THE . . . HELIOTERRA

D. A. Maxwell, B.A., LL.B., Inspector for South Essex, says: "Having examined the workings of the Helioterra, I have very much pleasure in expressing my unqualified commendation thereof, and wish that it may be introduced into all the public schools of this province. No other instrument which I am familiar is so well adapted to teaching the action of tides, the moon's phases, the seasons, etc., subjects so difficult for children to understand. The instrument is easily manipulated, and is so cheap that it is within the ability of every school to possess one."

Regular price of instrument, \$6; to introduce it into Canada, without agents, first 1000 to be sold at \$4 with express prepaid. Pamphlet of instruction with each instrument. De-criptive circular free on application. Cash with order, or sent C.O.D. to any address.
