THE dangerous rocks of the Lizard, on
the coast of Cornwall, one of the oldest
landmarks of the marine world, are the
scene of many terrible disasters. It was
here that the Spanish Armada was
wrecked when the Spaniards tried to in-
vade England.

PRETTY HOME WEDDING.
Miss Anna Strangway Becomes the
Bride of Walter J. Finch.

A high noon Oct 30th at the residence of
Mr. and Mrs. George Strangway, George
street, Sarnia, their daughter, Anna May,
was united in marriage to Walter J.
Finch, of Sarnia Tunnel. The groom
was attended by Wilfrid F. Strangway,
brother of the bride, and Miss Ethel May
Poster assisted as bridesmaid. The bride
was given away by her father, Mr. Geo.
Strangway. The company took their
places to the strains of the wedding march
played by Miss Eva Finch. The marriage
ceremony was performed by the Rev. J.
W. Baird, pastor of Devine street Meth-
odist church in the presence of about 35
guests, mostly intimate relatives of the
contracting parties. The bride looked
winsome and charming attired in a dress
of white organdie and carrying a bouquet
of bridal roses. The ceremony and con-
gratulations over the company sat down
to an elaborate wedding breakfast at the
conclusion of which the happy couple
left on the afternoon express on a trip to
Buffalo and other eastern cities.
A handsome array of costly and beauti-
ful wedding tokens amply testified to the
esteem in which both bride and groom
are held by their many friends, all of
whom unite in hearty congratulations.

When Your Back Hurts.
Of course it's hard to work. Stooping
over hurts, lifting is tedious, and you wonder
what to do. Ever try Nerviline?
Nothing like it for weak or lame back. It
penetrates to the core of the pain, eases
from the first application, brings cure that
defies a relapse. No liniment is so clean,
so soothing, so certain to kill muscular,
rheumatic or sciatic pains. Your dealer
sells Poison's Nerviline in large 25c bottles.
Why not try it?

Fireman Succumbs to His Injuries.
Fireman John Robertson, who was so
badly injured in the explosion of Engine
446 at Newbury Tuesday night died Thurs-
day afternoon at 1:30 o'clock in Victo-
ria Hospital. His death was not un-
expected, as the attending physicians,
Dr. Drake and Dr. Seabourne, did not
think he could survive when they first
saw him.
His injuries were terrible, and he suffered
fearful agony. He began to sink
early yesterday morning, and gradually
weakened until he died.
His wife was with him when the end
came. Although he was under the in-
fluence of opiates he was conscious at the
last.
Deceased is survived by a widow and
also by his father and mother, who live
in Hamilton.
It is alleged that during his delirium
he repeated the words:
"There's plenty of water, Bob."
This would indicate, if the story is true,
that it was not the turning on of cold
water on the hot flues that caused the ex-
plosion or that the water gauge was
blocked, and showed water in the glass
when there was none in the boiler.

No Liniment Can Cure It.
That pain between the eyes isn't neural-
gia. Many think so, but it is catarrh, plain
ordinary catarrh that needs attention right
now. Your proper lead is to use "Catarrh-
ozone." Doctors recognize it as a cure that
surpasses all others. Sure, because it does
reach the trouble; safe, because no drugs
to take, you breathe its healing vapor
direct to the cause of the trouble, and cure
is guaranteed. Two sizes, 25c and \$1.00.
Sold everywhere.

Model School Examinations.

Geography.
Thursday, Dec. 12th.
9.00-11.30—Methods—Grammar and
Composition.
1.00-2.30—School Management.

THE DEMON, DYSPESIA.—In olden times
it was a popular belief that demons moved
invisibly through the ambient air, seeking
to enter into them and trouble them. At
the present day the demon, dyspepsia, is at
large in the same way, seeking habitation
in those who by careless or unwise living
invite him. And once he enters a
man it is difficult to dislodge him. He that
finds himself so possessed should know that
a valiant friend to do battle for him with
the unseen foe is Parmelee's Vegetable
Pills, which are ever ready for the trial.

Burglars Visit Toronto.
Toronto, Nov. 1.—Burglars are again
busy here. Stanner's jewelry store had
the plate glass window broken while the
constable was making his rounds on the
beat, and when he returned he found
some of the articles on the sidewalk. A
furnishings store was entered from the
rear, and the men got a complete new
outfit from the stock, beside stealing all
the stick pins and cuff links. They left
a pair of dirty socks behind.

