

Gov't Plans for Better Roads

Permanent Highways Bill Passed After Prolonged Discussion—Increased Grant for Sanatorium

Fredericton, May 31.—There was no evidence of any desire on the part of the opposition to expedite public business today. Their tactics were rather of the filibuster—talking much about little and quibbling about terms. The word "permanent" with respect to roads in connection with the funding of the automobile licenses to create a fund for permanent improvements gave them much concern.

In reply to Mr. Smith (Carleton), Hon. Mr. Veniot explained what was meant by the term "permanent" and outlined the government policy. He was followed by Mr. Tilley, Hon. Mr. Baxter, Mr. McGrath, Mr. Guphill, Mr. Magee, Mr. Veneau, Mr. Twiss, Mr. Peck, Mr. Sutton, Mr. Melanson, Hon. Mr. Robinson and others before intermission was taken at six o'clock.

If the words of the act had said "improved" instead of "permanent" there would doubtless have been the same objection.

B. Frank Smith, when minister of public works, used the term "special improvements" and proposed to bond \$150,000 which was spent in this way. This was in reality nothing more than ordinary road machine work and skirting which have always in the past been paid out of ordinary revenue.

Hon. Messrs. Veniot and Robinson showed this up conclusively today and this evening and Mr. Smith certainly had some warm comments upon the administration of his department. Smith during the afternoon had denied that he had classified any roads and Hon. Mr. Veniot produced the accounts which Mr. Smith had so classified.

There certainly was a field day with roads and politics mixed up, and at a late hour the opposition gave up the fight not as gracefully as they might have, however, for even after Mr. Murray had accepted the bill, B. Frank Smith, smarting under Veniot's castigation, tried to justify himself, and Major Tilley said too much time had been taken up altogether discussing the bill which was a good measure. He even predicted that the debate of today would shorten the budget speeches.

After the road bill had passed, the premier rushed business along to make up for lost time.

(Official report.)

The house met at 8 o'clock. Mr. King, on behalf of Mr. Burchill, presented the report of the committee on standing orders.

Mr. Potts introduced a bill to amend the act incorporating the St. John River Hydro-Electric Company.

Mr. Michaud introduced a bill to authorize the town of Edmundston to issue debentures for sewerage purposes.

The house went into committee, Mr. Legere (Westmorland) in the chair, and agreed to the bill to amend the succession duties act.

The bill relating to the establishment of permanent highways was then taken up.

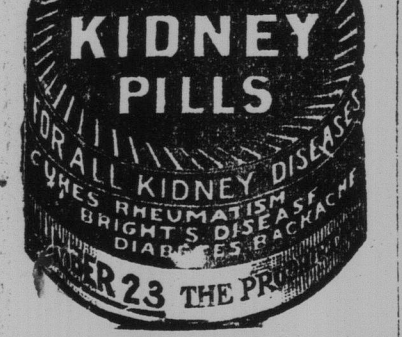

The debate was continued by Hon. Mr. Veniot, Mr. Baxter, Mr. Potts, Hon. Mr. Porter, Mr. Murray, Mr. Smith and Mr. Tilley, after which the bill was agreed to. The committee also agreed to bills relating to boat companies.

On the bill to confirm assessments for the Canadian Patriotic Fund progress was reported on motion of Hon. Mr. Dugal.

A bill to provide for the refunding of provincial and municipal taxes was agreed to with an amendment striking out the section which exempted succession duties.

A bill to provide for the funding of certain expenses in connection with the Jordan Sanatorium was agreed to after amendments increasing the amount from \$11,000 to \$15,000 had been made.

City Eye Specialists Tell How To Strengthen Eyesight 50% In a Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Boston, Mass.—Victims of eye strain and other eye weaknesses, and those who wear glasses will be glad to know that Doctors and Eye Specialists now agree there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored and many who once wore glasses say they have thrown them away. One man says, after using it: "It was almost blind. I could not read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would burn dreadfully. Now they feel fine all the time. It was like a miracle to me. A lady who used it says: 'The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days my vision was clear. I can read even the print without glasses.' Another who used it says: 'I was bothered with eye strain caused by overworked, tired eyes which induced fierce headaches. I wore worn glasses for several years, both for distance and work, and without them could not read my own name on an envelope or the typewriting on the letter before me. I can do both now, have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me.'"

It is believed that thousands who wear glasses can now discard them in a reasonable time, and many more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses.

Dr. Beck, an eye specialist of nearly twenty years practice, says: "A patient came to me who was suffering from Biepharitis Marginalis with all the concomitant symptoms, as morning

Baxter's question of privilege regarding the right of the provincial secretary and one of the members for Kent to occupy seats in the house while holding positions of emolument, the gift of the government. He said he could not agree with Mr. Baxter's views, and no good would come of referring it to the committee on privileges.

The house adjourned at 11:45 p.m.

