

Pacing Three Races Require 15 Heats at Dufferin

EXCELLENT RACING ON SECOND DAY DUFFERIN DRIVING CLUB MEETING

Herman Wenger in Five Heats, Rouse's Point Bay in Six, and Marda in Four Prove the Winners of Pacing Events.

The attendance at Dufferin Park yesterday was exceptionally good, considering the weather outlook, and there were quite a number of spectators who were treated to some racing that will live in their memories for a long time. No better racing was ever seen on any circuit, with the exception of the first heat in the 2:10 pace, when the drivers were fairly evenly matched and consequently the time was slow. The judges were well satisfied with the heat and declared all bets off.

For the first race the 2:10 pace there was an original entry of six, but only four answered the bell. Mansfield (2:05 1/2), Herman Wenger (2:13), Major Hunter (2:13 1/2), and Minnie Hal (2:14). With very little scoring they were given the word and Major Hunter beat the pole by the eighth was reached, with Minnie Hal in second place, Herman Wenger and Mansfield, both at the tail end. They raced this way to the three-quarter mile, when Minnie Hal moved up, and he was a stretch drive for first place. Minnie Hal getting the decision, Major Hunter second, Mansfield third and Herman Wenger fourth. The time, 2:16. Herman Wenger won the two final heats with apparent ease in 2:19 and 2:18.

The second heat was a decided change. Mansfield went to the front and was never in trouble, winning the heat easily with Herman Wenger second. Time 2:16. The third heat was a battle from wire to wire between Mansfield and Herman Wenger, the latter getting the decision by an eyelash. Time 2:16. Herman Wenger won the two final heats with apparent ease in 2:19 and 2:18.

The fourth heat Rouse's Point Bay caught Little Alfred tiring and beat him thru the stretch, winning the heat in 2:20. He also won the two following heats and races in 2:20 and 2:21, respectively.

The third race was the 2:15 pace class with six starters and required four heats. Marda, from John Flemming's barn, proved the winner after Berlin Belle had won the first heat.

There was fifteen heats in the three races and every heat brought out front wire to wire except the first one.

The club's meeting will end today with three good races on the program, and the entries in them all are large.

The 2:15 pace will be a good race. A number of new horses as well as some that started first day will be in. The 2:18 pace, which will be in all probability the most exciting of the meetings will feature Margot Leonard, a great favorite with the Toronto public, from her very consistent performance in the past. Aid Sam McBride's god mare Lissa Vale; Lucy Van from William Eaton; Del; Wolgast from Kalamazoo, Mich.; and Wilkes from Al Collins's barn. Bernalgo in John Mead's string. These should prove the attraction of the meeting.

Summary. FIRST RACE—2:10 pace, purse \$400—Herman Wenger, bit. 2:16.

Visited the O.J.C. President

Edmund Haines, the well-known horse buyer, returned yesterday from a visit to Waterloo, where he found Mr. Seagram in fair health and rare spirits. The president seemed fairly well satisfied with the success of his horses at Woodbine, the only one first but many seconds and thirds placed him well up in the list of winning owners. Friends of the Waterloo stable would like to see Mr. Haines make another purchasing trip abroad, and the nothing definite has been decided upon, they are thinking the matter over.

CHICAGO EXPECTS TO LIET TROPHY

New Challenger, Valiant, a Marvel in Light Wind—Trimming Home Wins. CHICAGO, June 4.—It looks as if the Valiant, the new boat built for the Canadian syndicate, will be the craft to go to Canada next August after the international trophy which the Canadians won here two years ago with the Patricia. They took three races out of four against the American defender, Michigan, thru superior sailing ability. The Canadians believe they do not have to have as good a boat as the Americans. Here we think that this year they have not. And, furthermore, their crew will not be so superior to the men who will handle the Chicago boat. Two years ago the locals had practically no practice with the defender, but it was kept in the east until the latter part of June, and then when it came out here only a matter of days before the start. Skippers were changed in the middle of the series and the boat could not show the best it will have every bit as good a boat as the Americans. This year it is different. The Valiant has some top opposition in its class and the crew aboard it will have every bit as much practice as the Canadians are getting. There is a good fleet of old class boats at Toronto, and also the new Skipper Price ought to bring back the international cup.

