### CALIFORNIA PLAYED OUT.

In 25 Years the Only Gold Fields Worth Talking About Will be in Canada.

A big Bismarckian man, full of explosive force and the pithy humor of a David Harum, was entertaining everyone in the smoking room of the Palmer House last evening. If you asked who he was a dozen men would at once exclaim "That's Henry Johnson, the Hastings millionaire."

No wonder the crowd was being entertained, for Mr. Johnson was telling a glibly told story, a real adventure which he had in the Rockies this summer. "Yes, sir," he went on, "the bear charged like a—ferocious bull, and I had the honor of standing when the rest of the party had run, and giving him both my barrels between the eyes." The listeners applauded, and Mr. Johnson would have gone on, but some one threw doubt on the statement that the bear weighed 400 lbs. and that from the story. Instead, the Hastings millionaire branched off to talk of the gold mines of British Columbia. "California played out," he said, "and in 25 years the only gold fields worth talking about will be in Canada." Mr. Johnson has just returned from a visit to all the mining camps in British Columbia, and ought to know what he is talking about.

The few guards which took place were unable to cope with the rioters and the Hudson police were telegraphed for. The women smashed furniture and window panes, tore the electric wires from the walls and destroyed in all about five hundred dollars' worth of property.

### The Demon Dyspepsia.

In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise eating habits have opened up a doorway for its entrance. And once he enters a man it is difficult to dislodge him. He finds himself so possessed that he knows that a valiant friend to do battle for him with the unseen foe. This society was organized in April, 1898, and its work is the supplying of Bibles and Prayer Books to the poorer missions and Sunday schools of the Dominion, and also to many charitable and public institutions in which even when disseminated service is held there is a great lack of Bibles, Prayer and Hymn Books, as well as of books of instruction and guidance.

Last year over forty-five grants, to the value of over \$300, were made, and as the society is becoming known new grants are being asked. The treasurer's report showed receipts and expenditure to the amount of \$800. An expression of the deep sorrow and sense of loss by the death of Bishop Sullivan, the late resident of the board, was made. With the exception of the Rev. J. Gillespie, in place of Rev. A.
