

9 yrs. of misery! Sometimes memories of the beauties of the Rhine, your kind Hospitality etc., and the sentiment of being with the Canadian Corps. to the end are ample compensation - at other times, I wonder if anything could possibly be worth such a price!

Wishing you all the success at McGill you had in France, and hoping that you still visit the Hospitals sometimes, and find your way to Room 17.

Yours sincerely  
Margaret J. Wood-  
A.S.

Sean C. G. Martin and Dr Sutherland also at McGill are making me very comfortable here.
