PRIVATE DEBT

*Question No. 301—Mr. Carter:*

1. For each of the years 1929, 1939, 1949 and 1959, either calendar or fiscal, what was the total private debt of Canadians under the following headings (a) borrowings by industrial and commercial enterprises; (b) mortgages; (c) consumer instalment purchases?

2. What was the estimated total interest paid on the above?

3. What was the average rate of interest on business and commercial loans for each of the following years 1929, 1939, 1949, 1959?

*Answer by: Hon. Donald M. Fleming (Minister of Finance):*

1. (a) Information not available.
- (b) Information not available.
- (c) 1929, Information not available. 1939, Information not available, 1949, (December)—\$582 million. 1959, (September)—\$2,076 million. (These figures show total credit and loans extended to consumers by finance companies and retail dealers, but do not include bank personal loans since the latter may or may not be used to finance consumer goods.)
2. Information not available.
3. Information not available.
