YOU'LL GET GOOD ENSILAGE
With a **TORONTO** Silo

I HANDLE the Toronto Hip Roof Silo because I want to give my customers the biggest value. You can't have good ensilage unless you have a good silo. And Toronto Silos are good silos. Made of wood—the best non-conductor of heat and cold. Sturdily built from double tongued and grooved staves of selected spruce impregnated with creosote, they give adequate protection against air and frost. Their special Hip Roof provides more space for filling. I can show you where a Toronto Silo will mean more productive cattle, bigger profits, a more valuable farm—dollars in your pocket. Let's talk it over.

Good News for Under-Nourished

Hundreds of people are literally starved in the midst of plenty because the system is unable to obtain sufficient nourishment from foods lacking Vitamines. Modern methods of preparing foods destroy those health-giving, strength-producing, body-building elements known to Science as "Vitamines" with the result that health is impaired, people are under-nourished, have indigestion, boils and skin troubles.

NYAL VITAMINE TABLETS supply Vitamines in concentrated form. They contain Yeast, Iron and other valuable agents for building up firm, healthy flesh, purifying and enriching the blood and strengthening the mental functions.

Take **NYAL VITAMINE TABLETS**, and watch your weight increase.

ARE YOUR EYES GETTING BETTER?

Your eyes are either getting better or they are getting worse. If your eyes need correction, any delay in getting glasses is slowly but surely damaging them.

Do not hesitate to wear glasses if you need them. You can select a style which is becoming, and the comfort to your eyes will be well worth while.

Have you had your eyes examined lately?