ENGLISH SPAVIN LINI-
MENT removes all hard, soft or callous
lumps and blemishes from horses, blood
spavin, curbs, splints, ringbone, sweet-
stiff, sprains, sore and swollen throat,
coughs, etc. Save \$50 by use of one bottle.
Warranted the most wonderful Blemish
Cure ever known.

LOCAL OR OTHERWISE.

THE Medcoff-Bosanguet case—the
Shawana drain—has been indefinitely
postponed.

ACCORDING to notice received from
headquarters of the G. T. R. no freight
cars are to be loaded at inland points for
thirty days—all empties being required
for wheat at lake ports.

LAKE ERIE is five inches higher than
in 1906 and twenty inches higher than in
1907. The lakes, as has long been noted,
has a rise and fall extending over several
years, the cause of which is unknown.

HERE is a schoolboy's essay on ants:
"My subject this month is ants. There
is 2 kinds of ants, namely, Insekts and
lady unks. They live in little hills of
sand and with their married sisters. 2
stay with us. They krawl in the sugar
bole. This is all I know about ants.
Johnny Green."

PRESIDENT CREELMAN, of the Ontario
Agricultural College, Guelph, states that
about 300 students, of whom 55 are fresh-
men, are taking the long course of four
years, and 800 more the short courses at
the O. A. C. About 20 students came
from Great Britain, and about as many
more from Germany and other parts of
the continent.

HICKS, in his October forecasts, pre-
dicts an early spell of unseasonable cold
and frost during the first half of October.
He believes the last half of October and
all of November will bring a spell of open
weather, favoring out door work, and
bringing as little general exposure to
orchards, gardens and fields as the re-
actions to cold and frost during much of
September and early October.

A SCOTCHMAN went to London for a
holiday. Walking along one of the
streets, he noticed a bald-headed chemist
at his shop door, and inquired if he had
any hair restorer. "Yes, sir," said the
chemist. "Step inside, please, That's
an article I can highly recommend."
Testimonials from great men who have
used it. It makes the hair grow in
twenty-four hours. "Aweel," said the
Scott, "ye can gie the top o' yer head a
bit rub wi't, and I'll look back the morn
and see if ye'e tellin' the truth."

THE New York State Department of
Health has supplied teachers in all the
incorporated villages of that State with a
complete set of forms and accompanying
instructions to secure a test of the eyes
and ears of all children in the Public
Schools, with a view to the establishment
of some means of remedy. Out of 41-
000 children whose eyes were examined
at the instance of the Vermont State
Board of Education 14,000 pairs of eyes
were found defective. One child out of
every three whose sight was tested stood
in need of medical attention. Similar
stories come from almost every city where
inspection has been made.

ITCH, Mange, Prairie Scratches, Bar-
ber's Itch and every form of contagious Itch
on human or animals cured in thirty minutes
by Woltord's Sanitary Lotion. It never
fails.

Pitch in on G.T.R. at Wyoming.

A serious accident was narrowly aver-
ted on the G.T.R. near Wyoming Thurs-
day morning, when Engine No. 330
crashed into a couple of passenger coaches
standing on the tracks of the Petrolia
division.

The accident occurred while some
switching was being done, and the pas-
senger coaches, who were in the track wait-
ing to be taken down to Petrolia, were shaken
up severely.

Mr. William Tackaberry, of this city,
was possibly the worst injured.
He was standing near the stove at the
time, and was hurled against the coal
box, sustaining several severe cuts about
the head.

In addition Mr. Tackaberry was severely
bruised and shaken up, and will be
confined to his house for several days.
The 3-year-old daughter of Mr. L. D.
Caldwell, of Watford, was thrown against
the corner of the seat, and had her head
badly cut.

It was thought for some time that she
had been seriously injured, but later she
recovered.

All the passengers sustained more or
less bruises from being thrown violently
about the car.
The accident was the result of the en-
gine skidding when the brakes were ap-
plied. The platform of the passenger
coach was completely wrecked, and the
smoke box of the engine was considerably
damaged.