WAS TROUBLED WITH SHORTNESS OF BREATH

When the heart becomes affected, there ensues a feeling of choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, and a weak, sinking, all-gone feeling of oppression and anxiety.

The nerves become unstrung, you dread to be alone, have a horror of society, start at the least noise and are generally fatigued.

On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be taken. They are just what you require at this time. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mrs. C. M. Cormier, Buctouche, N.B., writes: "Since two years ago I was troubled with a shortness of breath, and sometimes I could hardly breathe. I went to see several doctors, and they said it was from my heart and nerves, but they did not seem to do me any good. One day I got one of your B.B.B. Almanacs and read of a case similar to mine."

"I bought a box of Milburn's Heart and Nerve Pills, and after taking it I noticed such a change that I kept on taking them until I had used four more boxes, when I was cured."

Milburn's Heart and Nerve Pills are 50c a box, three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ENTERTAINMENTS

The schoolroom of Queen square Methodist church was filled to capacity last evening when the three-act sketch "An Afternoon in a Friendly Village" was presented by the members of the church in aid of the mission funds.

The entertainment was an excellent one and was much enjoyed. In addition to the sketch a series of living pictures portraying several of the characters was posed for the benefit of the audience. The cast of characters was as follows:

Mrs. Josiah Kelly, Miss Grace Robertson, Mrs. Barlow, Miss Lila Wilson, Mrs. Devere, Miss Elsie Wilson, Mrs. Jeannette Gaudin.

Miss Louise Lingley, Mrs. Skinning, Miss Winifred Dunlap, Mrs. Ann Runt, Miss Edith McLean, Mrs. Lane, Mrs. LeRoy King, Mrs. Meek, Miss Gladys Morrison, Mrs. Bond, Miss Ruth Robertson, Mrs. Hicks, Mrs. Rayworth, Mrs. Vernon, Miss Marguerite Howe, Mrs. Good, Miss Helen Robertson, Mrs. Donnelly, Mrs. Arthur Robertson, Miss George Bush, Mrs. Deacon Sykes, Miss Louise Lingley.

Some splendid musical numbers were heard in the last act of the singing of male quartette, composed of Dr. Wilkes, Harold Vincent, Harold Wilkes and Harry Dunlap, being very good. During the evening eight living pictures representing living characters in the sketch were shown as follows:

Arabella, Miss Nellie McCavour; Josiah and Portia, Mrs. Porter and Mrs. Marjorie Howe; Mrs. Kelly's sisters, Helen Robertson, Jessie Robertson and Dorothy Lowe; Grandmother Higgs, Mrs. John Willett; Mrs. Smith and her son, Mr. John Willett and Master Maxwell Lingley; Brother Jake's wife, Miss Gladys Morrison; Mrs. Kelly's four sons, L. Lingley, J. G. Willett, Harry Dunlap and

Dr. Smith, an outlet of wide experience, says: "I have treated in private practice a number of cases of eye diseases with Bon-Opto and am able to report ultimate recovery in both acute and chronic cases. Mr. B. came to my office suffering with an infected eye. The condition was so serious that an operation for enucleation seemed imperative. Before treatment I prescribed Bon-Opto and in a few days the inflammation, inflammatory symptoms began to subside, and in seven days the eye was cured and retained its normal vision. Another case of extreme conjunctivitis and eye strain was cured by the application of Bon-Opto. By cleaning the lids of secretions and acting as a tonic for the eyeball, itself, the vision is rendered more acute, hence the number of cases of diseased eyes."

Dr. Conner says: "My eyes were in bad condition owing to the severe strain arising from protracted microscopical research work. Bon-Opto used according to directions rendered a surprising service. I found my eyes remarkably strong, and as much so I have put aside my glasses without discomfort. Several of my colleagues have also used it and are agreed as to its results. In a few days, under my observation, the eyes of an astigmatic case were so improved that glasses have been discarded by the patient."

Eye troubles of many descriptions may be cured by the use of Bon-Opto. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly subside. If you ever bother your eyes even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: A city physician to whom the above article was submitted, writes: "Bon-Opto is a remarkable eye remedy. Its constituent ingredients are well known to chemists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or night glasses. I can highly recommend it in case of weak, watery, aching, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, gas, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family. Bon-Opto is not a patent medicine or secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's use in many instances, or refund the money. It is dispensed by all good druggists in this city, including Watson's Drug Store."

The performance was presented under the direction of Miss Bessie Thompson, who had personally instructed the different members of the cast in their parts.

The Fairview Methodist church was the scene of an enjoyable concert under the auspices of the Young People's Society last evening. The proceeds will go towards the funds of the church. Those taking part included Irene Symes, Gordon Stevens, H. M. Stout, Harry Sweet, Eva Taylor, Eleanor Cline, Gladys Goutrey, Blanche McLaughlin, Gladys Tippet, Netta Taylor, Viola Godfrey, Hazel Kelly, Miss M. O'Brien and Gladys Shaw. Rev. Gilbert Earle presided. Following the concert a tableaux was presented showing all the nations grouped around Britannia. The national anthem closed the programme. Much applause greeted the various numbers.

