka Free Hospital for Consumptives Increased Three-Fold as a Result of Last Year's Sale of Christmas Stamps. The Number Can Be Doubled This Year If Everyone Will Help.

STIMULATED by the success of the National Sanitarium Association, have made large preparations for the sale of the Christmas Stamp of 1909-10. In the regular government postage stamp.

This Christmas stamp will not carry any kind of mail, but any kind of mail will carry it—and carry too the happy Season's Greetings from sender to receiver. The stamps will be done up in envelopes of ten, twenty-five, fifty and one hundred for ordinary selling, and large users will be supplied in quantities. The price for ten or for one hundred is a cent each.

The banks, departmental stores, drug stores, book and stationery stores and many other stores will sell them. Women's clubs, church organizations, bible classes and Sunday schools, public schools, and many other organizations and individuals will help this year as last year.

There would seem to be no reason why everybody everywhere may not help in forming an army of willing workers to sell these stamps all over the Dominion. The Muskoka Free Hospital for Consumptives is in the fullest sense a national institution for curing patients from every province in Canada.

The first issue of the stamp for this year is a million, and these will be put into circulation immediately, but there can hardly be any reason why the issue should not be increased many times over before Christmas.

The direction of the sale of Christmas Stamps is in the hands of Mr. J. S. Robertson, Sec. Treasurer, National Sanitarium Association, 617 King Street, West, Toronto, who will give prompt reply to any enquirer regarding the stamp.
