

The 34-year old Cutter

which we exhibited at Toronto Fair convinced many intelligent people that "McLaughlin Cutters are Good Cutters." Our goods of necessity cost more than others, but they are cheaper in the end. Select your new Cutter from our exhibit of "Winter Beauties" at any of the Fairs.

"The Best is the Cheapest at any Price."

Carry your Stock and Farm Produce on Waggon fitted with the celebrated "XXX" Bolster Springs. They are the only perfect spring made. In comparison with these all others are useless. Address J. H. MORROW, General Sales Agent, Brighton, Ont. Special inducements to introduce where we have no agent.

2. There are two separate wheels, one for pulping and the other for slicing.
3. The united force of both wheels is always used in doing the work in either capacity.
4. The hopper is between the wheels, and does not choke.

Cheese and Butter

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the salt they use. Some people think that "salt is salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest salt should be used.

The number of prizes obtained by users of

"RICE'S" or "COLEMAN'S" DAIRY SALT

at the various exhibitions is conclusive proof that these brands of salt stand unrivalled. For prices, etc., address
