his question, it would know tt was the Protestants of Quebec that demanded the adoption of separate schools and refused to come into confederation, unless they were granted the privilege of separate Protestant schools. The educational clauses of the British North America Act were placed there at the demand of the Protestants of Quebec Go as far as possible 0 0 0 0 0 0 0 0 and not as is falsely asserted, at the demands of the Catholics. They were a concession to the Protestants of Quebec. these safeguards were given, it would only be fair that Catholics should have the same protection accorded them. If there be anything medieval about the educational clauses establishing separate schools, the Protestant minority of Quebec are to blame for it. The Fathers of Confederation may not have been as "enlightened" as the little fellow of the Record, but they had a better sense of EVERYBODY SAYS SO, justice and fair play. We must apologize to our readers for having taken any notice of his vapourings. We would not have done so, had not the Free Presfor purely commercial reasons, given the article in the Record editorial prominence in its columns.

The Chicago Living Age is a religious paper belonging to the Protestant Episcopal church. Here is what it has to say about religion in education:
"If Christendom is to remain Christian

it must be through the training of the young. It is the last and most potent weapon of the adversary to exclude religion and morals from the field of education. . . . Persons who profess a belief in religion should realize before it is too late that the Catholic church takes the proper stand in this matter. Making the educational system utterly secular means the turning out from the schools of thousands of young infidels who will have no respect for religion. What will be the result? Anarchy!"

The government of Manitoba destroyed Catholic schools in 1890, as state schools but retained the Protestant schools at the demand of the Archbishop of Rupert's Land and Dr. King. Now they are about to destroy those Protestant schools and give us a purely secular school system, All this is the result of the injustice done to the Catholics.

LETTER FROM RUBLEE, RIDDELL & CO'S (BISCUIT MANUFACTURERS) HEAD BAKER.

Winnipeg, Sept. 10th, 1894

Messrs. Oavid J. Dyson & Co. Winnipeg

Dear Sirs

I had the pleasure of using your famous White Star Baking Rowder while baking those delicious dough-nuts of mine in the Exhibition grounds this year, and state that it gave universal satisfaction, as a large number of ladies enquired how they were made. I attribute the success of them to your powder and would heartily recommend it to those who want to make a success of their baking.

Yours truly,

W. H. COUNTECK, Brockwile, Ont.

DEAR SIX, Your & Dr. Morse's Indian Root Pills' are the best regulator for the system that humanity can w. Life is as that time-piece: frail and delicate are many of its works.

A tiny particle of foreign substance adheres to the smalest wheel in the works, and what is the results — at first, only a slight difference is perceptible in its time-keeping, but wait you as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human ine—a slight derangement is neglected, it grows and increases, imperceptibly at first, there exactly until what could served.

So it is in duman fre—a singet decaugement is negleued, it grows and increases, imperceptibly at first,
then rapidly, until what could, in the beginning,
have been cured with little tro the beginning in
tatal. To prevent this, I advise all to purify the
system frequently, by the use of Morse's Pilis, and
so preserve v.gor and vitality.

Yours faithfully,
H. F. ATWELLS.

DEAR SIR,—For many years, I have been a first believer in your "Dr. Morse's Indian Root 14lla."

Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from house, and I would not con sider my travelling outfit complete without a box of Morse's Pills.

Yours, &c.,
