

## Triplex Springs

Take the Jolts Out of Canada's Rough Roads

To appreciate fully what an improvement *Triplex Springs* are, you must ride in the Overland and see what they do.

To light weight and economy of 100-inch wheelbase they add the steadiness and road flexibility of 130-inch Springbase.

It is a new sensation to ride in a light weight car with the com-

fort formerly confined to the heavy car of long wheelbase.

—To be relieved from nerve-racking jolts and to go confidently ahead over rough roads at a good roads' speed.

The made-in-Canada Overland is a striking example of the new strides being made by Canadian industry.

### MORE YARD ROOM FOR ST JOHN

ST JOHN, May 18—As a result of conferences here yesterday by F. P. Brady, General Manager of the Canadian Government Railways, it is expected that additional yard room for 1100 cars will soon be provided. The matter will involve changing the course of the marsh creek, which runs alongside the railway property.

### ST. JOHN EXHIBITION

The First Big Show in the City Since 1914

The St. John Exhibition Association is again going to hold a show and has fixed its dates at September 4th, to 11th inclusive. This will be the first Exhibition to be held in St. John since 1914 as the Exhibition plant has for the last five years, been employed for military purposes. The Militia Department have just handed back the plant and have also paid over a substantial amount to offset the damage done by their occupation, so that the Association is in a position to expend more money than is usually the case, and therefore expects to make this year's

show a distinct success in every way. In addition to some splendid free acts in front of the Grand Stand contracts have been entered into that will make the Midway a more elaborate affair than ever. These contracts include some seven riding devices and about fifteen big tent shows; in fact, the Midway will, this year, resemble a first class Summer Carnival rather than the "fakir's row" of former years.

## A New Character

When, four years ago, KING COLE ORANGE PEKOE TEA first appeared, something more than a new tea had been produced—a new character in tea had been created. Only after most searching experiments in flavor-blending were we at last able to develop that peculiarly mellow richness of flavor so delightful to the taste, which has won for KING COLE ORANGE PEKOE the high place it holds. The total annual sale of KING COLE ORANGE PEKOE has doubled twice in the last two years.

We are confident that you will say that it is different to any tea you ever tasted.

## Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Holmes & Edwards super-plate travelled 86 miles over a tablecloth before wearing through. The nearest competitor lasted only 18 miles. Isn't this worth considering when purchasing silverware for your friends or to grace your own table with. The difference in price is a trifling sum of 50cts. per dozen on Teaspoons.
