Nationalist is Angered by Efforts of Bishop to Raise Recruits

At the Shipmasters' Association convention, which opened at the Carls-Rite Hotel yesterday, the oldest living shipmaster on the lakes was in attendance in the person of Captain Holmes of Cleveland. Frpm 1850 he has been engaged in the merchant trade on the lakes until 1906, when he retired from active life. He obtained his master's certificate in 1865 and QUEBEC, Jan. 25.—Armand Lavergne, M.L.A., gave his idea on the duty of Cahaddan bishops in this war at the session of the legislature.

J. M. Tellier had repeated that Mr. Lavergne in a previous speech said that a certain high ecclesiastical dignatury, whom everybody recognized as the Archibishop of Montreal, was encouraging recruiting because he had not received the red cap from the Pope. Mr. Lavergne then said:

"It is not for bishops to say what we are to do regarding the wars of the empire. I take my dogmas from the church, but regarding my politics, the bishops and even the Pope cannot tell me what opinions I am to hold regarding the wars of the empire."

The Rowell One Hundred

Taking advantage of Ontario wher engaged in war with Germany, the Rowell One Hundred are trying in effect to destroy millions of worth of property involved in the li-quor trade and to throw thousands of workers out of employment and to dis-able those engaged in it from paying their debts. The liquor trade is as old as the Province of Ontario, and has improved under legislation until it has reached the perfect regulation now seen in the Hotel Teck.

It was decided to hold another meeting at an early date when an association under a new title would

KNOWLES WAS ELECTED

Reeve of Aurora Chosen to Fill Highest Position in Gift of Council.

With practically no discussion and

with a spirit of unanimity never before eqQualed, the York County Council yes terday in session granted to the Toronto and York Patriotic Fund and Red Cross Society the sum of \$250,000, the full amount agreed upon as between the executives of the joint organizations. Never in the history of the council has so much interest been attached to any inaugural meeting and the result, when shown by a standing vote, was the signal for a

manner in which the amount voted will be raised over the county, the adoption of the principle that the full amoun asked for would be contributed being the chief point urged by Sir William Mulock and E. R. Wood, representing the patriotic society. Practically every municipality from York to Georgina on the north, and from Scarboro to Minico on the east and west, has already adopted resolutions favoring the imposition of a levy as against voluntary contribution. The question will be dealt with at today's session of the county council.

council.

Covered With Glory.

"The County of York has covered itself with honor and I was never so proud of being a taxpayer in the Township of King as today." declared Sir William Mulock. "The action of this council will have a stimulating effect on the city campaign and over the Dominion. It represents infinitely more than the money involved and will bring big interest."

The new warden is about 50 years of age and a successful business man in Aurora, where he has resided practically all his life. The other candidates nominated were Charles Willoughby reeve of Gwillimbury; J. G. Cornell, reeve of Scarboro, and Jonathan Nigh, ex-warden.

reeve of Scarboro, and Jonathan Nighex-warden.

Committees Chosen.

The keenest interest centred around the selection of the men who will appoint the standing committees for the year, the following being chosen: Messrs. Keith, Silverthorne, Cornell, Pugsley, Spaulding, Ramsden and Wells.

In addition to the raising of the grant to the patriotic fund the York County Council will at this session be called upon to establish a good roads system in North York along the lines of that now adopted in the southern part of the county. An extension of the present system in the southern part is also contemplated and at 2 o'clock this afternoon Sir William Mulock, Mayor Church and Controller Foster will address the county council regarding the question of joint action along this line.

WOODBRIDGE SOCIETY HAD SPLENDID YEAR

Directors Donated Balance Thousand Dollars to Patriotic Fund.

The financial statement submitted at the annual meeting of the Woodbridge most satisfactory ever placed before the most satisfactory ever placed before the directors. The total receipts were ahead of any previous year, and a gratifying feature of the year's operations was that the directors were able to donate \$1000, the total amount realized over and above the actual running expenses to the Red Cross and patriotic funds. The officers elected for the ensuing year are: President, Robert K. Johnston, Nashville; first vice-president, John T. Saigeon, Maple; second vice-president. S. McClure; treasurer, Ed. Brown of Woodbridge, and secretary, C. L. Wallece. All the old board of directors were re-elected.

It was decided to donate three prizes of

money involved and will bring big interest."

Another thing the council did yesterday at their inaugural meeting was to elect their warden for the year, the honor falling upon William J. Knowles, who for the past eight or ten years has occupied the position of reeve of the town of Aurora. The only serious competitor was C. Leonard Wallace, reeve of Woodbridge, one of the rising young members of the council, who for three years has been chief magistrate of the town. The vote cast was 21 to 13 in favor of Mr. Knowles.

That the vote was a strictly non-political one is shown by the fact that while Mr. Knowles is a Liberal, the political complexion of the county council this year is overwhelmingly Conservative.
