

SECTION B: VARIOUS SPECIFIC PROPOSAL

"PREAMBLE

(i) Disarmament

Reaffirming their adherence to the objectives of general and complete disarmament, including the prohibition and elimination of all types of weapons of mass destruction;

(ii) CW

Convinced that the prohibition of the development, production and stockpiling of chemical weapons and their destruction represent a necessary step towards the achievement of general and complete disarmament under effective international control;

(iii) Use

Determined, for the sake of all mankind to exclude completely the possibility of chemical agents being used as weapons; convinced that such use would be repugnant to the conscience of mankind and that no effort should be spared to minimize this risk;

(iv) Peaceful co-operation

Considering that peaceful co-operation among States should strengthen international co-operation in scientific fields, especially in that of chemistry;

Alternative Considering that the achievements in the field of chemistry should be used exclusively for the benefit of mankind

(v) BW Convention

In conformity with the undertaking contained in the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction, to continue negotiations in good faith with a view to reaching early agreement on effective measures for the prohibition of the development, production and stockpiling of chemical weapons and on their destruction;

(vi) 1925 Protocol

Recognizing the important significance of the Geneva Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases and of Bacteriological Methods of Warfare, signed at Geneva on 17 June 1925 and also of the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction, in force since 26 March 1975, and calling upon all States to comply strictly with the said agreements;
