

THE INFALLIBLE REMEDY !!!

Holloway's Ointment.

ERYSIPELAS of eight years cured!
Copy of a Letter from Gen. Sinclair, Esq.
of Paris, Canada, dated the 18th July
1854.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in
bearing witness to the wonderful benefit I
have derived by the use of your inestima-
ble Ointment and Pills. For eight years I
suffered unceasingly from attacks of erysi-
peles; large purple blotches came all over
my body; in addition to the unpleasant
feeling of itching and burning, which af-
fected me both night and day, rendering
life a misery to me, as well as to all around
—so severe was the attack. I used several
reputed remedies without deriving the least
cessation to my misery. At last I de-
termined to try your Ointment and Pills;
after taking them for a few weeks, a visible
improvement took place, and I feel consi-
derably better.—In three months, by con-
tinuing with your medicines, I was com-
pletely cured, and now enjoy the best of
health. The truth of this statement is well
known here, hence there is no necessity
for me to request secrecy.

I am, Sir, yours respectfully,
(Signed) GEO. SINCLAIR.

ULCERS in the Leg.—Remarkable Cure!
Copy of a Letter from Mr. Edward Tomkin-
son, of Cape Breton, Nova Scotia, dated
the 4th May, 1854.

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson,
suffered for a great number of years from a
bad leg, in which there were several deep-
ly seated and old wounds, discharging the
contents of some of the most eminent of the medical
faculty, a variety of remedies were also
used unsuccessfully; and it seemed to me
that there was not any thing capable of
mitigating the agonies she endured. At
length, she had recourse to your Ointment
and Pills, and after using them for about five
weeks, she was completely cured, after all
other means had failed to afford her the
slightest relief. I have no objection to these
facts being published, if you feel disposed
to make them known.

I remain, Sir, your most obdt. Servt.
(Signed) EDWARD TOMKINSON.

A BAD BREAST CURED WHEN AT
DEATH'S DOOR!!
Copy of a Letter from Mr. Henry Malden,
of Three Rivers, Canada West, dated
July 9th, 1854.

To Professor Holloway.

Sir,—My wife suffered most severely after
the birth of our last child with a bad breast.
There were several holes in it, one as large
as a hand; all the devices and strappings I
tried would not heal them, but assumed an
aspect more frightful than before, and horri-
ble to behold. As a last resource I tried
your ointment and pills, which she perse-
vered with for seven weeks, the expansion
of that time her breast was almost well; by
continuing with your remedies for two more
weeks, she was entirely cured, and we offer
you our united thanks for the "cure effect-
ed."

I am, Sir, yours truly,
(Signed) HENRY MALDEN.

AYER'S PILLS.

A new and singularly successful remedy for the
cure of all Bilious Diseases—Constipation, Indi-
gestion, Jaundice, Dropsy, Rheumatism, Fevers,
Gout, Humors, Nervousness, Irritability, Indolence,
Stomachic, Piles in the Breast, Side, Back,
and Limbs, Female complaints, &c. &c. Indeed,
very few are the diseases which a Purgative Medi-
cine is not more or less required, and much sick-
ness and suffering might be prevented, if a harm-
less but effectual Cathartic were more freely used.
No person can feel well while a positive habit of
body prevails; besides it soon generates serious and
often fatal diseases, which might have been avoided
by the timely and judicious use of a good purgative.
This is alike true of Colds, Fevers, symptoms, and
Bilious derangements. They all tend to become or
produce the deep-seated and fatal disorders which
which lead the human life over the land. Hence a
reliable family physic is of the first importance to
the public health, and this Pill has been perfected
with consummate skill to meet that demand. An
extensive trial of its virtues by Physicians, Profes-
sors, and Patients, has shown results surpassing
anything hitherto known of any medicine. Cures
have been effected beyond belief, were they not sub-
stantiated by persons of an exalted position and
character as to forbid the suspicion of fraud.

Among the eminent gentlemen to whom we are
allowed to refer for their facts, are
Prof. VALENTINE MOTT, the distinguished Sur-
geon of New York City.
Prof. A. A. HAYES, Practical Chemist of the
Port of Boston, and Geologist for the State of Mas-
sachusetts.

Dr. MOORE, M.D., an eminent Surgeon and
Physician, of the City of Lowell, who has long used
them in his extensive practice.

Dr. C. C. SORELL, M.D., one of the first medi-
cians in New York City.
Dr. C. A. DAVIS, M.D., Surgeon of the
United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred
such names, from all parts where the Pills have
been used, but evidence even more convincing than
the certificates of these eminent public men is
shown in their effects upon trial.

These Pills, the result of long investigation and
study, are offered to the public as the best and
most complete which the present state of medical
science can afford. They are composed of not
of the drugs themselves, but of the medicinal virtues
only of Vegetable remedies, extracted by chemical
processes, in a state of purity and combined together
in such a manner as to insure the best results. This
system of composition for medicines has been found
in the Cherry Pectoral and Pills, both of which are
more efficient remedies than had hitherto been ob-
tained by any process. The reason is partly obvi-
ous. While by the old mode of composition, every
medicine is burdened with more or less of acrid,
stimulant and injurious qualities; by this, each indi-
vidual virtue only being retained. Hence it is
self-evident the effect should prove as they have
proved more purely beneficial, and the Pills a surer,
more powerful medicine to cure than any other
medicine known to the world.