The pupils of Alexandra school gave a concert in the hall of the North End Red Cross. Those taking part were: Miss Greta Trentowsky, Miss E. Currie, Joseph Moore, Mrs. Edwidge, Ellen Porter, Mrs. McEllan, Vera Roberts, Mrs. Gerow, S. C. Hurley, and the operaetta school.

SAYS RUSSIAN MASSES FAVOR ENTENTE CAUSE

Walla Walla, Washington, June 1.—That the masses of the Russian people are unreservedly committed to the cause of the allies and are strongly in favor of continuing the war because they realize that a German victory would mean the loss of all they have gained and the revolution, was a statement made here by G. M. Day, secretary of the international committee of the Y. M. C. A., who for six years has been stationed at Petrograd. He left Russia on April 10.

Barber Cured of Eczema

Generously Tells Others How Cure Was Effected

Toronto, Ont., May 31.—No one is better qualified to judge of treatment for skin troubles than the barber. His customers bothered with hairdressing, itching, pimples and eczema and has his own difficulties in treating these conditions after shaving.

Mr. Lewis learned from a customer about Dr. Chase's Ointment, and when he contracted eczema, applied this treatment with most satisfactory results. He is naturally enthusiastic now in recommending this ointment to any one suffering from similar skin troubles.

Mr. George Lewis, barber, 202 1/2 Wellesley street, Toronto, writes: "I was for some time troubled with Dr. Chase's eruption on the scalp and obtained temporary relief by the use of a tonic. About six months later little blotches broke out on my face and the doctor pronounced the trouble to be eczema. I heard of Dr. Chase's Ointment through a customer who was cured by this treatment after trying many remedies in vain, so I began the use of this Ointment and in a short time the eczema entirely disappeared from my face and scalp. You can imagine my relief. I am as happy as a lark and having a face covered with pimples or blotches was not conducive to good business. I shall take great pleasure in recommending Dr. Chase's Ointment to any customer with facial or other troubles of this nature."

Harold H. Titus, who has been in charge of the military Y. M. C. A. work in the city for several months, has been recommended for overseas Y. M. C. A. He expects to leave for England at an early date.

Wine Commission.

Mr. and Mrs. J. F. Smith, of 288 Lancaster street, West St. John, received word yesterday morning that their son, Staff-Sergeant J. Frank Smith, is now in England and has been awarded a commission as infantry lieutenant. Lieutenant Smith left Canada with the first contingent as staff sergeant, being attached to No. 1 Field Ambulance under the late Major J. L. Duval and he has served continuously at the front ever since the Canadian troops were transferred to France and has been in most of the big battles in which the Canadians have taken part, including the battles of Ypres, Langemarck and the Somme.

Alberta Nominations

Edmonton, May 31.—Formal nominations for forty-three of the total of fifty-eight constituencies to be represented in the next provincial legislature were made throughout Alberta today. Up to the present time, headquarters of neither party here has received word of any acclamations. Of the fifteen other seats, there are eleven members returned by agreement of the legislature by reason of their absence on empire overseas service; two representatives will be nominated and elected by the soldiers, and deferred elections are arranged for Athabasca and Peace River.

The entrance of women electors into Alberta's political arena is manifested in the nominations through the province, which, while bringing out only two women candidates, have seen practically all the credited nomination papers largely endorsed by women voters. It is estimated that the women electors hold the balance of power, and in many constituencies outnumber the male voters to one.

FORESTER RESIGNS

Fredericton, May 31.—Peter Caverhill, head forester, who has been in charge of crown land classification has resigned to the minister of lands and mines. In doing so Mr. Caverhill expressed his keen regret at severing his connection with the department and gave as his reason the fact that the New Brunswick climate was unfavorable to the health of his wife.

M. A. McLeod, editor of the Maritime Farmer, has joined the provincial agricultural staff and will have charge of an important branch of the work. Mr. McLeod has an intimate acquaintance with the needs of the farmer in New Brunswick. No man has been closer to them and his relations with the most advanced agriculturists have always been of the most friendly character.

SEMI-READY CLOTHING

We advertise and commend Semi-ready Clothes not because of a better profit, but because our customers get better service from good clothes like Semi-ready Tailoring.

Regretfully we state that the percentage of profit in a Semi-ready Suit is lower than the average, but our profit averages up in the satisfied customer who comes back again and yet again.

It has always been the custom for high-class makers to get bigger prices and profits—but the Semi-ready Company have secured the largest volume of high-class trade in Canada by insisting that their clothes shall be sold at the label price in the pocket—and at the lowest profit percentage of any clothes sold in Canada.
