

The King of Country Presses.

The "Triumph" Country Two-Roller Press. NEW SERIES.

The illustration on this page shows our latest improved "Triumph" Press—New Series. It is adapted to printing newspapers, posters, pamphlets, circulars, and all classes of commercial work.

The press is supplied with our Patent Air-Springs, with an automatic throw-off that releases the pressure when the press is stopped, and the pressman can move the bed to and fro without compressing the spring; when the press is started the spring is applied automatically.

Our Patent Hinged Roller Frame permits the form rollers being instantly uncovered for removal or other purpose without unscrewing the sockets. The rollers can be taken out and put back without changing their set. The well fountain is used, being easily regulated and cleaned. It is set high, giving easy access to the form.

The distribution is ample; two three-inch rollers cover a full form.

The bed has four supports while under the impression. This is important, as a clear, even impression can be taken without over-laying the form. The shoes, tracks, and rollers are of hard steel. The gearing is accurately cut, which, together with registering rack and segment, insures perfect register. The fly is balanced, laying the sheet gently on the pile table.

The whole machine is substantially built, simple in construction; can be set up and run by any printer, and will run at a high speed—1,500 an hour is always possible with perfect ease.

It will do all the work of an ordinary printing office, and for newspapers of growing circulation this is the best low-priced press in the world.

This is a very easy running machine and is fitted to run by hand power when desired. The press has tapeless delivery.

Size of Machine, 5. Size of Bed Inside of Bearers, 33 x 47 inches. Size of Form Covered by Two Rollers, 28 x 43 inches.
Prints 6-column quarto. Price, \$1,300, subject to cash discount.
