HOSPITAL GOVERNORS TO HANDLE FEVER CASES

Tents Will Be Erected—Board of Health Declined to Attend Conference.

HAMILTON, Sept. 21.—(Special.)—The old strife between the board of health and hospital governors, as to which should control the fever isolation hospital, has broken out afresh. The board of health got permission to use the Holland A. White house on the mountain brow for the accommodation of the scarlet fever cases. The mayor and aldermen expressed the view that the hospital governors should have charge, and to settle the dispute a joint meeting of the board of health governors and finance committee was called for this afternoon at 4 o'clock. The members of the board of health declined to attend and the finance committee asked the governors to take charge of the fever cases and they were given a free hand to deal with them as they saw fit. Instead of using the White house, it is possible that tents will be erected on the city hospital grounds. It was suggested that two houses on Euclid-avenue might be used, but Aid. Cooper said he would get out an injunction if anything of the kind were attempted.

The committee appointed to draft a by-law to stop the smoke nuisance had a session this afternoon, but declined to take no action until they had full information on the subject.

Prisoner Assaults Witness.
There was a sensational episode at the county court this morning when David Irvine was found guilty by Judge Monck of assaulting a witness, attempting with Mark Tompkins to rob Fred Porteous. As Irvine was being led out of the court-room, with one of his arms shackled to an officer, he used his free arm to strike J. H. Robinson, proprietor of the Dominion Hotel, one of the witnesses against him, a vicious blow. Robinson kicked him, and they were beginning a lively fight when the crown witness, Mark Tompkins was sent down for ten years for his part in the affair. The police called to be not on the trail of the third man implicated, Oscar F. Cooke, Tapscott, was ordered a decision by Bishop DuMoulin this morning.

Some of the residents of Barton Township are kicking because the rate of taxation has been increased from 21 cents to 28 cents on the \$100. It is said the reason for the increase is that the

READS AND SEWS AT 98.

Winsted, Conn.—Her mind still bright and eyesight unimpaired, Mrs. Emeline Kellogg celebrated her 98th birthday recently. Aside from being a little deaf, Mrs. Kellogg is as well as she was half a century ago. Most of her time is spent in reading and sewing. Old age should be a happy, healthy age. We all could grow old gracefully and probably live to be a hundred, did we jealously guard our most valuable possession—our health—in youth and middle age.

At the first sign of Constipation, Biliousness, Indigestion, Kidney, Stomach, or Spleen Troubles, "Fruit-a-tives" should be taken. "Fruit-a-tives," or fruit juice tablets, not only cure the specific trouble, but also so strengthen and invigorate the entire system that there is a marked improvement in the general health.

A little care and "Fruit-a-tives," taken regularly, are all that is needed to bring most of us to a ripe old age. 50c a box—6 for \$2.50—or trial box, 25c. At dealers or from Fruit-a-tives, Limited, Ottawa.

DAY STREET SITE SOLD TO AEMILIUS JARVIS CO.

London and Canadian Loan Building and Old Hospital Go For \$190,000.

Sidney Small, real estate broker, yesterday put thru the sale of the building of the London and Canadian Loan and Agency Co., at 99 to 105 Bay-street, north of King, and the property south of it, which was for years used as an Emergency Hospital. The price paid was \$190,000, and the purchaser Aemilius Jarvis & Co.

The two properties have a frontage of 58 feet and an irregular depth, one portion going back 153 feet and the other 105 feet. The office building property is assessed as 47 feet by 104, at the rate of \$750 a foot, making a land assessment of \$35,250. The building is assessed at \$55,000, making a total of \$90,250, while the other piece has a frontage of 42 feet and a depth of 153 feet being assessed as 43 by 123, at the rate of \$750 a foot, making a land assessment of \$32,250, plus \$5,000 assessment on the building.

Until about a month ago the office building was the headquarters of the London and Canadian Loan and Agency Co., whose lease expired this year and who entered into somewhat lengthy litigation with the Rogers estate, the owners of the land, as to what price should be paid the loan company for the building.

It is the intention of Aemilius Jarvis & Co. to modernize the office building and locate their offices there.

GOVERNOR JOHNSON DEAD MINNESOTA MOURNING

Three Times Elected to Highest Office in His Native State and a Presidential Possibility.

