NEW RICHMOND

It is with deep regret that we are called upon to record the death of Mr. James Harvey, which occurred at his home on Wednesday last, after a few months illness. The deceased gentleman was over seventy years of age. The late Mr. Harvey was one of New Richmond's honored and respected citizens and his loss is deeply deplored by a large circle of friends. He was an honored member of St. Andrew's church and for many years he occupied the position of secretary of the church till within late years. For a number of years he held the prominent position of Custom collector under the Liberal Government. He was respected by all classes and looked up to by the poor as well as the rich. He leaves a wife, two daughters Mrs. J. B. Henderson of Inverness, C. B. and Maude at home, and two sons, Ernest and Percy at home. The funeral took place on Friday afternoon and was largely attended. The service was conducted by Rev. J. M. Sutherland of New Carlisle and Rev. J. F. McCurdy of Red Bank, N. B. Interment took place in St. Andrew's Presbyterian cemetery. We extend sympathy to the bereaved family.

We regret to learn that Mr. Arthur Gilker, our highly esteemed citizen, is suffering from a cancer and his conditions are reported as critical. Mrs. Gilker, who has been very low for some time is reported to be a little stronger, and we hope to see her about again.

The friends of Mr. William Montgomery are glad to hear that he is recovering from an attack of pneumonia.

The death of Miss Eva McWhirter occurred at her home on Feb. 7th, after a long illness. Deceased was only 23 years of age. The funeral took place on Tuesday the 9th, and was largely attended. The service was conducted by Rev. J. M. Sutherland of New Carlisle, interment being made in St. Andrew's Presbyterian cemetery.

Mrs. J. B. Henderson of Inverness, C. B. was called here by the death of her father, the late Mr. James Harvey. Mrs. P. McNichol of Campbellton is visiting her old home in New Richmond.

We are sorry to hear that Mr. Gilbert McWhirter is on the sick list. Rev. J. M. Sutherland of New Carlisle filled the pulpit in St. Andrew's church on Sunday morning the 21st, and Black Cape in the afternoon.

Rev. Dr. Polley of Dalhousie is expected to conduct service in St. Andrew's church on Sunday the 14th.

St. Andrew's Presbyterian church has been vacant since Dec. 1st and so far there are no prospects of getting a settled pastor, but we will trust in Providence that the congregation will have a servant in the field by early summer.

The Model school has been closed for a few weeks on account of our teacher, Miss Cleland, being called to her home owing to the illness of her aged father. We are glad to note the school has been reopened with Miss Bernice Willett of Grand Caspédia in charge, and Miss Bessie Burton of Black Cape is taking Miss Willett's place as elementary teacher.

Mr. Cameron Watson is hauling lumber for a repair shop, which he is going to build as soon as the weather permits. We wish Mr. Watson every success in his new undertaking.

Your correspondent has been in conversation with Mr. George Hardy, our local agent for the Gagne S. S. Company, and has informed us that the S. S. Canada, which has been so well known on this route for some years past, will be known in future as the S. S. Acadia. The steamer is now undergoing some needed improvements at her winter quarters in Quebec.

BARACHOIS DE MALBAIE

Mr. H. A. Ellis, manager of the Sherbrooke Lumber Company, with Mrs. Ellis and son, have just returned from a very enjoyable six weeks trip in the South, during which time they travelled over 7000 miles. Leaving St. John for Boston and New York and the Panama Canal via Havana Cuba. Returning via Key West and visiting the following places: Palm Beach, St. Augustine, Jacksonville, Washington and back to New York.

The summer weather in the south was very pleasant after the wintery weather of the North and the tropical foliage and fruits were something long to be remembered. Lumber trade is very dull in the south, and more especially in Cuba where the war has cut off the demand for cigars considerably, and the incessant rains in January have caused a big shortage in the sugar crop. The Panama Canal is an immense undertaking, and must be seen to be appreciated. Although not officially opened, vessels are passing through continuously and everything works smoothly except for an occasional slide at Culebra. During one forenoon spent at Gatina by the writer, 8 steamers passed through the locks bound for the Pacific, 5 of these steamers being British. Mr. Ellis reports ideal lumbering conditions on the Gaspe coast up to the present, not much snow and fine weather, and the cut about as usual.

It is evidently the opinion in some of the most select German circles that you can jam a whole lot of kultur into a two-quart can of nitro-glycerine.
