

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. HONORS SPLIT EVENLY

Two Federal Bye-Elections With No Change in Results.

Government Retains York-Sunbury, N.B., While Liberals Maintain Hold on Yamaska, Quebec—Result in Later Constituency May Delay Reorganization of Meighen Cabinet—Conscription Still an Issue.

OTTAWA, May 30.—Honors were even in two Federal bye-elections held on Saturday, so far as the Government and the Liberal Opposition were concerned, but there was no glory in either for the Agrarian Party. The Government succeeded in retaining York-Sunbury, N.B. The Liberals maintained their hold upon Yamaska, Que. The Farmers in both contests played losing hands. Yamaska, however, will not alter the Government's legislative program, nor lessen its strength inasmuch as its support is drawn not from Quebec, but practically altogether from the other eight provinces. The Liberal majority in Yamaska may, it is said, have the effect of deferring the reorganization by which Quebec's representation in the Cabinet would have been increased.

The success of R. P. Hanson, the Government candidate in York-Sunbury, was expected here. It was thought, however, that the failure of the Liberals to contest the riding and the fact that the Farmers were represented by a strong candidate, a former Conservative, a farmer and an Orangeman, might have made the fight a close one. The outcome is regarded here as indicating that the Government is still strong in the Maritime Provinces and that the Agrarians are not a powerful political factor there.

Few Government supporters expected a victory in Yamaska. Many, however, hoped that the result would be close and to those the size of the Liberal majority is a disappointment. Supporters of A. A. Mondou in the riding, reported that they believed their candidate would win or hold the Liberal majority down to less than the number of votes polled by the third candidate. The campaign to which the large Liberal majority is attributed is regarded as an indication of what will be the character of the Liberal campaign in Quebec at the next general election. A score of Quebec members of the House of Commons took the platform for Mr. Boucher and these, among them Hon. Rodolphe Lemieux, Ernest Lapointe, of Quebec East, Hon. Jacques Bureau and Ferdinand Rinfret, rehearsed the arguments they used in the war election of 1917, and appealed to the people to maintain intact the solid "Bloc" from Quebec.

Has 1,600 Majority.

PIERREVILLE, Yamaska County, Que., May 30.—With figures subject to revision, the Liberal candidate, Alme Boucher, took the Federal seat of Yamaska County, vacant through the death of Oscar Blaud, by a majority of 1,608 over A. A. Mondou, the Liberal-Conservative candidate, while the Farmer candidate, Joseph Lambert, was hopelessly outclassed, polling approximately only 350 votes. Over ninety per cent. of the total ballots, numbering 8,300, were cast, women voting with the same intensity as men.

Hatred of the conscription law of 1917 and fear that it may again be invoked by the Government, carried the Liberal candidate to victory.

Arguments used were that war might again break out at any time and this would mean dragging sons from their mothers' arms to fight overseas in England's battles. The Farmer speakers were yet more open in their statements of "not one cent or one man for England."

Hanson's Majority 1,000. FREDERICTON, N.B., May 30.—Richard B. Hanson, K.C., of Fredericton, candidate for the National Liberal and Conservative party, carried York-Sunbury on Saturday for the Meighen Government by a majority approaching 1,000.

Complete returns are not yet available, as Northdale, located in the far northeastern corner of the constituency, has not been heard from. There are only 57 eligible voters in Northdale, and complete returns, with that exception, showed 7,170 votes for Mr. Hanson and 6,207 for E. W. Stairs, the United Farmers' candidate.

With Northdale returns missing, Mr. Hanson has a majority of 963. But it is expected Northdale will show about two to one in favor of Mr. Stairs, as the United Farmers' organization at Minto, the nearest centre, has been active there. The final majority for Mr. Hanson will, therefore, probably be between 926 and 950.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Sterilized qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

FLAVELLE HEADS BOARD

National Railways May Move Their Headquarters.

MONTREAL, May 30.—Sir Joseph Flavelle, Bart. of Toronto, was elected chairman of the reconstituted all-Canadian Board of Directors of the Grand Trunk Railway on Saturday.

Howard G. Kelley was reappointed director and president of the company. The other directors elected were: J. Narcisse Dupuis, Montreal; E. L. Newcombe, K.C., Deputy Minister of Justice, Ottawa, and Alfred J. Mitchell, financial vice-president of the Canadian National Railways, Toronto.

It is further understood that when the consolidation of the Grand Trunk and Canadian National Railways is finally completed Sir Joseph Flavelle will be appointed chairman of the board which will direct the management of the combined roads.

It is also stated that the new all-Canadian board of the Grand Trunk is only temporary, to hold office until the consolidation has been effected. It is thought, in consequence of these changes, that the Grand Trunk headquarters will be removed to Toronto, with most of the executive positions of the road concentrated at the latter city.

It was officially stated on Saturday that the first business before the new board was the acceptance of the resignations of the English Board of Directors. Howard G. Kelley stated that the consolidation of the Grand Trunk with the Canadian National Railways will be proceeded with as rapidly as possible.

It is stated that the Grand Trunk arbitration proceedings to determine the value to be awarded the shareholders by the Canadian Government on the acquisition by the latter of the road will be resumed here next Wednesday, with the same arbitrators and counsel as at previous sittings.

CAPTAIN MUELLER GUILTY.

German Officer Was Brutal to British Prisoners.

