THE UNIVERSITY OF HALIFAX, THE UNIVERSITY OF  
MANITOBA, AND RECOGNIZED BY THE SEVERAL  
ROYAL COLLEGES OF PHYSICIANS AND  
SURGEONS IN GREAT BRITAIN.

---

The Winter Session of 1881-82, will begin on Monday, the 3rd day of October next, and will continue for six months. The opening lecture of the course will be delivered at 4 o'clock, p.m., on that day, in the large Lecture Theatre of the School. The regular work of the School begins on the following day (Tuesday), at 8 a.m., precisely. It is hoped that, in view of their own interests, students will, as far as practicable, be in attendance at the opening lecture, so as to ensure their losing none of the early teaching, in the several branches.

It gives the Faculty great pleasure to record the constantly increasing prosperity of the School. The lectures are delivered in the large new College Building, situated in the immediate vicinity of the Toronto General Hospital, thus meeting in the fullest manner, the often expressed wish of medical students, that the lecture rooms, where they are taught the nature of the disease, should be as close as possible to the institution which affords full facilities for the acquisition of a practical knowledge of their profession. Very special attention has been paid to the fitting up of the Lecture and Dissecting Rooms, Laboratories, etc., which are of large size and exceedingly well lighted.

Although it is only a few years since the erection of this commodious building, the attendance at the School has so greatly increased, as to require even more ample accommodation, which has been provided, and the building now gives abundant room for all medical school purposes. The present capacity of the buildings, is such as to give two Lecture Rooms, a new Chemical, and a new Physiological Laboratory, a large new Dissecting Room (lighted from the ceiling), a large Museum, a Reading Room, and a Waiting Room for Students. The Faculty of Trinity Medical School continues to