ITS POWER GROWS WITH AGE.—How
many medicines loudly blazoned as pan-
aceas for all human ills has come and gone
since Dr. Thomas' Electric Oil was first put
upon the market? Yet it remains, doing
more good to humanity than many a pre-
paration more highly vaunted and extend-
ing its virtues wider and wider and in a
larger circle every year. It is the medicine
of the masses.

W.C.T.U. Convention.

The thirtieth annual convention of the
Ontario Women's Christian Temperance
Union is to be held in Cornwall from
Nov. 5 to 8 inclusive. The convention
speaker will be Miss Belle Kearney of
Mississippi, one of the foremost orators in
the National American W. C. T. U.
Miss Kearney's address will be delivered
on Tuesday night. Miss Mary Jameson
of Rochester, N. Y., evangelist for that
state, will be in charge of the morning
consecration service and will attend the
various conferences. Rev. Jos. Mowat,
Miss Agnes Sproule, Algoma missionary; and Mr.
Arthur W. Deall, white cross representa-
tive, will be present.

Neither Graves' Worm Exterminator does
not require the help of any purgative medi-
cine to complete the cure. Give it a trial
and be convinced.

Well Known Ball Player Badly Hurt.

Strathroy, Nov. 1.—Charles Barnes,
who lives on the town line between Wil-
liams and Lobo, met with a serious ac-
cident while attending a threshing at
Arch McDougall's, concession 9, Caradoc,
and received injuries which may result
fatally.

Barnes was working near a pile of rails
when they suddenly tumbled over and
buried him.

When rescued it was found that he was
frantically injured, his spine being frac-
tured. Dr. Glass, of Poplar Hill, was
summoned and stated that Barnes' chances
for recovery were very slight. Barnes is
well known in and around Strathroy as
a baseball enthusiast and pitched for several
seasons with the local teams here.

Good Class of Immigrants.

Ottawa, Oct. 27.—"Immigrants who
have gone into the west this year excel
both in point of numbers and in point of
quality and adaptability for agricultural
pursuits, the new settlers of any previous
years," said Mr. J. Obed Smith, commis-
sioner of immigration, at Winnipeg. He
noted that the great majority of the im-
migrants to the west this year already had
practical experience of farming in Great
Britain, the United States or in Eastern
Canada. A large proportion of them
were also well supplied with money, and
the immigration department is anticipat-
ing little or no call to help the new arrivals
through the coming winter or until they
had broken up their land and realized on
the first crop.

Fruit Has The Scale.

On a report sent to the department of
agriculture by some Grimsby fruit grow-
ers, a seizure of five carloads of Kiffer
pears, brought from Maryland, was made
on Saturday last, at the Grimsby canning
factory, for being infected with the San
Jose scale, and two other cars of the same
fruit are daily expected.

This is said to be the first occasion on
which fruit so infected has been sent into
this province. Although under the
Dominion Act all nursery stock imported
must be fumigated at the Falls, no pro-
vision appears in it for the treatment of
fruit.

It is probable that the fruit in question
will be peeled under careful supervision
and canned, while the peelings will be
destroyed, as answering all practical pur-
poses.

Shipments of Maryland fruit are also
expected at other canneries under the
control of the trust.

A final decision as to what will be done
with this fruit will be made by the min-
ister of agriculture this morning.

Infants too young to take medicine may be
cured of croup, whooping cough and colds by
using Vapo-Cresolene—they breathe it.

B E E R
as brewed in
Ontario is made
from choicest
Ontario barley
malt, selected
hops, and the pur-
est of water, dealt
with under condi-
tions which insure
purity and quality.

BEER is a term which covers lager, ale, porter, and stout;
and in the province of Ontario brewers, liqueur beverages
made under most hygienic conditions from Ontario barley
the best in the world malt, hops, and pure water.

Vapo-Cresolene
Established 1879

Whooping Cough, Croup, Bronchitis
Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a
remedy to cure disease of the breathing organs
than to take the remedy into the stomach?

It cures because the air rendered strongly anti-
septic is carried over the diseased surface with
every breath, giving prolonged and constant treat-
ment. It is invaluable to mothers with small
children.

Those of a consumptive
tendency find immediate
relief from coughs or in-
flamed conditions of the
throat.