LEIPZIG, May 30.—A sentence of fifteen months' ordinary imprisonment has been demanded by the state prosecutor Saturday for Capt. Mueller, the second German officer to be tried on criminal charges arising from the conduct of the war. He is charged with cruelties to prisoners at the Flavy-Le-Martel Prison Camp in the department of the Aisne, France.

The prosecutor told the High Court, which is conducting the trials, that the case of Capt. Mueller was as bad as that of another, Sergeant Hoynes, who was sentenced to ten months' imprisonment for having ill-treated British soldiers at the camp at Herne, Westphalia. Nevertheless, he said, Mueller was to blame for the striking and kicking of prisoners, the binding of one of them to a stake, and for compelling sick prisoners to work. He held the case was not one for imprisonment in a fortress on the ground that the charges against the captain were "moral rather than legal."

Mueller's counsel pleaded that six months' confinement in a fortress would be ample punishment.

BLACK HANDERS ACTIVE.

Dynamite Bomb Wrecked Italian Home in Hamilton.

HAMILTON, May 30.—Another Black Hand outrage occurred here early Sunday morning, when, shortly after 1 a.m., a bomb or dynamite exploded under the front verandah of the home of I. G. Lombardo, Ferrie street west, and badly damaged the front of the house.

All the occupants of the house were in bed in rooms upstairs, and no one was injured. The house was badly shaken, however, and was almost dislodged from its foundations. Window glass in nearby houses was broken, and the entire neighborhood thrown into a panic.

Police Sergeant Stewart was on duty at King and James streets, and on hearing the loud report, fearing it was an explosion, set off for the north end, where he was directed to Mr. Lombardo's home. He found the front verandah a complete wreck and a large hole torn in the wall from the effects of the explosion. A fairly powerful bomb or several sticks of dynamite were used, it is thought.

Several local Italians have received threatening letters of late, and it is believed that the Black Handers are making a studied attempt to strike terror into their peaceful compatriots so that the latter will meet the financial demands made on them.

Only last Tuesday a similar outrage occurred at the home of Monaco Natale, who lives on Sheaffe street near Bay street. Dynamite was used, and heavily damaged the house. Natale stated that he received a Black Hand letter a few days previous, warning him that if he did not leave \$1,000 at a certain place he and his family would be killed.

No arrests have been made. The explosion was heard as far as Dundas and Stony Creek.

ULSTER STANDS FIRM

Victory of Unionists Places Parliament on Sound Basis.

Only Hope of Ultimate Consolidation of Ireland Lies in Negotiations Between North and South—Sinn Fein and Nationalist Elements Not Strong Enough to Handicap Sir James Craig.

BELFAST, May 30.—The final composition of the Ulster Parliament will not be known until some time later in the week owing to the length of time which is being consumed in counting the vote of County Down.

As the count now stands the Unionists elected 33 members, the Sinn Fein 6 and the Nationalists 5, with three seats still to be filled. Queen's University has returned four Unionists.

The Ulster election has passed off with singularly little comment in the English press. The sweeping victory of the Unionists has been somewhat of a surprise, but it is believed that the Sinn Fein-Nationalist Coalition did not work as well beneath the surface as had been hoped for. It had counted on winning 20 seats, and if it had done so the abstention of 20 members out of the 52 would have gone far to cripple the authority of the Northern Parliament.

As it is the Ulstermen have established unmistakably their claims, it is held here, and the situation is clearly defined. All Southern Ireland is Sinn Fein, and in the six counties of Ulster the predominance of Unionism is established in the face of a divided Opposition. Commenting on this, J. L. Garvin writes in the Observer:

"In three-fourths of Ireland the Sinn Feiners have swept the board and are now the only party worth negotiating with. In Ulster the Covenanters, under Sir James Craig, have secured an even greater majority than anyone on this side expected. Ulster, by the steady will and determination of its Unionist people, is established as a solid little self-governing society, well able to hold its own, and the strongest in the world for its size."

"No means or force existing in Ireland, or outside it, can undo this event. Let us be sure of that. No unity of Ireland ever can or will exist until their consent to it is won by methods of reason, replacing the methods of anarchy."

The only hope of Ireland, it is felt here, now rests in negotiations between the North and the South. Lloyd George, by his remark in the House of Commons on Thursday that, if necessary, the crown forces in Ireland would be increased, showed that the Government had no intention of changing its policy.

The North and South are face to face, but, unfortunately, little that can come out about their negotiations suggests, it is feared, that there is a chance of a real understanding between them. The success of the Unionists in the North, it is believed here, will stimulate the desire of moderate Sinn Feiners, shocked by such outrages as the burning of the Dublin Custom House, to reach an agreement with them.

Sir James Craig, Premier-designate of Ulster, has gone to London to arrange the details of the ceremony attending the opening of the new Northern Parliament on June 7. The Ulster Unionists still express the hope that either King George or the Prince of Wales will formally open the proceedings, and decried the "exaggerated" idea the people of England have concerning conditions in the six Ulster counties, which the English believe, would make it dangerous for royalty to visit this country.

The Unionists, however, probably will have to be satisfied with some lesser dignitary, among those mentioned being the Prime Minister, Mr. Lloyd George; the viceroy, Viscount FitzAlan, or even Sir E. Clarke, the viceroy's representative in Ulster.

The ceremony will be held in the Belfast City Hall, one of the finest buildings in Ireland. It is a big stone building, occupying a commanding site. The interior is finished in Italian, Greek and Irish marble with fine memorial windows, and some of the finest modern carvings.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to be relieved, except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has given relief to a generation of asthmatic victims of this scourge of the bronchial tubes.
