

(c) non-rotational employees from BCB should contact Jacques Proulx/APSO (996-8434).

I am very sensitive to the apprehension that comes with change and to the effect these changes will have on many of you. Every effort will be made by this Department and the other organizations involved to ensure that this transfer of programs and people is carried out equitably and with a minimum of disruption for both the people and programs involved. The particular interests of individuals affected will be taken into account to the greatest degree possible.

Yours sincerely,

J.R. Morden
