

FRIDAY MORNING

T. EATON CO. LIMITED
Canada's Greatest Store.

A Snap Shot!

No two stores are exactly alike. Every business has got to find out for itself its own possibilities, and youth and age are often together in buying experience at a costly premium. When we began in Toronto nobody knew what it was to sell strictly for cash, to close even reasonably early, or to make sincerity part of store manners. We were very much alone at the beginning, and we've been very much alone ever since. Others are copying this season what we did last, but this business is reorganized every day, and the pace we set is meant to discount constantly our own past. Keeping everlastingly at it is the keynote to this store. First in everything is the enthusiasm of this business.

This list is merely a snap-shot—a suggestive hint of things we sell at prices you like to pay. The full details are at the counters—

THE MUNICIPAL QUESTION.

The electors will be required on the first Monday in January to express an opinion upon several questions which are of vital interest to them. In addition to the momentous question of deciding who shall represent them as Chief Magistrate and aldermen respectively during the ensuing year, they will be asked to give consent to an increase of \$301,000 in the city debt. In recent years the rate of money has not been so high as it is now, and the representative bodies have not been as generous in their support of the city debt as they have been in the past.