TORONTO AND NATIONALS.

There ought to be a record-breaking crowd at Scarborough Beach on Saturday afternoon when the Nationals and the Toronto meet for the first time of the season. Not in recent years has a lacrosse game in this city attracted so much interest among the followers of Canada's national sport, for it is figured everywhere that the fight for the championship ship is likely to be between these teams. Toronto have downed Quebec twice, and Nationals have beaten Tecumseths twice, and now the winners clash. Those who saw the game on the Island last Saturday were not so much impressed with the French team after the second quarter. Although individually the men were all stars, and were led by Neway Lalonde, the man who first made the Nationals a great team, they seemed to fade away toward the close of the game, and on last Saturday's form would be beaten by every team. However, it might be said of Lalonde, as it was said of Cleopatra, that his "infinite variety" is one of his most wonderful gifts. He will play not only a different game, but a different kind of game against the Toronto, an open, fast passing, swift running game, with each home out in the first quarter to win up a score. Toronto defence is not as strong as in previous years, but with Gibbons in the net, and Almasa at point, it will be a close margin, and then there is the wonderful field to back up and save a critical situation, and one of the fastest horses that ever stepped on a field. The tickets for the game are now on sale at the Bell Telephone Exchange, 146 Yonge street.

More 'Drome Thrills.

The all-features race meet which was arranged to be run off at the Motor-drome, Greenwood avenue, on the King's Birthday, will be staged on the steep saucer on Saturday night. The program includes five auto and five motorcycle events, with the ten star drivers starting in each. The Highlanders Band will also render a concert between thrills.

RACING YACHTS GETTING READY

Fourth Shamrock Launched at Portsmouth and Looks the Part.

PORTSMOUTH, Eng., June 4.—Altho Shamrock IV, made no attempt at racing today, she showed some fine turns of speed in a flital breeze. The two Shamrocks are to be measured under American rules before they race in order to determine the time allowance the challenger will have to give to the older boat. Shamrock IV, the hugeness of whose forestal automobils the spectators proved very responsive to Helmsman Burton. She stood up well in the gusts and made progress in the light breeze, which encouraged those who have claimed that the challenger would prove especially fast in light to moderate winds. The mainmast of the challenger is enormous with a tremendous hoist and a boom projecting some 15 feet over the taffrail. The great forestal had the boom set about the foot of the mast. The jockeyward was correspondingly big with the yard projecting about 13 feet above the taceel. When moving at her fastest the challenger drew hardly any quarter wave while there was just a feather of foam at her bows.

WALK-OVER FOR RESOLUTE.

GLEN COVE, L.I., June 4.—The loss of a man overboard and difficulty in recovering him, caused Vanite to retire from today's race with Resolute less than thirty minutes after the boats had crossed the starting line. With her first out of it, Resolute rounded the first windward mark, then swept back to leeward, a distance of nine miles in all, winning the race and placing two victories out of three to her credit. Vanite got away beautifully in a 30-minute start, but when moving at a mile an hour, then her forestal sail sheet snapped. The situation was hopeless, the craft was withdrawn.

R.C.V.C. DEFENDER.

The new R.C.V.C. boat that is to defend the Yacht Racing Union Trophy is nearly completed at Oakville. Her dimensions are: Waterline length, 35 ft.; draft over all, 4 1/2 ft.; displacement, 5,000 lbs.; sail area, 1,686 sq. ft. Capt. Jas. Andrew of Oakville, in of course, her builder. The trophy was won by Patricia at Chicago in 1912, and Chicago is competing for it. The R.C.V.C. defender is being provided by a syndicate on the subscription plan. She is almost ready for launching. She looks a lot like Patricia, also designed by George Owen.
