

IV. CHEMICAL WEAPONS

1. The provisions of this article and its Annex shall apply to any and all chemical weapons under the jurisdiction or control of a State Party, regardless of location, including those on the territory of another State.
2. Each State Party, within 30 days after the Convention enters into force for it, shall submit a declaration which:
 - (a) specifies the precise location, aggregate quantity and detailed inventory of any chemical weapons under its jurisdiction or control;
 - (b) reports any chemical weapons on its territory under the jurisdiction or control of others, including a State not Party to this Convention;
 - (c) specifies any transfer or receipt by the State Party of any chemical weapons since [1 January 1946] [26 March 1975] or any transfer of control by that State Party of such weapons; and
 - (d) provides its general plan for destruction of its chemical weapons.
3. Each State Party shall, immediately after the declaration under paragraph 2 of this Article has been submitted, provide access to its chemical weapons for the purpose of systematic international on-site verification of the declaration through on-site inspection. Thereafter, each State Party shall ensure, through access to its chemical weapons for the purpose of systematic international on-site verification and through on-site inspection and continuous monitoring with on-site instruments, that the chemical weapons are not removed except to a destruction facility.
4. Each State Party shall submit detailed plans for the destruction of chemical weapons not later than six months before each destruction period begins. The detailed plans shall encompass all stocks to be destroyed during the next coming period, and shall include the precise location and the detailed composition of the chemical weapons which are subject to destruction during that period.
5. Each State Party shall:
 - (a) destroy all chemical weapons pursuant to the Order specified in the Annex to Article IV, beginning not later than 12 months and finishing not later than 10 years after the Convention enters into force for it;
 - (b) provide information annually regarding the implementation of its plans for destruction of chemical weapons; and
 - (c) certify, not later than 30 days after the destruction process has been completed, that all chemical weapons have been destroyed.
