

You will be interested to hear of our new exhibit for Wembley. We have arranged for a special booth and we are sending a large color panorama of the University - 10 X 4 ft. We expect to be shipping this shortly.

I have not yet heard what disposal you have made of the pictures but I am leaving this entirely to yourself. I think the authority you already have is quite enough to enable you to get possession of them, but if not just let us know.

Yours faithfully,

Wilfrid Bovey.
