

BAKER'S TRACELESS HARNESS

No Whiffletrees—No Traces

This harness is indispensable to every fruit grower—vineyardist or orchardist. Saves time, labor and patience. Pays for itself many times over every season in the saving of injury to trees and vines and damage to growing fruit, which always occurs from the use of ordinary whiffletrees and traces. One of the handiest of farm equipments.

We have hundreds of testimonials from every State, like the following:

Charlotte, N. Y., Dec. 6th, 1902.

B. F. BAKER COMPANY, Burnt Hills, N. Y.:

Gentlemen, - In reply to yours of the 2nd inst., I would say that the harness I bought of you this year gave splendid satisfaction. I think it paid for itself in one day's work in a five acre block of peach trees I have that are headed very low. I have over sixty acres of orchard and I have used it a great deal this summer, with a great saving to men, horses, harness and tree. Wishing you success, I remain, sincerely yours, FRANK E. YARKER.