ROCHESTER, Minn., Sept. 21.—Governor John A. Johnson, three times elected governor of Minnesota, a candidate for the Democratic nomination for president in 1908, and looked upon by many as the country's most probable Democratic national standard bearer in 1912, died at St. Mary's Hospital at 3:25 o'clock this morning.

His last words were to his wife: "Well, Nora, I guess I'm going; we have made a brave fight."

John A. Johnson was the first native Minnesotan to be chosen governor of the state, and of that distinction he

was a maximum schedule of freight rates, a two cent passenger fare law, abolition of railway passes and franks, a reciprocal demerit law, permanent tax commutation which in less than a year increased the assessment of iron properties by \$112,000,000, and uniform life insurance laws.

The New Governor
ST. PAUL, Minn., Sept. 21.—Adolph O. Eberhart was sworn in as governor of the State of Minnesota today by Chief Justice Start of the supreme court. According to the constitution, the lieutenant-governor becomes governor immediately following the death of Gov. Johnson. Adolph O. Eberhart was born in Sweden, 38 years ago, but came to Minnesota in 1881. He first served in the legislature, and afterwards took up the study of law and soon built up a large practice. In 1908 and 1909 he was elected to the state senate. In 1906 he was elected lieutenant-governor and was re-elected in 1908. Mr. Eberhart's name originally was Olson. Because Mankato, where he formerly lived, there were half a dozen or more Adolph Olsons, the future state official, when he was married obtained from the court permission to take the name of his wife.

He was born near St. Peters, Minn., 48 years ago, of Swedish parents. In his early days he had a very hard road to hoe, his father, who was a Swede, well connected, becoming a worthless drunkard, leaving the boy to help care for his hardworking mother and sisters.

While the future governor, who was born in 1861, was at school his mother supported herself and her family by taking in washing. On reaching the age of 14, the boy obtained a situation and insisted on his mother abandoning the wash tub. Thence forward he maintained her and the family by his own exertions, later taking to journalism and becoming a member of the Minnesota bar.

His Political Career
His first venture in politics resulted in a defeat for state senator in 1894. After he had married Miss Eleanor M. Preston, a teacher. In 1898 he was again nominated by the Democrats for the senate and was elected. In 1904 he was nominated for governor by the Democratic state convention and was re-elected. When it was proposed to nominate him for a third time, the governor declared he would not be a candidate, but he was unanimously renominated and was again elected by a large majority.

Governor Johnson for the last few years was in demand as a speaker at political gatherings and chateaux assemblies. Only a few weeks ago he made a tour of the Canadian west in company of Governor Hughes of New York.

CONFERENCE ON MISSION

Good Work Done in China by Native Evangelists.
Yesterday evening's session of the Victoria University Theological Conference, held in the chapel of the college, was devoted to the subject of missions.

Rev. J. L. Stewart, B.A., D.D., spoke of the good work done in West China by four native evangelists, a merchant, a doctor, a lawyer, and the son of a minor official. The tendency in China to-day, he said, was to exalt Confucianism to a position it had never held before as supreme among the religions of the empire. Christianity, however, was the true hope of unification of the Chinese empire along religious lines.

Rev. T. E. Shaw, M.A., D.D., gave an address on "The place and value of education in the mission field."

At the morning session addresses on the Christian minister were delivered by Rev. D. W. Slader and Rev. Dr. Elliott.

"The preacher," said the latter, "should not be up to give a fifteen minute talk which the people will endure merely because of the fine music which is to follow."

At meetings of the congregations of St. George's and St. Margaret's Anglican churches, the principle of amalgamation of the parishes, which has been under consideration for some time, was definitely approved.

Canon Cayley, the rector of St. George's, will probably be rector of the combined parishes, with Rev. R. J. Moore, of St. Margaret's, as vicar.

Sues Mobley has issued a writ against the Toronto and York Radial Railway Company for \$5000 damages for injury received by being struck by a car of the company on Oct. 13 last.

ASKED FOR DRINK; IS FINED.
CHATHAM, Sept. 21.—Augustus Carter was fined \$30 for asking for a drink while on the Indian list. He did get it, but was fined for trying to drink other Indian lists were fined this morning. The list now numbers 135 names.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be the causes (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what is absolutely essential in all such cases is increased vitality—vigour.
