Calbert was safe on an error of Wright at third. Kuhn leaned on his second three-bagger of the game, scoring Calbert. Kennedy hit to right field for three more bags, scoring Kuhn, and Briger did the needful again by Mifting a sacrifice fly out to the left garden, scoring Kennedy for the last scoring of the game. Aces Smothered Under Avalanche of Hitting Such As Has Been Seldom Witnessed in Past - Neitzke Gets An other Homer-Triple, Homer and Two Two-Bagger Come in One Frame.

Such a massacre! And what a difference a short year makes. After fi innings of pounding distributed through eight London innings, the smoke clear sway with 17 runs crowded into the Tecumsehs' run column against the lo tallied by the once unbeatable Saginaw Aces. There were no high sp to that game-nothing but the music of wood against the horsehide, and if n making for airtight, spell-binding, baseball, the pastime certainly warmed up chilled crowd in weather more suited to rugby than the national pastime. Ever ody had a hand in the bee that brought in 13 earned runs out of 17 amass the London siuggers, and while Saginaw had 3 errors chalked up, nothi but pure slugging is to blame for what happened yesterday.

The whole business started in the second inning. Right early the Te

started in to overcome a little counter Saginaw had slipped accross in the fi canto. This looked awfully big at the time. Pike had come across with it after the had been walked, been advanced to second, got to third on a wild pitch, a then scored when Briger failed to get him at the plate as he came in on a sac fice fly. As was said before, the second started it and if the sky were the lir for a game's lenght, this Wetzel bunch would have been hitting them in Ma

Big Joe Briger took a hitch on his belt and leaned on one of Freeman's slants for a circuit drive right to right field. He was shush-ed at third. brought Weinike in with the fourth counter, and Pitt himself was out stealing. So much for that.

In their half of the third, the Tecs came back on Freeman's offerings again. Calbert sent one of the nicest hits of the game right clean at the centre field fence. Mr. Kuhn stepped against the second one pitched for a repeat on the three bags, scoring Calbert. Kennedy beat out a bunt, and Briger obliged with a single, scoring the rangy first-sacker. Neitzke got a bit too far under one and flied out, and Joe lumbered down to second for a stolen base. He stayed there, as Dowling struck out and Weinike bunted out. Kuhn's three-bagger looked like a homer until the ball brought up the first was hit where he's well protected, and Kuhn singled to left, scoring Shay. Kennedy took a page, and before the mix-up was cleared, Kuhn and Calbert had romped atken a slide into McDaniels, who bagger, and before the mix-up was cleared, Kuhn and Calbert had romped atken a slide into McDaniels, who bagger, and before the mix-up was cleared, Kuhn and Calbert had romped atken a slide into McDaniels, who bear to first right off. Pittinger's grounder brought Weinike in with the fourth coming in from third, and McDahlels threatened to do worse, for Weinike showed signs of wildness. He passed Weinberg, allowed Lipps to grab off a single and passed Wright. Vitt singled and Weinberg scored. Harriston High Gets Honor of First Entry in

veyed-Records Will Stand.

The curtain was raised on the last lap of the Western Ontario inter-scholastic championships, to be held here on May 24, when Secretary Mel Brock of Western University received the first entry 1 blank from one of the competing schools. To Harrison high school goes the honor of having their six athletes to commence the numbers, and each mail will bring in the names of the lads who are to perform here on the holiday. Entries do not have to be in until the 17th, so the schools are taking advantage of the good weather to hold local trials, so that their representatives will be the best that the school can turn out. The reports coming in from the various towns show that in many cases not only the boards of education but the citizens themselves are taking a keen interest in the boys, and doing so in a tangible way, so that their lads will have a hard, fast track on which to work.

A special line will be laid around the track about two feet out from the pole, so that the surveyor can turn in a true record of the distances, and the records made will stand. With Harriston, which is 70 miles from London. Work was started on the track today, and unless Jupiter Pluvius takes a hand around the 24th, the boys will have a hard, fast track on which to work.
