Full Swing.

A GALA DAY AND A GREAT CROWD.
Ten Thousand People Present—The Gate
Receipts \$300 Above of the First Day.

Mr. W. H. Olding said that absence made
the heart grow fonder and was truly
applicable to the case of Mr. John
W. Whitton, the energetic president
of the Industrial Association of Toronto
yesterday. Mr. Whitton was most
vividly remembered by the distinguished
visitors and his fellow-directors at the
opening of our great Industrial Fair yesterday,
and many a word of sorrow was
expressed for the gentleman, who is
now confined to his home, owing to his
unfortunate accident three weeks ago.
Dreycus expressed the hope that Mr.
Whitton would soon be restored to health,
and the World understands that such
longed-for event is not far away. This
course was Mr. Whitton's first absence
from the fair, and his presence at the
most of the great exhibition two years
ago.

The association has been particularly
fortunate in these matters. The
chairman, and without losing much time
in the matter of the fair, and the
most of the great exhibition two years
ago.

Bayonnetted the strikers.
Troops called out to suppress
a riotous mob.

The Mob Repeatedly Charged the Soldiers
But It Driven Back—Many of the
Rioters Wounded—Several Officers
Struck by Stones and Seriously Injured.

SOUTHAMPTON, Sept. 9.—The strikers made
a riotous demonstration to-night and were
only dispersed at the point of the bayonet.
The trouble began with the dock laborers
preventing the departure of several trains.
The strikers also beset the gates of the
dock and prevented the entrance of officials.
Two companies of infantry arrived this
evening and drove the mob from the rails.
The dockmen made desperate attempts to
break the line formed by the troops. Some
of them took the horses from the cable-stanchion
near by and mounting them charged
furiously upon the soldiers. The troops
however, stood firm and repulsed the
mob. A number of the horses were
bayonneted and some of the riders were
seriously wounded.

By this time the crowd had become
greatly augmented and volley after
volley of stones were hurled at the
troops. The lieutenant had the bridge
of his nose broken by a stone, and two
others were severely hurt.
At this juncture the Mayor appeared and
four companies of the 1st Buffs were
sent to the scene. The Mayor added to the
fury of the mob, a section of which stormed
the Mayor's business premises, and smashed
every window in the place.
