

NOTES ON MANGANESE IN CANADA.

H. P. BRUMELL, Ottawa.

Assistant, Division of Mineral Statistics and Mines Geological Survey
of Canada.

(Communicated by permission of the Director.)

In preparing the following brief sketch of the various important deposits of manganese in Canada, I have embodied the greater part of the article on that substance which I prepared for the annual report of the division of Mineral Statistics and Mines for 1890.*

That the industry has not attained greater commercial prominence is due rather to its distance from market than to any insufficiency of supply; this applies, however, more especially to