As it is frequently expedient that my medicines
should be taken under the counsel of an at-
tending Physician, and as he could not properly judge of a
remedy without knowing its composition, I have
caused the chemical formulae to be printed, and the
Pills and Pills are made to the whole body of
Practitioners in the United States and British Amer-
ica. If, however, they be sent to any one who has not
received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how
few would be taken if their composition was known!
Their life consists in their mystery. I have no
objection.

The composition of my preparations is laid open
to all men, and all who are competent to judge of
the subject, are freely welcomed to do so, and to
testify to their intrinsic merits. The Cherry Pectoral
and Pills are made to the whole body of
Practitioners in the United States and British Amer-
ica. If, however, they be sent to any one who has not
received them, they will be promptly forwarded by mail to his address.

For minute directions, see the wrapper on the

THE CHEST

Sir Astley Cooper, Bart.,
M.D.

THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A
VALUABLE LEGACY TO THE WORLD IN HIS
Great preventative of Consumption.

I PAYING CURE FOR LUNG DISEASES
WITHOUT THE USE OF MEDICINES
—A C. Bart., invented and advised the use of the
MEDICATED PUR CHEST.

To all persons of all ages and conditions, as
a certain and a safe shield against those
feverish diseases, Consumption, Rheumatism,
Asthma, Coughs, Colds, and other affections
of the Lungs, which arise from the ex-
posed state of the chest, according to fashion,
and the continual changes of our climate.

"The Protector" is simply a chemically pre-
pared tin, lined with silk and padded, which,
suspended from the neck, covers the chest, in so
agreeable a manner, that, once worn, it becomes a
necessity and a comfort.

"The Protector," although but recently
introduced into America, is making rapid
progress through the United States, the
Canadas, South America, and the West
Indies. It has for a long time been a staple
article in England and on the Continent of
Europe, while it has grown in many coun-
tries to the position of an article of dress.

To demonstrate these facts, evidence of any En-
glish resident in your vicinity of his knowledge of
the beneficial effects of wearing the Protector,
will recollect to detouring of any kind. The
cost of wearing these articles is a mere trifle, and
one will last some years. No one who values the
health of himself or his family will be without
them. The Hospitals in this country are not alone
recommending them, but rapidly introducing them.
Barrett, Bradley & Co. of London, and Man-
chester, England, were originally entrusted with
the manufacture of the Protector, by the Imperial
Dr. Cooper, and continue to manufacture ac-
cording to his original instructions, and therefore
recommend them to those who would wear "The Pro-
tectors," to use their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, and
no Patent Medicine.

HOLLOWAY'S PILLS.

Extraordinary Cure of Asthma in an
old Lady, seventy-five years of age.
Copy of a Letter from Mr. Thomas West-
on, (Book Store,) Toronto, dated the
9th October, 1854.

To Professor Holloway.

Sir,—Gratitude compels me to make
known to you the extraordinary benefit an
aged parent has derived from the use of
your Pills. My mother was afflicted for
years with asthma and twenty years with
asthma and spitting of blood, it was quite
agonizing to see her suffer and hear her
cough; I have often declared that I would
give all I possessed to have cured her, but
although I paid a large sum for medicine
and advice, it was all to no purpose. A-
bout three months ago, I thought perhaps
your Pills might benefit her, at all events I
resolved to give them a trial, which I did,
the result was marvellous; by slow de-
grees my mother became better, and after
persevering with your remedies for nine
weeks, she was perfectly cured, and now
enjoys the best of health, although seventy-
five years old.

I remain, Sir, your obliged,
(Signed) THOMAS WESTON.

Remarkable Cure of Dropsy after being
tapped three times.
Copy of a Letter from Anthony Smith, Esq.
Halifax, Nova Scotia, dated the 25th
August, 1854.

To Professor Holloway.

Sir,—I desire to add my testimony to
the value of your Pills, in cases of dropsy.
For nine months I suffered the greatest
torment from this distressing complaint;
I was tapped three times, and finally given up
by the doctors; having become in appear-
ance as a skeleton, and with no more
strength in me than a child, just born. It
was then that I thought of trying your Pills,
and immediately sent for a quantity, and
commenced using them. The result I can
scarcely credit even now, although true it
is. After using them for four weeks, I felt
much better, and by persevering with them,
at the expiration of two months, I was
completely cured. I have since enjoyed the
best of health.

I am, Sir, yours sincerely,
(Signed) ANTHONY SMITH.

Astonishing Cure of General Debility and

Copy of a Letter from William Reeves, of

To Professor Holloway.

Sir,—I am happy to say that your Pills
have restored me to health after suffering
for nine years from the most intense gen-
eral debility and languor, my liver and bow-
els were also much deranged for the whole
of that time. I tried many medicines, but
they were of no good to me, until I had
recourse to your Pills, by taking which, and
following the printed directions for seven
weeks I was cured, after every other means
failed, to the astonishment of my neigh-
bours, acquaintance, and friends. I shall
ever feel grateful to you for this astonishing
restoration to health, and will recommend
your Pills to all sufferers, feeling it my duty
to do so.

I remain, Sir, your humble servant,
