Drug Reports

Canada.

While there are not many important decided changes in values to note this month, yet the whole tendency of the market is gradually advancing. The higher prices mentioned last month on camphor, sennas, cocaine, oil wintergreen, sassafras, etc., are maintained. Cod Liver Oil, Norway: As the stock of Norway is nearly exhausted, and only inferior goods remain unsold, higher prices for best grades may prevail, as the new catch will not commence until February. Carbolic acid is 5c. lb. higher; the increased price is said to be caused by large quantities being bought up by the English Government for war purposes. Glassware has been advanced by the manufacturers about 10 per cent. on account of increased cost of manufacture; prices may go higher still. Almost any staple in the market to-day is a valuable asset.

Business continues very good, jobbers having nearly all the orders they can fill, and collections are very prompt.

England.

The demand for heavy chemicals has been active during November, but that for drugs somewhat quiet.

Carbolic acid is very high, and the prices will in all probability be maintained if not increased.

Quinine remains unchanged in value. Amongst the articles which have advanced are menthol, thymol, all mercurials, caustic soda, and sulphate of ammonia. The iodides and bromides are steady, and citric acid, chlorate of potash and acetanilide are lower in price. Camphor, both refined and crude, remains firm at former quotations.

The chemical trade has been very active, and manufacturers claim to be about a month behind in filling orders.

Bond's Marking Ink.

This standard preparation, so long and favorably known, is brought to the notice of the Canadian drug trade in this city. There is an undoubted pleasure in selling goods which can always be depended upon, such as this preparation.

Dr. W. E. Hamill, 11 King street West, informs us that he is constantly receiving enquiries from bona fide buyers who wish to purchase good paying drug businesses. Anyone wishing to dispose of his stock can find a purchaser by placing it in his hands.

Druggists

WILL find the Student's Imperial Dictionary the very best one for use in home or dispensary. It is reliable, up-to-date, and authoritative. No other dictionary can be obtained for less than three times its price which contains the latest information in all departments of study and investigation. It is the most satisfactory and most complete working dictionary yet printed.

Handsomely bound in half morocco Price, only \$4.50.
