Grain and Milling.

The new elevator of Chalmers Bros. & Bethune, at Pilot Mound, has been completed.
The building tender for the erection of the farmers' elevator at Morden, has been awarded to Neale & Lowrie, of Winnipeg.
The new grist mill at Elk Creek, B.C., will be in running order in a few days. The building is completed, and the placing of the machinery is about done.

F. Nicol & Son are building a grain elevator at Boissevain, Man. Its capacity will be 25,000 bushels. Boissevain will then have elevator storage for 125,000 bushels.

Henry Arkoll, late of Vancouver, is now on his way to the Orient in the interests of the Ogilvie Milling Co., to open up trade in China and Japan, Mr. Thompson having arranged with him on his recent trip to the coast.

The negotiations between the local committee and Messrs. Benson and George, millers, have been successfully completed so that the flour mill at Indian Head, Assn., which has been idle for four years will without doubt be a "running concern" by 1st December. Mr. Benson left on Saturday night for Winnipeg to make the necessary purchases of repairs.

The board of grain examiners met in Winnipeg on Monday last and fixed the standards for grading this year's crop. The grades fixed are No's 1, 2 and 3 hard; No's 1 and 2 northern; No. 1 white type; No's 1, 2 and 3 regular. The standards for the different grades are all very much better quality than last year, last year's grades having been unusually low. No. 3 hard this year is quite a good milling wheat, and No. 1 regular is also a fairly good wheat.

The Calgary council have three offers before them for the erection of a flour mill, which will come up at the next meeting. The first offer is from Robb & Cowan, of Galt, who will erect a hundred barrel mill, providing Calgary will give an unconditional bonus of \$5,000 to be paid on the completion of mill, a free site, ten years exemption from taxes, right of way along Barclay street for erection of switch, the town to keep the crossings in repair. McKenzie & Dugan, Chicago, offer to erect a two hundred barrel mill for a bonus of \$8,000, exemption from taxes for twenty years and are willing to add oatmeal machinery for \$2,000 extra. W. C. Wells, of Palliser, B. C., offers to build a 150-barrel mill for \$4,000 bonus, ten year's exemption from taxes, and an agreement that the assessment for the next ten years shall not exceed \$8,000.

Exports of Breadstuffs

Breadstreet's says: Exports from United States ports, both coasts (including flour,) for the week ended September 24, equal 4,711,001 bushels, against 3,930,000 bushels in the preceding week, and 4,726,000 bushels the week before. Including Montreal's export (wheat and flour) the total this week amounts to 5,106,004 bushels, as compared with 7,532,360 bushels the preceding week. One year ago the week's total of United States and Canada was 1,155,030 bushels. Two years ago it was 1,350,000 bushels. In 1888 it was 2,614,000 bushels, and in 1887 it was 2,825,000 bushels. For thirteen weeks the exports of wheat and flour from both coasts of the United States equal 55,237,000 bushels. In a like period of 1890 the total (including Montreal) was 24,177,000 bushels. In 1889 it was 24,891,000 bushels, in 1888 29,990,000 bushels, and in 1887 it was 43,112,000 bushels. Exports of rye from Montreal, New York and Baltimore to the European Continent are increasing rapidly, amounting to 763,000 bushels this week, against 635,000 bushels last week and as compared with only 332,000 bushels in the year 1890.
