

is at 15 Yoko Daikan-Cho, Nagoya, and was begun by the Rev. Cooper Robinson when Secretary of the Nagoya Earthquake Relief Fund. He says in the first report, "my work among the sufferers from the terrible earthquake convinced me that permanent homes for two classes, viz. orphans and aged people must be furnished. One case, for instance, was that of a very aged widow whose shelter was only a hut the size of a *tatami*, 3x6 ft., no relations left to help her; in January, 1892 a house was found and the Home begun with three aged and helpless women as inmates. The Home now contains nine little boys and a number of very aged men and women. Besides daily religious instruction all but the smallest boys attend Sunday School and two services each Sunday; they all seem to enjoy the walk and the services. The Yoro-In has received from the first the interest and support of Bishops Bickersteth, McKim and Evington. Several Sunday Schools in Canada have kindly undertaken the annual support of one child; less than two dollars per month will support one little boy, five cents a day pays for the food—principally rice—which they eat. The home is supported entirely by voluntary contributions. Any contributors from Canada should particularly mention whether the money is for an old person, a child, or for the general fund. Mr. Robinson in his report gives a list of Canadian Contributors and also the names of the present inmates of the Home, beginning with "Yoshida Kumihachi," a blind man 86 years of age, ending with "Hashimoto Kanejiro," aged eight years; there are eight women, the first named is "Toukamoto Rys," aged 89, the children are all being taught to get their own living. We congratulate Mr. Robinson most heartily upon his report and on the brave and christian way in which he has begun and carried on this venture of faith.

AUXILIARY NOTES.

The M. C. L. have done good work in providing outfits of clothing for little girls in the North-west, daughters of Missionaries. All Saint's Branch, Toronto, have just completed a full set of clothing, all so prettily made by the members. The Girls Auxiliary of St. Stephen's Church invited the City Branches of the G. A. to their closing meeting; the attendance was large and the interest was very genuine. Nora, a girl in the Gordon school, will have a capital set of clothing made by the members of this Girls Auxiliary. We trust these bright girls, rejoicing in their youth, may keep ever before them the Saviours words "Inasmuch as ye have done it unto one of these my little ones, ye have done it unto Me," and more, and more realize the privilege of being workers together with Him. Miss Symonds who was with us at the Annual Meeting is now in Winnipeg where her sister Mrs. Mahood lives, and from there goes on to the Sarcce Reserve to again undertake work with Archdeacon and Mrs. Tims. Miss Tims,
